Rogers, 2019-02-13 In the scenic mountains of western North Carolina two old friends come together for a week of recreation including fishing and hiking During their week of adventure they discuss a prophecy about the transformation in consciousness of the human race that will take place during the new Age of Aquarius Humanity is approaching a major crossroads we will face a decision to either continue on our current path of self destruction or free ourselves from our addiction to power greed and selfish acquisition This spiritual study considers humankind s new path or pilgrimage which will change humans identification with their egos and reveal their true identities as Soul It reveals how humanity took a wrong turn back in the time of Atlantis resulting in the total destruction of the world Now the long path back to redemption will come to its end during the coming age The Way of the Pilgrim offers a revelation about the salvation of both the planet

and the millions of suffering humans populating it This exploration of spirituality presents the results of one man's search for God and truth and describes the ways that humanity must change to survive

The Opening of the Third Eye Dr. Douglas M. Baker, 2014-03-02 The human brain is a priceless computer lying perfectly maintained but almost silent None of us uses the full potential of this amazing instrument yet we all possess a secret trigger for activating its mechanism Called the Third Eye in occult language this trigger can release a vortex of psychic energy for the extension of awareness in new dimensions for speeding up or slowing down time as experienced on our planet and achieving one hundred per cent personality integration Dr Baker reveals that the Third Eye derives its power from the pineal pituitary and carotid glands allied to whirlwinds of energy known as chakras or force centres There are seven of these centres in the human body their physical location being the base of the spine the solar plexus the spleen the heart the throat the brow and the top of the head Five safe techniques for arousing the Third Eye are provided They have been practised by the author without hazard and with many rewards for over forty years In our present condition we can only observe the outer surface of the planet manifesting in gaseous liquid and solid form We are completely unaware of the subtler states of matter beneath these outward appearances But the Third Eye reveals all underlying structures This means that one could observe the termites in apparently solid wooden paneling or more constructively man's inner organs could be observed and all traces of disease in them immediately recognised with consequent enormous benefits to medical progress
