Religious Dialectics Of Pain And Imagination:

Religious Dialectics of Pain and Imagination Bradford T. Stull, 1994-09-30 Explores the possibility of a postmodern liberation rhetoric Stull English Indiana U East uses rhetoric to address the question of how humans can imagine better worlds when surrounded by unspeakable pain Defines terms such as postmodern pain imagination and religion and discusses the theory and practice of four contemporary rhetoricians postmoderns Kenneth Burke and Thomas Merton and liberationists Paulo Freire of Brazil and Oscar Romero of El Salvador Annotation copyright by Book News Inc Portland OR Religious Dialectics of Pain and Imagination Bradford T. Stull, 1994 This book explores the possibility of a liberatory postmodern rhetoric or alternatively a postmodern liberation rhetoric The author turns to one of the most ancient disciplines rhetoric in order to address a most contemporary concern how can humans imagine new and better worlds when surrounded by unspeakable pain After a foray into key terms rhetoric postmodern liberation pain imagination religion the author places into conversation the theory and practice of four contemporary rhetoricians two postmoderns Kenneth Burke and Thomas Merton and two liberationists Paulo Freire of Brazil and Oscar Romero of El Salvador **Religious Dialectics of Pain and Imagination** Bradford T. Stull, 1992 **Francis of Assisi as Artist of the Spiritual Life** Andrew T. McCarthy, 2010-08-13 Francis of Assisi as Artist of the Spiritual Life applies modern psychological understanding to a historical person While most such studies have sought a comprehensive personality profile this work focuses on one aspect Francis imagination and seeks greater insight into the imaginatively inspired spiritual vision of St Francis An analysis of Francis writings builds on a survey of modern views of the imagination and the approach of ORT or Object Relations Theory ORT with its contention that the imaginative creation of an infant's world develops out of the earliest interactions with the maternal caregiver highlights the way Francis formed his way of visualizing the reality around him While any study of a person 800 years in the grave is more dependent on what is plausible than on what is determinable this study finds numerous examples where Francis writings display an adept use of imagination and even encourages others in that use in a manner that corresponds to an ORT perspective on tutoring the imagination **Retribution or Reality?** Michael S. Moore, 2023-11-09 The book of Job is one of the greatest if not the greatest literary accomplishments of the ancient world yet in many ways it is just as relevant today as it was then This book examines Job from a comparative theological perspective in order to help contemporary readers access it learn from it and apply its insights to contemporary life *Visualizing Sensuous Suffering and Affective Pain in Early Modern Europe and the Spanish Americas*, 2018-01-03 Visualizing Sensuous Suffering and Affective Pain in Early Modern Europe and the Spanish Americas is a trans cultural collection of studies on visual treatments of the phenomena of suffering and pain in early modern culture Ranging geographically from Italy Spain and the Low Countries to Chile Mexico and the Philippines and chronologically from the fourteenth to the eighteenth centuries these studies variously consider pain and suffering as somatic emotional and psychological experiences From examination of bodies shown victimized by brutal public

torture to the sublimation of physical suffering conveyed through the incised lines of Counter Reformation engravings the authors consider depictions of pain and suffering as conduits to the divine or as guides to social behaviour indeed often the two functions overlap

Kenneth Burke in the 1930s Ann George, Jack Selzer, 2007 An invitation to mingle with Burke in the 30s and witness the development of his major works of the era

Living Through Pain Kristin M. Swenson, 2005 In Living Through Pain Kristin Swenson charts the multifaceted personal and social problems caused by chronic pain This book also surveys professional efforts to mitigate and manage pain Because the experience of pain involves all aspects of a person body mind spirit and community Swenson consults an ancient resource for wisdom perspective and insight Her close reading of selected psalms from the Hebrew Bible demonstrates that the challenge of living through pain is timeless Living Through Pain chronicles how these ancient texts offer a vocabulary and grammar for understanding and expressing the contemporary experience of pain Pain is a universal experience and this book invites readers to consider more fully what is involved in the process of healing

BOOK JACKET Socialism and Communication Omar Swartz, 2019-04-26 First published in 1999 this volume was offered as a response to an increasingly hostile and alienating political world and speaks for the vision of libertarian socialism anarchism Building upon James Arnt Aune's Rhetoric and Marxism and the author's The Rise of Rhetoric this book differs by stressing the social over the communicative theoretical Omar Swartz presents a book of applied communication and advances social philosophy from a communication perspective rather than communication theory per se It will find an audience amongst those in social and communication studies as well as the cultural studies movement along with left wing political parties

On God and Dogs Stephen H. Webb, 1998-01-15 Many of us keep pet animals we rely on them for companionship and unconditional love For some people their closest relationships may be with their pets In the wake of the animal rights movement some ethicists have started to re-examine this relationship and to question the rights of humans to own other sentient beings in this way In this engaging and thought provoking book Stephen Webb brings a Christian perspective to bear on the subject of our responsibility to animals looked at through the lens of our relations with pets especially dogs Webb argues that the emotional bond with companion animals should play a central role in the way we think about animals in general and against the more extreme animal liberationists defends the intermingling of the human and animal worlds He tries to imagine what it would be like to treat animals as a gift from God and indeed argues that not only are animals a gift for us but they give to us we need to attend to their giving and return their gifts appropriately Throughout the book he insists that what Christians call grace is present in our relations with animals just as it is with other humans Grace is the inclusive and expansive power of God's love to create and sustain relationships of real mutuality and reciprocity and Webb unfolds the implications of the recognition that animals too participate in God's abundant grace Webb's thesis affirms and persuasively defends many of the things that pet lovers feel instinctively that their relationships with their companion animals are meaningful and important and that their pets have value and worth in themselves in the eyes of God

His book will appeal to a broad audience of thoughtful Christians and animal lovers **Amid the Fall, Dreaming of Eden** Bradford T. Stull,1999 To articulate this vision Stull looks to those who compose from an oppressed place finding in the works of W E B Du Bois Martin Luther King Jr and Malcolm X radical theopolitical practices that can serve as a model for emancipatory composition BOOK JACKET *T. S. Eliot's Dialectical Imagination* Jewel Spears Brooker,2018-11-15 What principles connect and what distinctions separate The Love Song of J Alfred Prufrock The Waste Land and Four Quartets The thought tormented characters in T S Eliot s early poetry are paralyzed by the gap between mind and body thought and action The need to address this impasse is part of what drew Eliot to philosophy and the failure of philosophy to appease his disquiet is the reason he gave for abandoning it In T S Eliot s *Dialectical Imagination* Jewel Spears Brooker argues that two of the principles that Eliot absorbed as a PhD student at Harvard and Oxford were to become permanent features of his mind grounding his lifelong quest for wholeness and underpinning most of his subsequent poetry The first principle is that contradictions are best understood dialectically by moving to perspectives that both include and transcend them The second is that all truths exist in relation to other truths Together or in tandem these two principles dialectic and relativism constitute the basis of a continual reshaping of Eliot s imagination The dialectic serves as a kinetic principle undergirding his impulse to move forward by looping back and the relativism supports his ingrained ambivalence Brooker considers Eliot s poetry in three blocks each represented by a signature masterpiece The Love Song of J Alfred Prufrock The Waste Land and Four Quartets She correlates these works with stages in the poet s intellectual and spiritual life disjunction ambivalence and transcendence Using a methodology that is both inductive moving from texts to theories and comparative juxtaposing the evolution of Eliot s mind as reflected in his philosophical prose and the evolution of style as seen in his poetry Brooker integrates cultural and biographical contexts The first book to read Eliot s poems alongside all of his prose and letters T S Eliot s *Dialectical Imagination* will revise received readings of his mind and art as well as of literary modernism **The Representation of Bodily Pain in Late Nineteenth-century English Culture** Lucy Bending,2000 This book presents a study of the ways in which concepts of pain were treated across a broad range of late Victorian writing placing literary texts alongside sermons medical textbooks and the campaigning leaflets in order to suggest patterns of presentation and evasion to be perceived throughout the different texts assembled Pain is not a shared cross cultural phenomenon and this book uses the examples of fire walking flogging and tattooing to show that despite the fact that pain is often invoked as a marker of shared human identity understandings of pain are sharply affected by class gender race and supposed degree of criminality In arguing this case Virginia Woolfs claim that there is no language for pain is taken seriously but the importance of this book lies in its exploration of the ways in which the seemingly incommunicable experience of bodily suffering can be conveyed **Filaments: Theological Profiles** David Tracy,2020-04-10 Collected essays spanning five decades imposing structure on a set of reflections from one of the most visionary and expansive living theologians Journal of the American Academy of

Religion In the second volume of his two volume collection of essays from the 1980s to 2018 renowned Catholic theologian David Tracy gathers profiles of significant theologians philosophers and religious thinkers These essays he suggests can be thought of in terms of Walt Whitman s filaments which are thrown out from the speaking self to others ancient medieval modern and contemporary in order to be caught elsewhere Filaments arranges its subjects in rough chronological order from choices in ancient theology such as Augustine through the likes of William of St Thierry in the medieval period and Martin Luther and Michelangelo in the early modern and finally to modern and contemporary thinkers including Bernard Lonergan Paul Tillich Simone Weil Karl Rahner Reinhold Niebuhr and Iris Murdoch Taken together these essays can be understood as a partial initiation into a history of Christian theology defined by Tracy s key virtues of plurality and ambiguity Marked by surprising insights and connections Filaments brings the work of one of North America s most important religious thinkers once again to the forefront To read Filaments is to be educated and enriched by a remarkable breadth of inquiry and depth of analysis Tracy s passion for theological conversation is fueled by a desire for justice and peace but also by wonder at the unending love and creativity of God Critical Theology Manifesto of the Critical Theory of Society and Religion (3 vols.) Rudolf Siebert,2010-08-16 The Manifesto develops further the Critical Theory of Religion intrinsic to the Critical Theory of Society of the Frankfurt School into a new paradigm of the Psychology Sociology Philosophy and Theology of Religion Its central theme is the theodicy problem The Manifesto approaches this theme in the framework of comparative religion and critical political theology in a narrative and discursive fashion In search of a solution to the theodicy problem the Manifesto explores trends in civil society toward Alternative Future I the Totally Administered Society Alternative Future II the Militarized Society and Alternative Future III the Reconciled Society in the horizon of the longing for the Wholly Other as perfect justice and unconditional love Toward that goal it relies on both the critical theory of society as developed by Max Horkheimer Ernst Bloch Walter Benjamin Theodor W Adorno and others and on the new political theology of Johannes B Metz Helmut Peukert and Edmund Arens *Latin America* Juan Manuel Pérez,2004 This is a general bibliography on Latin America covering a wide variety of subjects from pre Columbian civilizations to Columbus to Castro to the foreign debt to pollution ect This work will not only be of use to the general casual reader on Latin America but also to the more specialized researcher The book contains over 800 topics with over 8 000 titles identified **Hate-work** David W. Augsburger,2004-01-01 Using stories case histories and correlating perspectives from psychology sociology and theology Augsburger explains how hate functions He also makes an argument for the moral imperative of moving from hate to justice and mercy in our dealings with one another *Dialectical Freedom as Found in Soren Kierkegaard's Religious Works* Frank Granzeier,2018-11-16 Freedom is a major theme for the intellectuals of this postmodern age No doubt the main cause of this springs from contemporary attacks against freedom The chains and fetters of communism threaten to bind man s external freedom What is worse the invisible hand of materialism threatens to squeeze the very life from man s internal freedom
