Rahel Levin Varnhagen Die Wiederentdeckung Einer Schriftstellerin:

Rahel Levin Varnhagen Heidi Thomann Tewarson, Rahel Varnhagen, 1998-01-01 For a woman Rahel Levin Varnhagen 1771 1833 occupied a unique place in German intellectual history Heidi Tewarson gives us a rich account of Varnhagen's intellectual community and her writings which led to her reputation as a leading intellectual of her era a champion of literary figures and movements of human rights and of Enlightenment values 17 illustrations **The Reluctant Modernism of Hannah Arendt** Seyla Benhabib, 2003 Interpreting the work of one of the most influential thinkers of the 20th century The Reluctant Modernism of Hannah Arendt rereads Arendt's political philosophy in light of newly gained insights into the historico cultural background of her work Arguing against the standard interpretation of Hannah Arendt as an anti modernist lover of the Greek polis author Seyla Benhabib contends that Arendt's thought emerges out of a double legacy German Existenz philosophy particularly the thought of Martin Heidegger and her experiences as a German Jewess in the age of totalitarianism This important volume reconsiders Arendt's theory of modernity her concept of the public sphere her distinction between the social and the political her theory of totalitarianism and her critique of the modern nation state including her life long involvement with Jewish and Israeli politics Women Writers' Philosophy of Love in German Romanticism Renata T. Fuchs, 2024-07-01 This monograph spotlights women writers contributions to the philosophy of German Romanticism Dorothea Mendelssohn Veit Schlegel Rahel Levin Varnhagen Karoline von Gunderode and Bettina Brentano von Arnim suggested a new vision for an emancipated community of women that develops through philosophical discourse of Progressive Universal Poetry Their personal fictionalized and literary letters reinvent and retheorize the Romantic notions of sociability symphilosophy and sympoetry as theorized by men and retheorize the concepts of love They provided a model for shaping intellectual and cultural life in the modern world while challenging rigid dichotomies of class gender and ethnicity *Jewish Women in Enlightenment Berlin* Natalie Naimark-Goldberg, 2016-09-01 The encounter of Jews with the Enlightenment movement has so far been considered almost entirely from a masculine perspective This highly original study based on analysis of the correspondence and literary works of a group of educated Jewish women demonstrates their intellectual proclivities feminine awareness and social activities as well as their attitudes to marriage traditional family frameworks and religion In doing so it makes a significant contribution to German Jewish history as well as to gender studies **Gender, Collaboration, and Authorship in German Culture** John B. Lyon, Laura Deiulio, 2019-08-22 Gender Collaboration and Authorship in German Culture challenges a model of literary production that persists in literary studies the so called Geniekult or the idea of the solitary male author as genius that emerged around 1800 in German lands A closer look at creative practices during this time indicates that collaborative creative endeavors specifically joint ventures between women and men were an important mode of literary production during this era This volume surveys a variety of such collaborations and proves that male and female spheres of creation were not as distinct as has been previously thought

It demonstrates that the model of the male genius that dominated literary studies for centuries was not inevitable that viable alternatives to it existed Finally it demands that we rethink definitions of an author and a literary work in ways that account for the complex modes of creation from which they arose **The Palgrave Handbook of German Romantic Philosophy** Elizabeth Millán Brusslan,2020-12-15 This Handbook provides a comprehensive and authoritative analysis of the philosophical dimensions of German Romanticism a movement that challenged traditional borders between philosophy poetry and science With contributions from leading international scholars the collection places the movement in its historical context by both exploring its links to German Idealism and by examining contemporary related developments in aesthetics and scientific research A substantial concluding section of the Handbook examines the enduring legacy of German romantic philosophy Key Features Highlights the contributions of German romantic philosophy to literary criticism irony cinema religion and biology Emphasises the important role that women played in the movement s formation Reveals the ways in which German romantic philosophy impacted developments in modernism existentialism and critical theory in the twentieth century Interdisciplinary in approach with contributions from philosophers Germanists historians and literary scholars Providing both broad perspectives and new insights this Handbook is essential reading for scholars undertaking new research on German romantic philosophy as well as for advanced students requiring a thorough understanding of the subject

German Women as Letter Writers, 1750-1850 Lorely French,1996 In working through her letters for publication Arnim stressed a communicative dialogic relationship in which literature history and art coalesce into a highly personal form The final chapter offers an overview of letters that address political concerns Louise Aston Fanny Lewald Emma Herwegh and Mathilde Franziska Anneke all used letters in their publications concerning the 1848 Revolution thereby fusing literature with the historical essay and radically expanding traditional genre definitions and canons Feminist Interpretations of Hannah Arendt Bonnie Honig,2010-11-01 The Oxford Handbook of European Romanticism Paul Hamilton,2016 The Oxford Handbook of European Romanticism focuses on the period beginning with the French Revolution and extending to the uprisings of 1848 across Europe It brings together leading scholars in the field to examine the intellectual literary philosophical and political elements of European Romanticism The volume begins with a series of chapters examining key texts written by major writers in languages including French German Italian Spanish Russian Hungarian Greek and Polish amongst others Then follows a second section based on the naturally inter disciplinary quality of Romanticism encapsulated by the different discourses with which writers of the time set up an internal comparative dynamic These chapters highlight the sense a discourse gives of being written knowledgeably against other pretenders to completeness or comprehensiveness of understanding and the Enlightenment encyclopaedic project Discourses typically push their individual claims to resume European culture collaborating and trying to assimilate each other in the process The main examples featuring here are history geography drama theology language geography philosophy political theory the sciences and the media Each chapter

offers original and individual interpretation of individual aspects of an inherently comparative world of individual writers and the discursive idioms to which they are historically subject Together the forty one chapters provide a comprehensive and unique overview of European Romanticism **Denken ist Graben** Frederike Middelhoff, Martina Wernli, 2025-03-17 Die Schriften Rahel Levin Varnhagens 1771 1833 sind sthetisch und thematisch komplex Sie umfassen kleine Formen u a Aphorismen und Lekt rereflexionen ebenso wie lange Tagebucheintr ge und umfangreiche Briefwechsel mit beinahe dreihundert Personen Ausz ge ihrer Texte wurden bereits zur Lebzeit Levin Varnhagens publiziert Die im vorliegenden Band versammelten Beitr ge zielen darauf ab Rahel Levin Varnhagens Texte sowie die damit verkn pften weitreichenden Lekt ren und Kontexte in ihren materiellen sthetischen poetologischen und soziohistorischen Dimensionen zu erkunden und vor dem Hintergrund romantischer Konzepte und epistolarer Kommunikationsformen zu diskutieren Dar ber hinaus gibt der Band Einblick in ausgew hlte Handschriften Tagebuch A sowie in ein bislang unpubliziertes Ausgabenbuch der Romantikerin
