Religion In Prison Equal Rites In A Multi Faith Society:

Religion in Prison James A. Beckford, Sophie Gilliat-Ray, 1998-06-11 Examines role of Anglican chaplaincy in multi faith prison population compares with American situation

Religion and Prison: An Overview of Contemporary Europe Julia Martínez-Ariño, Anne-Laure Zwillig, 2020-07-07 This volume offers a European overview of the management of religious diversity in prisons and provides readers with rich empirical material and a comparative perspective The chapters combine both legal and sociological approaches Coverage for each country includes historical background current penitentiary organization and recent changes or trends In their exploration of legal aspects the contributors look at such factors as the status of prison chaplains and regulations concerning religious practice and religious freedom These include meals prayers and visits The sociological analysis examines religious discrimination in prison church prison relations conversion and proselytism and more The European coverage includes countries for which such information is seldom available The book offers readers a better understanding of governance of religion in prisons This text appeals to students researchers and professionals in the field

Religious Diversity in European Prisons Irene Becci, Olivier Roy, 2015-06-09 This book examines how prisons meet challenges of religious diversity in an era of increasing multiculturalism and globalization Social scientists studying corrections have noted the important role that religious or spiritual practice can have on rehabilitation particularly for inmates with coping with stress mental health and substance abuse issues In the past the historical figure of the prison chaplain operated primarily in a Christian context following primarily a Christian model Increasingly prison populations inmates as well as employees display diversity in their ethnic cultural religious and geographic backgrounds As public institutions prisons are compelled to uphold the human rights of their inmates including religious freedom Prisons face challenges in approaching religious plurality and secularism and maintaining prisoners legal rights to religious freedom The contributions to this work present case studies that examine how prisons throughout Europe have approached challenges of religious diversity Featuring contributions from the UK France Italy Germany Switzerland The Netherlands Belgium and Spain this interdisciplinary volume includes contributions from social and political scientists religion scholars and philosophers examining the role of religion and religious diversity in prison rehabilitation It will be of interest to researchers in Criminology and Criminal Justice Social and Political Science Human Rights Public Policy and Religious Studies

Imprisoned Religion Dr Irene Becci, 2013-01-28 This book explores the profound transformations that prisons and offender rehabilitation programmes in Eastern Germany have undergone with respect to religion Drawing on participant observation and interviews of inmates ex prisoners chaplains and prison visitors this book connects the institutional to individual focusing on the religious changes individuals experience when they are imprisoned and released Including comparative studies from Italy and Switzerland Becci reveals that despite diverse local historical denominational political and social contexts the transformation patterns of individuals relationship to religion and their use of religious resources are

strongly shaped by the total character of prisons Becci also explores the difficulties faced by released people in keeping their religious life alive under the harsh conditions of social stigma in a highly secular outside society

A Handbook of Chaplaincy Studies Christopher Swift, Mark Cobb, Andrew Todd, 2016-03-09 A Handbook of Chaplaincy Studies explores fundamental issues and critical questions in chaplaincy spanning key areas of health care the prison service education and military chaplaincy Leading authors and practitioners in the field present critical insight into the challenges and opportunities facing those providing professional spiritual care From young men and women in the military and in custody to the bedside of those experiencing life's greatest traumas this critical examination of the role played by the chaplain offers a fresh and informed understanding about faith and diversity in an increasingly secular society An invaluable compendium of case studies academic reflection and critical enquiry this handbook offers a fresh understanding of traditional contemporary and innovative forms of spiritual practice as they are witnessed in the public sphere Providing a wide ranging appraisal of chaplaincy in an era of religious complexity and emergent spiritualities this pioneering book is a major contribution to a relatively underdeveloped field and sets out how the phenomenon of chaplaincy can be better understood and its practice more robust and informed

The SAGE Handbook of the Sociology of Religion James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook's 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches

the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009 *Reasonable Accommodation* Lori G.

Beaman,2012-09-15 Often when a religious minority challenges mainstream customs the phrase reasonable accommodation is at the centre of the ensuing debate But does reasonable accommodation achieve its goal of integrating the rights of religious minorities with those of mainstream society or does it really emphasize inequality Reasonable Accommodation seeks to define the meaning of this phrase and to provide a much needed critical assessment of its use within Canada and abroad Woven throughout is commentary about whether there really is a religious majority in Canada how the idea of shared values obscures debate and how tolerating religious differences simply isn't enough to guarantee equality **God in Captivity**

Tanya Erzen,2017-03-07 An eye opening account of how and why evangelical Christian ministries are flourishing in prisons across the United States It is by now well known that the United States incarceration rate is the highest in the world What is not broadly understood is how cash strapped and overcrowded state and federal prisons are increasingly relying on religious organizations to provide educational and mental health services and to help maintain order And these religious organizations are overwhelmingly run by nondenominational Protestant Christians who see prisoners as captive audiences Some twenty thousand of these Evangelical Christian volunteers now run educational programs in over three hundred US prisons jails and detention centers Prison seminary programs are flourishing in states as diverse as Texas and Tennessee California and Illinois and almost half of the federal prisons operate or are developing faith based residential programs Tanya Erzen gained inside access to many of these programs spending time with prisoners wardens and members of faith based ministries in six states at both male and female penitentiaries to better understand both the nature of these ministries and their effects What she discovered raises questions about how these ministries and the people who live in prison grapple with the meaning of punishment and redemption as well as what legal and ethical issues emerge when conservative Christians are the main and sometimes only outside forces in a prison system that no longer offers even the pretense of rehabilitation Yet Erzen also shows how prison ministries make undeniably positive impacts on the lives of many prisoners men and women who have no hope of ever leaving prison can achieve personal growth a sense of community and a degree of liberation within the confines of their cells With both empathy and a critical eye *God in Captivity* grapples with the questions of how faith based programs serve the punitive regime of the prison becoming a method of control behind bars even as prisoners use them as a lifeline for self transformation and dignity Sociologies of Religion ,2015-07-14

Sociologies of Religion National Traditions presents fourteen histories of the sociological study of religion in a diverse set of nations Each of the histories is newly written by author who are uniquely situated to tell narrate the story of the field in their countries They give us the stories behind major personages theoretical traditions seminal works research institutes and professional associations The histories trace the various ways the field was established in different academic and religious contexts and the trajectories it took in emerging as

a scientific specialty Communities, identities and crime Spalek, Basia, 2007-11-21 Communities identities and crime provides a critical exploration of the importance of social identities when considering crime victimisation and criminal justice Offering a refreshing perspective on equality and diversity developments that feature in the policies and practices of criminal justice agencies the author critically examines race relations legislation race equality and criminal justice gender crime and victimisation the increasing role that faith communities play in community justice hate crimes committed against individuals motivated by prejudice community engagement and participation in criminal justice community cohesion and civil renewal The book incorporates a broader theoretical focus exploring identity theory late modernity identity constructions communities and belongingness The author also raises important theoretical and methodological issues that a focus upon social identities poses for the subject discipline of criminology Clearly written in an engaging style with case studies and chapter questions used throughout the book is essential reading for postgraduate students of criminology criminal justice social policy sociology victimology and law Undergraduate students and criminal justice practitioners will also find the book informative and researchers will value its theoretical and policy focus
