Steps and Visions Lutheran Perspectives on Doctrinal Ecumenism *Apocalyptic Phenomenology* Balázs M. Mezei, 2025-11-28 This book provides a detailed view of the author's conception of apocalyptic phenomenology referring to the revelatory and self-disclosing nature of phenomenological thinking a thinking that is central to our philosophical traditions today The concept of apocalyptic phenomenology i e a phenomenological theology that discloses the ultimate ground of being God in the form of divine revelation is original At the same time it is rooted in the phenomenological tradition of Offenbarung revelation revealing as the basic feature of phenomena In the author's view reality is self-disclosing apocalyptic and thus he explains the connections between the original biblical notion of apocalupsis and the important developments of our philosophical traditions leading up to the theological turn of phenomenology The chapters are framed around a focus on newness and engage with the work of key thinkers such as Edmund Husserl Martin Heidegger Paul Ricoeur Hans Urs von Balthasar and Anton Günther Apocalyptic Phenomenology will be of interest to scholars of both theology and philosophy **Phenomenology** Dermot Moran, Lester E. Embree, 2004 This set reprints the essential scholarship published in the field It includes a general introduction by the editors as well as individual volume introductions exploring and contextualising the main themes of the comprehensively covered tradition This is a key point of reference for anyone researching the phenomenological tradition *The Radical Renewal* Norman Birnbaum, 1988 Beyond Tithing Stuart Murray, 2011-12-19 Tithing is biblical but not Christian So asserts Dr Stuart Murray in this radical examination of the contemporary practice of tithing in which the author comes to some surprising conclusions Stuart Murray clearly explains tithing in the Old Testament and in Christian history but then probes further asking penetrating questions such as Is tithing Christian Did Jesus tithe Does tithing function as a regressive tax burdening the poor while the rich get richer Does tithing lead to a legalistic approach that alienates us from Jesus The author suspects that a lot of the current lack of interest in the church stems from deep seated memories of the church as oppressive uncreative and money grabbing In response we should therefore learn not to calculate percentages but explore creative ways of developing communities of justice and generosity that are good news to the poor Beyond Tithing will stimulate your thinking and challenge the dominant influence of the practice of tithing as the model for Christian stewardship **Gleanings and Memoranda** , 1908 **From ACT UP to the WTO** Benjamin Shepard, Ronald Hayduk, 2002-08-17 This anthology offers a history of ACT UP for a new generation of activists and students Divided into five sections it explores the innovative use of civil rights era non violent disobedience media work and race and community building *Innovation Imperative* Göran Marklund, Nicholas S.
