Religious Dissent In The Middle Ages

Alberto Ferreiro

Religious Dissent In The Middle Ages:

Religious Dissent in the Middle Ages Jeffrey Burton Russell, 1971 *An Age of Saints?*, 2013-02-06 The papers collected in this volume explore the strategies through which Christian authorities throughout the early medieval world both established and expressed their social position while at the same time drawing attention to the moments when those same processes were resisted and challenged Where previous studies of Christianisation have for the most part approached the issue of dissent through the continued existence of paganism and the various Christian heresies this volume suggests that the experience of doubt towards and articulation of resistance to the claims of Christian leaders extended far outside the circles of pagan intellectuals and dissident theologians The result is a view of Christianisation as far more piecemeal complex and incomplete than has often been acknowledged Contributors include Peter Turner Peter Kritzinger Collin Garbarino Philip Wood Ralph Lee Richard Payne Mike Humphreys Giorgia Vocino and Gerda Heydemann *The Devil, Heresy and Witchcraft in the Middle Ages* Alberto Ferreiro, 2023-12-14 The study of heresy and heterodoxy and of belief in magic witchcraft and the devil has in the past 25 years made significant advances in our understanding of art and iconography ideas mentality and belief and ordinary life and popular imagination in the patristic and medieval periods At the forefront of research into this aspect of medieval intellectual history has been Jeffrey B Russell whose numerous books and articles have opened important new paths in the field To mark his retirement 17 established and emerging scholars from Europe and North America historians of art the church religions and ideas have contributed papers on the many areas which Russell has influenced Topics dealt with include elves the Christians apocrypha mysticism sexuality heresies and heresiologies apocalyptic tracts astrology hell and other Christian encounters with non believers These essays are offered as tribute to the deep impact that Russell has had on medieval studies Contributors include Alan Bernstein Richard Emmerson Alberto Ferreiro Neil Forsyth Abraham Friessen Karen Jolly Henry Ansgar Kelly Richard Kieckhefer Beverly M Kienzle Garry Macy Bernard McGinn Edward Peters Cheryl Rigs Larry J Simon Laura Smoller Catherine B Tkacz and John Tolan **The Great Medieval Heretics** Michael Frassetto, 2008 **Dissent and Reform in the Early Middle Ages** Jeffrey Burton Russell, 2005-02-07 From the Introduction The conceptual boundaries of this study include all varieties of religious dissent nonconformity and tension The chronological limits are from about 700 to about 1150 Before the eighth century dissent was in the tradition of the heresy of the early Church theological and priestly After the middle of the twelfth century the increasing influence of Eastern dualism under the name of Catharism changed the whole emphasis and style of medieval dissent Between 700 and the mid twelfth century however dissent was typically medieval in its moral and popular emphasis without yet being adulterated by currents from the East In this period it was closely connected with the growing intensity and diversification of movements of moral and intellectual reform With these movements and as part of them dissent was one of the elements shaping medieval civilization *Dissent and Reform in the Early Middle Ages* Jeffrey Burton

Russell,2021-05-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1965 **Heresy and Authority in Medieval Europe** Edward

Peters,2011-09-22 Throughout the Middle Ages and early modern Europe theological uniformity was synonymous with social cohesion in societies that regarded themselves as bound together at their most fundamental levels by a religion To maintain a belief in opposition to the orthodoxy was to set oneself in opposition not merely to church and state but to a whole culture in all of its manifestations From the eleventh century to the fifteenth however dissenting movements appeared with greater frequency attracted more followers acquired philosophical as well as theological dimensions and occupied more and more the time and the minds of religious and civil authorities In the perception of dissent and in the steps taken to deal with it lies the history of medieval heresy and the force it exerted on religious social and political communities long after the Middle Ages In this volume Edward Peters makes available the most compact and wide ranging collection of source materials in translation on medieval orthodoxy and heterodoxy in social context Torture and Brutality in Medieval Literature Larissa Tracy,2015

A new look at the way in which medieval European literature depicts torture and brutality **The Lollards of the Chiltern Hills** William Henry Summers,1906 *Heresy and Dissent in the Carolingian Empire* Matthew Bryan Gillis,2017 Heresy and Dissent in the Carolingian Empire recounts the history of an exceptional ninth century religious outlaw Gottschalk of Orbais Frankish Christianity required obedience to ecclesiastical superiors voluntary participation in reform and the belief that salvation was possible for all baptized believers Yet Gottschalk a mere priest developed a controversial Augustinian based theology of predestination claiming that only divine election through grace enabled eternal life Gottschalk preached to Christians within the Frankish empire including bishops and non Christians beyond its borders scandalously demanding they confess his doctrine or be revealed as wicked reprobates Even after his condemnations for heresy in the late 840s Gottschalk continued his activities from prison thanks to monks who smuggled his pamphlets to a subterranean community of supporters This study reconstructs the career of the Carolingian Empire s foremost religious dissenter in order to imagine that empire from the perspective of someone who worked to subvert its most fundamental beliefs Examining the surviving evidence including his own writings Matthew Gillis analyzes Gottschalk s literary and spiritual self representations his modes of argument his prophetic claims to martyrdom and miraculous powers and his shocking defiance to bishops as strategies for influencing contemporaries in changing political circumstances In the larger history of medieval heresy and dissent Gottschalk s case reveals how the Carolingian Empire preserved order within the church through coercive reform The hierarchy compelled Christians to accept correction of perceived sins and errors while punishing as sources of spiritual corruption those rare dissenters who resisted its authority

Religious Dissent In The Middle Ages Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Religious Dissent In The Middle Ages**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
