## Raf Buccaneer:

**Buccaneer Boys** Graham Pitchfork, 2013-10-19 The historian and author of *The Sowreys* details the history of the British fighter plane and what life was like for its crews flying missions around the world Twenty four aircrew who flew the iconic aircraft with the Fleet Air Arm the Royal Air Force and the South African Air Force SAAF relate their experiences and affection for the Blackburn Buccaneer *Buccaneer Boys* traces the history of the aircraft and the tasks it fulfilled It also explores the lifestyle of a Buccaneer squadron and the lighthearted side of being a Buccaneer Boy in addition to their professionalism and dedication Author Graham Pitchfork examines the introduction into service followed by the air force s maritime tactics and the deployment of two squadrons to Germany in the overland strike role He details the aircraft s stunning successes at the Red Flag and Maple Flag exercises flown in North America which took the USAF hierarchy by storm and devotes attention to the intensive but little known Bush War operations by 24 SAAF Squadron on the borders of Angola Two USAF exchange officers who flew Buccaneers share their experiences The author then looks at the aircraft s deployment for the Lebanon crisis and the reinforcement exercise to the Falkland Islands He covers the introduction of new air to surface anti ship missiles right before the Buccaneer left to go to war in the Gulf War where it distinguished itself providing precision laser marking for the Tornado force in addition to carrying out its own precision bombing attacks This lavishly illustrated book concludes with accounts of the aircraft s final days in RAF service and some reflections on its impact on maritime and overland air power

*The Buccaneer* Martyn Chorlton, 2021-09-15 A lavishly illustrated tribute to the Blackburn Buccaneer a truly great British piece of engineering

**The Royal Air Force at Home** Ian Watson, 2010-06-19 Military public relations endeavors ultimately seek to build a sense of common interests and aims and so generally foster good relations with the people they defend and there in ensure a stable society The armed forces when engaging on any public relations exercise have traditionally sought to provide an entertaining spectacle For years this has been typified by parades bands mock battles drill displays and other relevant feats of military prowess which have captured the imagination of the public and inspired potential recruits The 20th Century brought a new dimension to the field of warfare and subsequently added a new strand to the fabric of public ceremony and displays by the armed forces That new dimension was the arrival of powered flight Display flying began within five years of the Wright Brothers making their milestone first flight The first events staged in Britain which centered on demonstrations by flying machines were organized by the town councils of Blackpool and Doncaster and were held within days of each other in October 1909 1920 was the year that the first of the famed and legendary Hendon Air Pageants was staged and this is where military air shows traditionally began The Hendon Displays were organized and staged by the still fledgling Royal Air Force and it was probably due in no small part to the prestige and spectacle of this fresh new dimension of military pageantry together with other like events held at RAF airfields through the next two decades that the very existence of the RAF was saved from the threat of abolition The history of the

RAF's commitment one that compares almost uniquely with other air forces toward display flying through the years after World War II has now come of age. This account of their record in this often overlooked but then again traditional field of military customs describes and illustrates the major public RAF events since 1920. *Adventures of a Cold War Fast-Jet Navigator* David Herriot, 2017-10-30. An RAF navigator's lively candid memoir of flying low and living fast during the Cold War years. David Herriot served almost forty years in the Royal Air Force as a navigator first on the Buccaneer S2 and subsequently on the Tornado GR1. This volume recounts his early career operating the Buccaneer on three operational flying tours plus a tour as an instructor on the Operational Conversion Unit. With almost 2500 hours on an aircraft that was operated at high speed in all weathers and at ultra low level his task in the rear seat was a demanding one. But Herriot was more than just the guy in the back of a Buccaneer; he was quite routinely and often to the exasperation of his seniors the life and soul of any party that was taking place either at home base or when overseas defending the flanks of NATO. This is an epic adventure for the aviation enthusiast particularly those with affection for the Blackburn Buccaneer and it provides a great deal more than the usual introduction to a specific aircraft type and the people who flew it. Here you'll find an absolute insight into life on a fast jet squadron at work and mischievous play during the Cold War and you'll also be introduced to some of the modern RAF's greatest characters. *Buccaneer Boys 2* Graham Pitchfork, 2021-09-30. Following the critically acclaimed publication eight years ago of *Buccaneer Boys* long serving Buccaneer navigator Air Commodore Graham Pitchfork has now followed up the great success of the book with more true tales from those who flew the last all British bomber. Thirty Buccaneer Boys drawn from the Fleet Air Arm, the Royal Air Force and the South African Air Force outline their experiences in the maritime role operations overland including the first Gulf War and operations by the South Africans in the Border Wars. In addition to the aircrew air engineer officers and ground crew have also contributed. The reader is left in no doubt that the Buccaneer Boys knew how to work hard and to play hard. The skill, professionalism and excitement of operating and servicing this iconic British aircraft shines throughout every page. This book is lavishly illustrated with 100 black and white photographs and two color plate sections of 40 photographs many never previously published.
