Lemurians and was rebuilt using ancient Lemurian construction techniques She reveals how Prince Caligastia put Poseidon in charge of the new Atlantis in order to keep him from interfering with the Prince's imposition of monotheism in southern Palestine She explores the rise of shamanism through the entheogenic use of power plants first on the Islands of Mu then in the Nile Valley and later among the Aborigines of Australia She also looks at the hidden history of Pharaoh Akhenaten and the privileged role of the Yazidi people in the spiritual evolution of the planet and how even today the attempts to extinguish their culture is the work of Caligastia's agents Interwoven with Georgia's narrative of Earth's ancient history are her observations of Timothy Wyllie's current and previous lives including his involvement with the Process Church his struggle to leave it and his spiritual activities after he left Through her revelations Georgia exposes the supreme significance of Earth in the larger Multiverse and how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation Georgia shares her words in part to awaken the 100 million rebel angels currently living their human lives She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare for the imminent transformation of consciousness as the rebel held planets including Earth are welcomed back into the Multiverse

Dining with Milton and Bunyan and other comic verse Peter Goulding,2018-01-05

Peter Goulding's fourth or maybe fifth who's counting book of comic verse again delves the murky depths of the poet's imagination There are still plenty of poems about murdering his wife and disposing of her body but there are darker poems too the proliferation of tomatoes on Jupiter the birth of Princess Charlotte and his critiques of the counties of Tipperary and Offaly to name but four His mind which to be frank would be put to much better use learning a trade or simply vegetating is again employed solving many of the world's problems in rhyming couplets villanelles and other fiendish weapons of mass destruction Comes with a cultural health warning *Retha's Song* Retha Bogard,2012-10-17 In Retha's Song A Rhapsody of the Soul Retha hears her God the sun speak to her for the first time at the age of seven He speaks of a baby boy being born who lived far away from her and is her beloved As long as she listens to God's voice and stays on her path and the young boy stays on his path with God's guidance they will meet She strays many times from the voice of God and her path During the journey she is struck with a devastating Bipolar Disorder and her young son is diagnosed with Crohn's disease which nearly took his life Her faith began taking new direction and she began experiencing phenomenal supernatural events in her life Her intuition became increasingly powerful however internal mind altering suffering kept plaguing her Music directed by the angels was the compelling force that was the interwoven thread that could bring these two souls together as they are both singers and songwriters Could a miracle happen **The Nephilim, Watchers, and Giants of Old** Riddick

Dawson,2025-10-03 In just four cryptic verses Genesis 6:1-4 opens a doorway into one of the Bible's greatest mysteries the union of the sons of God and the daughters of men and the birth of the Nephilim heroes of old men of renown What does this strange passage mean Who were these divine beings and what role did they play in shaping the destiny of humankind This

book takes readers deep into the heart of the enigma tracing how Jewish Christian and later mystical traditions expanded these verses into an epic saga of angels forbidden knowledge and giants who once walked the earth From the Watchers of the Book of Enoch to the royal rulers of Mesopotamia from Augustine's Sethite theory to modern rediscoveries in the Dead Sea Scrolls each interpretation reflects humanity's struggle to understand where evil comes from and how heaven and earth once collided Drawing on Scripture apocrypha and ancient myth the narrative reveals how the Watchers brought secret arts of war sorcery and astrology to humankind how their monstrous offspring filled the world with violence and why their story became central to demonology theology and apocalyptic imagination At the center stands Enoch the man who walked with God chosen to mediate between heaven and earth and to announce judgment on the very angels who once held dominion Part history part theology and part mythological exploration this work invites readers to step into the shadowed space where Scripture meets legend It is a story of rebellion and ruin of boundaries broken and creation corrupted and of why the ancient memory of the Nephilim still haunts our imagination today
