Mostly People Photographs By A German Immigrant In New York:

Mostly People Erika Stone,2001 This book documents the photographs of Erika Stone who worked for the European Picture Service photo library funded her own agency in 1953 and travelled widely on reportage assignments She photographed all of the most important postwar personalities from Marilyn Monroe to Marlene Dietrich and Leonard Bernstein to Willy Brandt Her sensitive observation always allowed the human face to shine through the mask of prominence In the 60s she began to photograph children again and as a result she has been politically active since then on behalf of children and the handicapped **American Book Publishing Record** ,2002 *Photography, History & Science* Gerald H. Robinson,2006 *Germans as Minorities during the First World War* Panikos Panayi,2016-04-15 Offering a global comparative perspective on the relationship between German minorities and the majority populations amongst which they found themselves during the First World War this collection addresses how public opinion the press parliament and ordinary citizens reacted towards Germans in their midst The volume uses the experience of Germans to explore whether the War can be regarded as a turning point in the mistreatment of minorities one that would lead to worse manifestations of racism nationalism and xenophobia later in the twentieth century **New York Magazine** ,1990-08-27 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Images of Germany in American Literature** Waldemar Zacharasiewicz,2007-04 Although German Americans number almost 43 million and are the largest ethnic group in the United States scholars of American literature have paid little attention to this influential and ethnically diverse cultural group In a work of unparalleled depth and range Waldemar Zacharasiewicz explores the cultural and historical background of the varied images of Germany and Germans throughout the past two centuries Using an interdisciplinary approach known as comparative imagology which borrows from social psychology and cultural anthropology Zacharasiewicz samples a broad spectrum of original sources including literary works letters diaries autobiographical accounts travelogues newspaper reports films and even cartoons and political caricatures Starting with the notion of Germany as the ideal site for academic study and travel in the nineteenth century and concluding with the twentieth century image of Germany as an aggressive country this innovative work examines the ever changing image of Germans and Germany in the writings of Louisa May Alcott Samuel Clemens Henry James William James George Santayana W E B Du Bois John Dewey H L Mencken Katherine Anne Porter Kay Boyle Thomas Wolfe Upton Sinclair Gertrude Stein Kurt Vonnegut Thomas Pynchon William Styron Walker Percy and John Hawkes among others **Loudmouth** Deborah Heiligman,2025-09-16 Both a love letter to America and a stirring rallying cry for the country to live up to the ideals on which

it was founded this propulsive biography from National Book Award Finalist and nonfiction maestro Horn Book Deborah Heiligman chronicles the extraordinary life and work of groundbreaking political activist Emma Goldman Heiligman's latest solidifies her as one of the absolute best in the business Loudmouth is a master class Booklist starred review Emma Goldman made trouble her whole life The first time was by accident Her birth in Lithuania in 1869 angered her father He had wanted a dutiful son not a headstrong daughter The other times were on purpose When she arrived in America as a young woman she loved its democratic ideals but was appalled by its hypocrisy Life liberty and the pursuit of happiness seemed to be only for those at the top Something had to be done for everyone else Someone had to speak up Soon Emma was delivering rousing speeches on topics like workers rights feminism and the atrocities of capitalism This is the story of Emma's complex love affair with America It's also the story of her many romances with the men she met while trying to change America Emma believed marriage was disempowering to women and lived her life according to the principles of free love Emma called herself an anarchist and a freethinker Her critics called her a troublemaker a loudmouth But sometimes you need to be loud if you want your voice to be heard Deborah Heiligman is a National Book Award finalist a YALSA Nonfiction Award winner and a Printz Honor winner In Loudmouth she tells the extraordinary true story of a woman who was a fearsome fighter for change in her complicated new country and a complicated human being in her own right This is an essential read for young people or for anyone who wants to use their voice to make the world a better place

Enemy Images in American History Ragnhild Fiebig-von Hase, Ursula Lehmkuhl, 1998-01-01 It seems to be a tenet of the human condition to perceive others as different and potentially hostile In nearly all societies stereotypes are developed to stigmatize suspected enemies within and without The American case is particularly interesting in this respect because American society consists of nothing but others to be open to others and welcome those who are different is one of the basic tenets of the country However this principle often conflicts with the need to integrate all these strangers into a homogeneous governable society which causes the formation of hostile stereotypes of certain ethnic groups that do not fit in The authors in this volume look at the development of these enemy images which form a fairly consistent pattern from the period of the American Revolution to the post World War II era In doing so they focus on the question of to what extent these enemy images influence the formulation and outcome of foreign domestic and immigration policies

Daily Life through World History in Primary Documents Rebecca Bennette, David M. Borgmeyer, David Matz, Lawrence Morris, 2008-12-30 Who did the ancient Greeks describe as the world's best athlete What does the Koran say about women's rights How has the digital revolution changed life in the modern age From the law courts of ancient Iraq to bloody Civil War battlefields explore the daily lives of people from major world cultures throughout history as presented in their own words Bringing useful and engaging material into world history classrooms this rich collection of historical documents and illustrations provides insight into major cultures from all continents Hundreds of thematically organized annotated primary documents and over 100 images introduce aspects of daily

life throughout the world including domestic life economics intellectual life material life politics religion and recreation from antiquity to the present Document selections are guided by the National Standards for World History providing a direct tie to the curriculum Analytical introductions explain the key features and background of each document and create links between documents to illustrate the interrelationship of thoughts and customs across time and cultures Volume 1 The Ancient World covers the major civilizations from ancient Sumeria 3000 BCE through the fall of Imperial Rome 476 CE including Egypt Greece and Israel and also covers China and India during the births of Hinduism Buddhism and Confucianism Volume 2 The Middle Ages and Renaissance covers the development of European culture from the Germanic migrations of the fifth century CE through the university movement of the late middle ages and the sixteenth century growth of global empires and the collapse of the kingship in seventeenth century England Also covered are the Native empires of the Americas and the rise of Islamic culture throughout the Middle East and Africa Volume 3 The Modern World spans the period from the Enlightenment through modern Internet era and global economy including the founding of the United States colonial and post colonial life in Latin America and Africa and the growth of international cultures and new economies in Asia Document sources include The code of Hammurabi The Manu Smṛti Seneca's On Mercy Josephus's Jewish Antiquities The Koran Dante's Divine Comedy Bernal Diaz del Castillo's The True History of the Conquest of Mexico The Travels of Marco Polo Brahmagupta's principles of mathematics and astronomy The Mayan Popul Vuh the diary of a Southern plantation wife during the Civil War and letters from an American soldier in Vietnam Thematically organized sections are supplemented with a glossary of terms a glossary of names a timeline of key events and an annotated bibliography Document selections are guided by the National Standards for World History providing a direct tie to the curriculum This collection is an invaluable source for students of material history social history and world history

Global Photography Erina Duganne, Heather Diack, Terri Weissman, 2020-06-08

This innovative text recounts the history of photography through a series of thematically structured chapters Designed and written for students studying photography and its history each chapter approaches its subject by introducing a range of international contemporary photographers and then contextualizing their work in historical terms The book offers students an accessible route to gain an understanding of the key genres theories and debates that are fundamental to the study of this rich and complex medium Individual chapters cover major topics including Description and Abstraction Truth and Fiction The Body Landscape War Politics of Representation Form Appropriation Museums The Archive The Cinematic Fashion Photography Boxed focus studies throughout the text offer short interviews curatorial statements and reflections by photographers critics and leading scholars that link photography's history with its practice Short chapter summaries research questions and further reading lists help to reinforce learning and promote discussion Whether coming to the subject from an applied photography or art history background students will benefit from this book's engaging example led approach to the subject gaining a sophisticated understanding of international photography in historical terms

Harper's Weekly

John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1883 *The Visual Dictionary of Photography* David Präkel, 2021-01-07 The Visual Dictionary of Photography provides clear definitions of key terms and concepts backed up by hundreds of illustrative examples Covering practical terms it deals with the terminology of both digital and traditional photography David Präkel has produced an invaluable resource for anyone interested in photography lens based media and related visual arts This book serves not only to explain terms and words but also acts as a source of inspiration encouraging exploration through understanding Over 250 terms are explained and contextualised with concise definitions accompanied by illustrations and examples taken from historical and contemporary photography The dictionary covers analogue terms still in current usage as well as modern digital terminology such as Raw format and High dynamic range It also defines a wide variety of practical terms including ISO speed Backlighting and Noise as well as conceptual terms and photographic styles ranging from Photojournalism to Distortion

Wandering Jews Steven J. Gold, 2020-12-15 Despite the importance of historical and contemporary migration to the American Jewish community popular awareness of the diversity and complexity of the American Jewish migration legacy is limited and largely focused upon Yiddish speaking Jews who left the Pale of Settlement in Eastern Europe between 1880 and 1920 to settle in eastern and midwestern cities Wandering Jews provides readers with a broader understanding of the Jewish experience of migration in the United States and elsewhere It describes the record of a wide variety of Jewish migrant groups including those encountering different locations of settlement historical periods and facets of the migration experience While migrants who left the Pale of Settlement in the late nineteenth and early twentieth centuries are discussed the volume s authors also explore less well studied topics These include the fate of contemporary Jewish academics who seek to build communities in midwestern college towns the adaptation experience of recent Jewish migrants from Latin America Israel and the former Soviet Union the adjustment of Iranian Jews the experience of contemporary Jewish migrants in France and Belgium the return of Israelis living abroad and a number of other topics Interdisciplinary the volume draws upon history sociology geography and other fields Written in a lively and accessible style Wandering Jews will appeal to a wide range of readers including students and scholars in Jewish studies international migration history ethnic studies and religious studies as well as general interest readers [The Saturday Review of Politics, Literature, Science and Art](#) ,1891
