A Tribute to John M. Hull* Siebren Miedema, 2009 This volume is a tribute to our esteemed colleague Professor John Martin Hull for his exceptional academic achievements in the field of religious education Especially worth mentioning are his worldwide continuous efforts in trying to realize interreligious education and interreligious learning in public schools In his approach there is a strong emphasis on openness dialogue and encounter When we are looking for an adequate vignette to characterize the contribution of this famous religious educator a good one might be religious education as encounter That is why this volume is systematically focusing on this topic It brings together contributions from leading researchers in the international field of religious education adhering to a great variety of religious or worldview traditions and it addresses a wide range of perspectives regarding the concept of encounter in religious education **Living Spiritual Praxis** Eric J. of anthropology community family institution law media and politics among others The second section is dedicated to case studies of religious practices from the perspective of their actors The third section presents major theoretical discourses that explore the globally significant diversity and multiplicity of religion Altogether sixty one authors from different parts of the world encourage a rethinking of religious practice in an expanded transcultural globalized and postcolonial world
