The American Journal of Theology University of Chicago. Divinity School, 1917 Vols 2 6 include Theological and Semitic literature for 1898 1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged **Branch Library News** New York Public Library, 1914 **American Journal of Theology** , 1917 Vols 2 6 include Theological and Semitic literature for 1898 1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged **Politics, Religion, and Power in the Great Lakes Region** Murindwa Rutanga, 2011 This book focuses on the European invasion of the GLR It analyses the factors that underlay the invasion the demarcation process that followed and the indigenous people s responses to it What is worth noting is that most of the anti colonial struggles in the GLR were anchored in religion Reference is made to the Maji Maji Rebellion the Nyabingi Movement the Lamogi Movement Dini Ya Misambwa and the different independent churches that arose in the GLR during colonialism Even the more secular Mau Mau Movement integrated religious cultural practices in its bondings through oath taking The most pronounced was the Nyabingi Movement which covered almost the whole region Tanzania Rwanda Burundi DRC and Uganda This work investigates why the groups resisted the nature of their resistance and the reasons why they were defeated It explains why and how the European colonisation of this region created material conditions and seeds for the subsequent recurrent conflicts in the GLR Page 6 **Faith and Power** Bernard Lewis, 2010-05-05 Short collection of previously unpublished in English works by the doyen of Middle Eastern history **Faith and Power in Japanese Buddhist Art, 1600-2005** Patricia J. Graham, 2007-09-30 Faith and Power in Japanese Buddhist Art explores the transformation of Buddhism from the premodern to the contemporary era in Japan and the central role its visual culture has played in this transformation Although Buddhism is generally regarded as peripheral to modern Japanese society this book demonstrates otherwise Its chapters elucidate the thread of change over time in the practice of Buddhism as revealed in temple worship halls and other sites of devotion and in imagery representing the religion s most popular deities and religious practices It also introduces the work of modern and contemporary artists who are not generally associated with institutional Buddhism and its canonical visual requirements but whose faith inspires their art The author makes a persuasive argument that the neglect of these materials by scholars results from erroneous presumptions about the aesthetic superiority of early Japanese Buddhist artifacts and an asserted decline in the institutional power of the religion after the sixteenth century She demonstrates that recent works constitute a significant contribution to the history of Japanese art and architecture providing evidence of Buddhism s compelling presence at all levels of Japanese society and its evolution in response to the needs of new generations of supporters The Pedagogical Seminary , 1917 Vols 5 15 include Bibliography of child study by Louis N Wilson Religion's Power Robert Wuthnow, 2023 Religion s Power investigates the power dynamics in religious rituals
