Ragtime Tumpie:

Ragtime Tumpie Alan Schroeder, 2009-12-19 One of the most colorful periods in American history is vividly brought to life in this stirring account of Josephine Baker's childhood Tumpie inspired by the vivacious ragtime music of turn of the century St Louis dreams of escaping her life on Gratiot Street and becoming a famous honky tonk dancer Her determination pluck and exuberance will have children clapping tapping and rooting for her from the beginning *Ragtime Tumpie* ,

Music through Children's Literature Donna Levene, 1993-05-15 Develop music appreciation among your students with folk songs rhythmic poems stories with musical themes and picture books with strong musical links Designed for teaching flexibility these lessons can be adapted according to a teacher's level of musical proficiency and time limitations Sections cover rhythm melody form instruments music history and dance forms with lively activities that involve singing playing instruments chanting and movement These are perfect for the nonmusician who is teaching music as well as the seasoned music specialist *Developing Arts Loving Readers* Nan McDonald, Douglas Fisher, 2002-05-21 Developing Arts Loving Readers is based on the premise that children can and do learn a great deal about the arts and their own abilities innately Involvement and immersion author Nan L McDonald argues are the ways in which children may feel welcome to write move create draw and otherwise express ideas about art and music directly Teaching suggestions are offered to classroom teachers and other non specialists so that classroom reading activities may be extended into group discussions cooperative learning arts projects and creative performances Appended are extensive resource lists for further integrated arts teaching in the classroom **Thinking and Learning through Children's Literature** Miriam G. Martinez, Junko Yokota, Charles Temple, 2017-04-18 Much of teachers attention these days is focused on having students read closely to ferret out the author's intended meaning and the devices used to convey that meaning But we cannot forget to guide students to have moving engagements with literature because they need to make strong personal connections to books of merit if they are to become the next generation of readers literate people with awareness of and concern for the diversity of human beings around them and in different times and places Fortunately guiding both students personal engagement with literature and their close reading to appreciate the author's message and craft are not incompatible goals This book enthusiastically and intelligently addresses both imperatives first surveying what is gained when students are immersed in literature then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement at the same time they meet external standards then presenting a host of active methods for exploring all major genres of children's books and finally presenting suggestions for interdisciplinary teaching units grounded in literature Created by noted leaders in the fields of children's literature and literacy the book is enlivened by recurring features such as suggested reading lists issues for discussion links to technology and annotations of exemplary books **Success in Reading and Writing** Helen G. Cappleman, 1991-09 Educational resource for teachers parents and kids **Children's Book-a-Day**

Almanac Anita Silvey, 2012-10-30 An expert on children's literature provides a worthwhile resource for teachers, librarians and parents. Booklist The Children's Book a Day Almanac is a new way to discover a great children's book every day of the year. This fresh, inventive reference book is a dynamic way to showcase the gems, both new and old, of children's literature. Each page features an event of the day, a children's book that relates to that event, and a list of other events that took place on that day. Always informative and often surprising, it celebrates a year of literature for children with The Children's Book a Day Almanac. This has solid possibilities as a springboard for daily reading and writing activities in the classroom or as simply a book focused way to start the day. Bulletin of the Center for Children's Books

Families in Children's Literature Nancy LE Cecil, Patricia Roberts, 1998-02-15 Using quality children's literature that presents families positively and promotes appreciation of family diversity, this book offers you a unique way to help students understand the common complexities of today's families. Books are grouped into four major categories: diverse family groups, family heritage and tradition, relationships within families, and family conflicts. Within these areas, books are chosen for specific topics ranging from Death in the Family to Homelessness. For each title, there are questions for reflection and discussion and a target activity that reinforces the concepts presented in the book.

Doing History Linda S. Levstik, Keith C. Barton, 2011-01-26 Now in its fourth edition, this popular text offers a unique perspective on teaching and learning history in the elementary and middle grades. Through case studies of teachers and students in diverse classrooms and from diverse backgrounds, it shows children engaging in authentic historical investigations, often in the context of an integrated social studies curriculum. The central assumption is that children can engage in valid forms of historical inquiry: collecting and analyzing data, examining the perspectives of people in the past, considering multiple interpretations, and creating evidence-based historical accounts. In each chapter, the authors explain how the teaching demonstrated in the vignettes reflects basic principles of contemporary learning theory, thus providing specific examples of successful activities and placing them in a theoretical context that allows teachers to adapt and apply them in a wide variety of settings. New in the Fourth Edition: Expanded coverage of world history in two new chapters; Integration of new technologies to support history instruction; Updated classroom examples, bibliographies, and references.
