Reluctant Adult An Exploration Of Choice:

The Reluctant Adult - Revisited Jill Hall, 2025-06-26 This new edition of a prescient masterpiece was very ahead of its time when first published over 30 years ago and is even more urgently relevant today exploring how to get beyond the wheel of victimhood to claim our full adulthood in freedom Why is it that a sense of freedom and well being is not a more natural human state Perhaps we are still hampered by an outdated Newtonian Psychology which underpins the belief that something or somebody caused us to be the way we are Once trapped in an endless chain of blaming woundedness and guilt victimhood prevails and adulthood then eludes us Along with our species physical maturity there must surely be vital aspects of the human psyche which most of us have not as yet brought into play In relinquishing our present framework of thought and opening to a more extended experience of self spirit and ego could then be reconciled with freedom and responsibility becoming an achievable reality Yet letting go is precisely what we fear most This book is an exploration of why this should be so and an invitation to embrace our full adulthood It is a real thrill to find the spiritual aspect of holism expressed with such vision and authority Sir George Trevelyan **The Reluctant Adult** Jill Hall, 1993 **Toxic Young Adulthood** Del

The Stresses of Counselling in Action Windy Dryden,1995-01-24 Counsellors frequently work with people who are under stress or who are distressed but counselling them can itself be a highly stressful activity This supportive book examines the sources of stress for counsellors and the practical strategies that they can use to overcome it Stress may emerge in the work that counsellors do with specific client groups in the contexts in which counselling takes place and in the educational process both for counsellor educators and for counsellors in training In this book practising counsellors with first hand experience of dealing with stress examine the nature of the stresses that counsellors face in these different areas detail the typical responses both healthy and unhealthy tha The Publishers Weekly ,1994 The Psychologist ,1993 Ethics in Mental Health-Substance Use David B.
