Living in the Stone Age Danilyn Rutherford, 2018-10-24 In 1961 John F Kennedy referred to the Papuans as living as it were in the Stone Age For the most part politicians and scholars have since learned not to call people primitive but when it comes to the Papuans the Stone Age stain persists and for decades has been used to justify denying their basic rights Why has this fantasy held such a tight grip on the imagination of journalists policy makers and the public at large Living in the Stone Age answers this question by following the adventures of officials sent to the New Guinea highlands in the 1930s to establish a foothold for Dutch colonialism These officials became deeply dependent on the good graces of their would be Papuan subjects who were their hosts guides and in some cases friends Danilyn Rutherford shows how to preserve their sense of racial superiority these officials imagined that they were traveling in the Stone Age a parallel reality where their own impotence was a reasonable response to otherworldly conditions rather than a sign of ignorance or weakness Thus Rutherford shows was born a colonialist ideology Living in the Stone Age is a call to write the history of colonialism differently as a tale of weakness not strength It will change the way readers think about cultural contact colonial fantasies of domination and the role of anthropology in the postcolonial world **Horrible Histories Annual 2016** Terry

Andrew Schelling, 2003 These essays are reports from an increasingly important crossroads where art and ecology meet Andrew Schelling belongs in the words of Patrick Pritchett to a small group of poets who are actively engaged with the rhythms and pulses of the natural world He is also the preeminent translator into English of the poetries of ancient India Wild Form Savage Grammar collects ten years of essays many of which investigate the nature literacy of American and Asian poetry traditions Other topics include recollections of Allen Ginsberg and Joanne Kyger wolf reintroduction in the Rocky

Mountains pilgrimage to Buddhist India and the possible use of hallucinogens among Paleolithic artists An underlying commitment to ecology studies Buddhist teachings and contemporary poetry weaves the collection together p What the archaic traditions and their echoes in Asia Native America and elsewhere might come to mean for a nature literate people of today and the future is very exciting A way out of the West s goofy pastoralism Out of the neo Victorian nature writing which dominates the commercial nature magazines Let s envision somewhere in the immediate future a tradition grander than Romantic landscape verse or regional painting and far more heartening than nostalgia for a pre industrial or pre agricultural past What might it look like Could there be a future in which ecology and art fruitfully interact inspired by biological discoveries and scarcely envisioned conservation sciences of eras to come My hope is that projective forms of writing will move quickly past visual descriptions of natural phenomena to enact or recuperate what Aldo Leopold observed to be the grand theaters of ecology and the epic journeys of evolution from the Introduction Folklore Lawana Trout,1975
