Remembering the Forgotten War Michael Van Wagenen, 2012 This book answers the deeper question of how remembrance of the U S Mexican War has shaped the complex relationship between these former enemies now turned friends The distant violence becomes a new lens through which to view today's rivalries and resentments Page 7 **Scenes from the High Desert** Virginia Kerns, 2010-10-01 If a religion cannot attract and instruct young people it will struggle to survive which is why recreational programs were second only to theological questions in the development of twentieth century Mormonism In this book Richard Ian Kimball explores how Mormon leaders used recreational programs to ameliorate the problems of urbanization and industrialization and to inculcate morals and values in LDS youth As well as promoting sports as a means of physical and spiritual excellence Progressive Era Mormons established a variety of institutions such as the Deseret Gymnasium and camps for girls and boys all designed to compete with more worldly attractions and to socialize adolescents into the faith Kimball employs a wealth of source material including periodicals diaries journals personal papers and institutional records to illuminate this hitherto underexplored aspect of the LDS church In addition to uncovering the historical roots of many Mormon institutions still visible today *Sports in Zion* is a detailed look at the broader functions of recreation in society **A Newsman Remembered** Robert Smith Jordan, 2011-04-12 *A Newsman Remembered* is not just the story of the life of Ralph Burdette Jordan RBJ or Jock who was a remarkable newspaperman motion picture publicist war correspondent It is also a glimpse into an era of American social and political history that is now unfortunately largely forgotten if not discarded The compelling personalities with whom he engaged Aimee Semple McPherson William Randolph Hearst Louis B Mayer General Douglas MacArthur are but fading memories which this book briefly restores The first half of the 20th century began as an era of optimism that encompassed a belief that working hard along with seizing the main chance would produce social professional and financial success Ralph Jordan certainly exuded that optimism in everything that he encountered in his short life Along with his contemporaries moving into

the great largely ill defined middle class was his overarching goal Within this goal family life was an important ingredient for him marriage in his day was still a partnership with clearly defined marital roles and expectations Ralph and Marys marriage reflected that domestic configuration Religious faith if not always observed to the letter also formed an important part of their family life It could not be otherwise for them and those other largely third generation descendants of Mormon pioneers and their non Mormon contemporaries with whom they associated These so called Mormon second and third generation diasporans were willing even eager to leave behind them the remoteness of what was then described as Zion to seek more promising futures elsewhere retaining as best they could their unique heritage Thus Ralph Jordans story is indeed a life and times story worth telling **We Are What We Remember** Laura Mattoon D'Amore, Jeffrey Meriwether, 2013-01-16

Commemorative practices are revised and rebuilt based on the spirit of the time in which they are re created Historians sometimes imagine that commemoration captures history but actually commemoration creates new narratives about history that allow people to interact with the past in a way that they find meaningful As our social values change race gender religion sexuality class our commemorations do too *We Are What We Remember The American Past Through Commemoration* analyzes current trends in the study of historical memory that are particularly relevant to our own present our biases our politics our contextual moment and strive to name forgotten overlooked and denied pasts in traditional histories Race gender and sexuality for example raise questions about our most treasured myths where were the slaves at Jamestowne How do women or lesbians protect and preserve their own histories when no one else wants to write them Our current social climate allows us to question authority and especially the authoritative definitions of nation patriotism and heroism and belonging How do we un commemorate things that were mis commemorated in the past How do we repair the damage done by past commemorations The chapters in this book contributed by eighteen emerging and established scholars examine these modern questions that entirely reimagine the landscape of commemoration as it has been practiced and studied before

Embattled Memories Suhi Choi, 2014-05-07 The Korean War has been called the forgotten war not as studied as World War II or Vietnam Choi examines the collective memory of the Korean War through five discrete memory sites in the United States and South Korea including the PBS documentary Battle for Korea the Korean War Memorial in Salt Lake City and the statue of General Douglas MacArthur in Incheon South Korea She contends that these sites are not static rather they are active places where countermemories of the war clash with the official state sanctioned remembrance Through lively and compelling analysis of these memory sites which include two differing accounts of the No Gun Ri massacre contemporaneous journalism and oral histories by survivors Choi shows diverse narratives of the Korean War competing for dominance in acts of remembering *Embattled Memories* is an important interdisciplinary work in two fields memory studies and public history from an understudied perspective that of witnesses to the Korean War **Remembering Iosepa** Matthew Kester, 2013-06-20 *Remembering Iosepa* connects the story of Iosepa a 19th century community of Native Hawaiian migrants
