Religious Life Of The Brahman:

Religious Life of the Brahman Asim Maitra, 1986 Nowhere else in the world have so many races and cultures met and got absorbed as in India Nowhere else in the world has religion been made the object of such vast experimentation as village Hindu religion The present book by Asim Maitra based on his field study using anthropological tools aims at providing a correct and scientific understanding of the religious issues of Maithil Brahmins in particular and the Mithila area now comprising the present districts of Darbhanga Saharsa Madhywani Samastipur parts of Champaran Muzaffarpur Monghyr Bhagalpur Purnea and Tarai under Nepal lying between the districts and lower ranges of Himalaya in general Brahman Michael Myers, 2013-09-13 This book is a critique of western systematic theology It borrows insights from India and other traditions it is not a synthesis of religious traditions The book includes two parts method and systematics It examines the traditional topics of systematic theology topics such as the existence and nature of God revelation and reason religious ethics and human practice the relation of God to the world Christology and eschatology and allows these topics to grow in conversation with India and to change according to dialogical insights The book is prompted by a perceived need to cross the boundaries between western and Indian worldviews in a systematic and comprehensive way The purpose of the book is to enable scholars worldwide to extend their theological resources and to look anew at the problems and prospects of a comparative systematic theology
