An Illuminated Life Heidi Ardizzone,2021-09-28 The secret life of the sensational woman behind the Morgan masterpieces who lit up New York society What would you give up to achieve your dream When J P Morgan hired Belle da Costa Greene in 1905 to organize his rare book and manuscript collection she had only her personality and a few years of experience to recommend her Ten years later she had shaped the famous Pierpont Morgan Library collection and was a proto celebrity in New York and the art world renowned for her self made expertise her acerbic wit and her flirtatious relationships Born to a family of free people of color Greene changed her name and invented a Portuguese grandmother to enter white society In her new world she dined both at the tables of the highest society and with bohemian artists and activists She also engaged in a decades long affair with art critic Bernard Berenson Greene is pure fascination the buyer of illuminated manuscripts who attracted others to her like moths to a flame **Women of Ideas** Dale Spender,2024-11-20 Originally published in 1982 with characteristic energy humour and learning Dale Spender traces three hundred years of women s ideas She uncovers not only the ways and words of women but the methods of men While men control knowledge she argues they are in a position to take women s ideas If they like them they use them if they don t they lose them Every fifty years women are required to reinvent the wheel for every generation of women is initiated into a world in which women s traditions have been denied and buried Providing convincing evidence that women s absence from the record as creative intellectual beings is not women s fault but men s Dale Spender claims at least 150 women from the past and suggests how such erasure can be avoided in the future Given that men take what they want from women s ideas Dale Spender advocates that women withdraw their labour that they go on a knowledge strike for if women cannot control the knowledge they produce at least they can ensure that it cannot be used as evidence against them Exposing the inadequacies of much modern male scholarship the author provides the readers with the opportunity to share in her own discoveries excitement and mistakes in the process of researching and writing this book The result is that Women of Ideas And What Men Have Done to Them is an ambitious and provocative book which will be used as a reference for many years to come and which is also from beginning to end a stimulating read **Turing** B. wide range of subject areas **'Gilded Prostitution'** Maureen E. Montgomery, 2013-08-06 This book examines the marriages of British peers to American women within the context of the opening up of London and New York society and the growing competitiveness for high social status In London American women were often blamed for the growing hedonism and materialism of smart society and for poaching in the marriage market They were invariably described as frivolous vain and calculating a description which points to the simmering anti American sentiment in Britain It was even suggested that titled Americans were having a detrimental effect on the British peerage because of their failure to produce male heirs A brilliant analysis of the reasons why American women were viewed pejoratively not only in terms of anti American feeling and the social transformation of the British upper class but also the threat of women who did not appear to conform to aristocratic notions of a peeress's duties as a wife and mother Originally published in 1989 this book has unique appendices listing details of peer marriages in this 1870 1914 period
