Remembering Forward:

Remembering Forward Harold G. Clarke, 1995 Harold Clarke does more than remind the reader of a bygone age he takes us back in time with him to the rural South between the World Wars Whether exploring themes of community or the hydra of the Ku Klux Klan whether telling of a favorite fishing spot on the Ogeechee River or of the death of a childhood friend Clarke is a master storyteller whose stories never fail to invoke the complexity and the richness of life itself *The Remembering Process* Daniel Barrett, Joe Vitale, 2015-04-07 Personal problems World problems Healing issues Creativity challenges They can all be resolved with an amazing new method called remembering The Remembering Process reveals a breakthrough technique that anyone can use to easily create produce innovate solve resolve and more Beyond any New Age or self help teaching this process proves that it is not only possible to tap into the future but that it is also accessible to us in every moment This leading edge book is a mind stretching exploration in manifesting your goals and desires by remembering how they exist in the future Join award winning musician and music producer Daniel Barrett and best selling author and The Secret standout star Joe Vitale as they teach you this empowering practical technique and start creating the life you desire today *Post-Conflict Hauntings* Kim Wale, Pumla Gobodo-Madikizela, Jeffrey Prager, 2020-07-02 This book engages the globally pressing question of how to live and work with the haunting power of the past in the aftermath of mass violence It brings together a collection of interdisciplinary contributions to reflect on the haunting of post conflict memory from the perspective of diverse country case studies including South Africa Rwanda Zimbabwe Northern Ireland North and South Korea Palestine and Israel America and Australia Contributions offer theoretical empirical and practical insights on the nature of historical trauma and practices of collective healing and repair that include embodied artistic and culturally relevant forms of wisdom for dealing with the past While this question has traditionally been explored through the lens of trauma studies in relation to the post Holocaust experience this book provides new understandings from a variety of different historical contexts and disciplinary perspectives Its chapters draw on challenge and expand the trauma concept to propose more contextually relevant frameworks for transforming haunted memory in the aftermath of historical trauma *Historical trauma and memory* Pumla Gobodo-Madikizela, Eric Ndushabandi, Kopano Ratele, 2021-12-06 How wounds from a previous generation may weigh on children and grandchildren contain much of interest Yet if we unpack the ghostly the eerie and the spectral in transgenerational hauntings if we allow for the suffering or the disturbed to forge social links such contacts may enable breaking into reconnections and afterlives One only needs to think of the near epidemic of rape in South Africa to sense violent hypermasculinity erupting as madness mediated by a history of brutal racialised reduction But it is also important to move beyond the brutalities and madness to consider the individual and collective refigurations surfacing out of layers of catastrophe Nancy Rose Hunt Conference Keynote Address Beyond Trauma Notes on a Word a Frame and a Diagnostic Category Historical Trauma and Memory Living with the Haunting Power of the Past is based on essays presented

at a conference with the same name which was held in Kigali Rwanda in April 2019 The book gives readers front row seats as an interdisciplinary group of scholars from law psychology history the arts anthropology theology and philosophy address the complex matrix of the emotional legacies of historical trauma cultural legacies people interacting with their social and political environment and the interplay of these factors in different post conflict societies

Augustine on Memory Kevin G. Grove, 2021 Augustine of Hippo indisputably one of the most important figures for the study of memory is credited with establishing memory as the inner source of selfhood and locus of the search for God Yet those who study memory in Augustine have never before taken into account his preaching His sermons are the sources of memory's greatest development for Augustine In Augustine's preaching especially on the Psalms the interior gives way to communal exterior Both the self and search for God are re-established in a shared Christological identity and the communal labors of remembering and forgetting This book opens with Augustine's early works and Confessions as the beginning of memory and concludes with Augustine's Trinity and preaching on Psalm 50 as the end of memory The heart of the book the work of memory sets forth how ongoing remembering and forgetting in Christ are for Augustine are foundational to the life of grace To that end Augustine and his congregants go leaping in memory together keep festival with abiding traces and become forgetful runners like St Paul Remembering and forgetting in Christ the ongoing work of memory prove for Augustine to be actions of reconciliation of the distended experiences of human life of praising and groaning labouring and resting solitude and communion Augustine on Memory presents this new communal and Christological paradigm not only for Augustinian studies but also for theologians philosophers ethicists and interdisciplinary scholars of memory

(Hans) van Deventer, C.F.C. (Callie) Coetzee, Benno Zuiddam, Petrus Paulus Kruger, Conrad Wethmar, 2017-11-23 This book contributes to an extensive number of scholarly works produced in 2017 which commemorate the scientific revolution and paradigm shift that occurred in 1517 The year 2017 marks the 500th celebration of the Reformation actuated by Martin Luther when he published what later became known as the Ninety Five Theses on indulgences The Reformation was a religious social cultural and political event that reshaped the landscape of modern Europe and has had an influence on parts of the world far beyond This includes the far South such as South Africa where the legacy of the Reformers has moulded institutional and individual lives across boundaries of ethnicity and beliefs Worldwide celebrations of this quincentenary anniversary provide scholars with an opportunity to reflect anew on the consequences and lasting import of the Reformation This book provides one such a platform by discussing the scientific relevance of Reformed theology specifically with regard to biblical historical and systematic theological themes Comprising a collection of essays by scholars belonging to the Reformed tradition it aims at examining the historical heritage of the Reformation the current state of discourse in Reformed theology as well as the contemporary relevance of a Reformed

approach to theology It contains biblical historical theological and systematic theological perspectives and addresses a variety of issues such as biblical interpretation text criticism translation constructive impulses emanating from classical Reformed thought Christian freedom anthropology and dialogue with non Reformed traditions Although the approaches followed are by no means exhaustive they do provide the reader with some indication of approaches followed in Reformed discourse Chapters 1 4 pertain to biblical interpretation A variety of methods are discussed and employed namely the grammatical historical text immanent socio historical redactional historical diachronic and synchronic approaches These analyses confirm that biblical interpretation requires a multi faceted approach to biblical texts Chapters 5 9 conversely discuss various historical and systematic theological themes Classical texts from the Reformation specifically works by Calvin and Luther are examined and contemporary theological literature are analysed compared and evaluated while innovative new ideas are proposed This book is written in the reformed spirit of semper Reformanda While it enters into dialogue with other traditions such as Pentecostal Neo Pentecostal Roman Catholic and Lutheran theology it also exhibits an attitude of self reflection and self correction This contribution does not only affirm the Reformed heritage as a living tradition but it also attempts to invigorate the tradition with innovating new ideas by drawing on classical and recent theological literature The target audience is mainly Reformed theologians but non Reformed scholars who are interested in engaging with the Reformed tradition would find this book informative
