transformations as it got politically integrated with Northern India and its empires and economically with extensive global economic networks Combined with its unique geography the trajectory of this region in all spheres manifest an almost constant interplay of local and extra local forces be it in literature art economic domain political and religious cultures and considerable enterprise and ingenuity Thus a variety of themes including travel accounts Portuguese and Arakanese presence early Dutch French Ostend companies forays into the region artistic production in the Nizamat and later collections of art and missionaries the English company state s intrusions in local economy in salt and raw silk production and indigenous reactions and rebellions consumption practices related to religious activities circulation and translation of texts representation of women in vernacular writings and organization of religious traditions have been analysed in this volume with a wide ranging introduction tying up the themes to the broader historiographical issues and contexts The collection will be an invaluable reference tool for students and scholars of history especially of early modern India Please note This title is co published with Manohar Publishers New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Folk Arts and Social Communication* DURGADAS MUKHOPADHYAY,2017-06-20 In a traditional society like India art is the Integral part of the general life of the people The urge to express communicate and share something beautiful gave birth to performing arts Folk performing art is changing its structure continuously modifying itself to the needs of the changing situation making it functionally relevant to the society All this has been effectively brought out in this book **Guide to Indian Periodical Literature** ,1998 **Essays on Vaiṣṇavism in Bengal** Rahul Peter Das,1997 **Indian Books in Print** ,2003 **Journal of Religious Studies** ,1991
