Jennifer Hunter, 2004 Few belief systems are more open to diverse sexual expression than Paganism So how can Pagans practice healthy sacred sexuality in a society that often devalues such intimacy In *Rites of Pleasures* Jennifer Hunter takes a candid in depth look at different practices and gender roles within Paganism from monogamy and marriage to sexual gatherings and polyamory The result is a book filled with true erotic inspiration for those who wish to remove the mental obstacles that can prevent full and pure sexual pleasure , *Kink-Affirming Practice* Stefani Goerlich, 2022-08-08 *Kink Affirming Practice* is an essential guide on how clinicians can ethically and effectively integrate elements of their client s BSDM identities and practices into their treatment planning creative interventions and client self care Embracing both an anthropological understanding of this diverse yet still marginalized community as well as a sex positive approach to mental health Stefani Goerlich recognizes the ways in which specific power exchange dynamics can evoke positive behavioral changes in clients and guides the reader in how to integrate these concepts into their clinical work Chapters discuss the foundations of BDSM what is meant by kink affirming practice the purpose of claiming power and ceding control integrating and reclaiming identities dominant submissive personas and the benefits of caregiving kink such as pet play It practically discusses how to conduct a kink affirming risk assessment as well as exploring topics like ethical and health boundary setting how to gain informed consent and the unique issues that arise when clinicians catch themselves romancing the kink This book is invaluable reading for professionals working with clients who engage in BDSM activities such as marriage and family therapists sex therapists clinical social workers and counselors It may also be useful reading for students on both undergraduate and graduate level human sexuality and sexuality courses **The Palgrave Handbook of Queer and**

Trans Feminisms in Contemporary Performance Tiina Rosenberg, Sandra D'Urso, Anna Renée Winget, 2021-09-21 The purpose of this Handbook is to provide students with an overview of key developments in queer and trans feminist theories and their significance to the field of contemporary performance studies It presents new insights highlighting the ways in which rigid or punishing notions of gender sexuality and race continue to flourish in systems of knowledge faith and power

which are relevant to a new generation of queer and trans feminist performers today The guiding question for the Handbook is How do queer and trans feminist theories enhance our understanding of developments in feminist performance today and will this discussion give rise to new ways of theorizing contemporary performance As such the volume will survey a new generation of performers and theorists as well as senior scholars who engage and redefine the limits of performance The chapters will demonstrate how intersectional queer and trans feminist theoretical tools support new analyses of performance with a global focus The primary audience will be students of theatre performance studies as well as queer gender studies The volume s contents suggest close links between the formation of queer feminist identities alongside recent key political developments with transnational resonances Furthermore the emergence of new queer and trans feminist epistemologies prompts a reorientation regarding performance and identities in a 21st century context

Language and Sexuality Deborah Cameron, Don Kulick, 2003-03-06 This lively and accessible textbook provides a clear introduction to the relationship between language and sexuality

Suture KJ Cerankowski, 2021 Combining memoir lyrical essay and cultural criticism KJ Cerankowski s *Suture Trauma and Trans Becoming* stitches together an embodied history of trauma and its ongoing impacts on the lived realities of trans queer and other marginalized subjects *Suture* is a conjuration a patchwork knitting of ghost stories attending to the wound as its own archive It is a journey through many transitions of gender through illness and chronic pain from childhood to adulthood and back again of psyche and form in the wake of abuse and through the work of healing and of the self becoming in and through the ongoingness of settler colonial violence and its attendant subjugations of diverse forms of life Refusing a traditional binary based gender transition narrative as well as dominant psychoanalytic narratives of trauma that center an individual process of symptom diagnosis and cure *Suture* explores the refractive nature of trauma s dispersed roots and lingering effects If the wounds of trauma are disquiet apparitions repetitions within the cut these stories tend the seams through which the simultaneous loneliness of mourning and togetherness of queer intersubjective relations converge Across these essays healing and indeed living is a state of perpetual becoming surviving and loving in the nonlinearities of trauma time body time and queer time

Cheng, 2012-03-01 Throughout the history of Christianity lesbian gay bisexual and transgender LGBT or queer people have been condemned as unrepentant sinners who are in dire need of God's saving grace As a result of this condemnation LGBT people have been subjected to great spiritual emotional and physical abuse and violence This issue takes on a particular urgency in light of the ongoing harassment and bullying of LGBT young people by their classmates Cheng argues that people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws Rather Cheng proposes a Christological model based upon the theologies of Irenaeus Bonaventure and Barth in which sin and grace are defined in terms of what God has done for us in Jesus Christ This book serves as a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the context of the 21st century *The Engineer* ,1886 Technological dictionary Alexandre Tolhausen, 1873 Hurts So Good Leigh Cowart, 2021-09-14 A thoughtful funny and at times lyrical Wall Street Journal exploration of why people all over the world love to engage in pain on purpose from dominatrices religious ascetics and ultramarathoners to ballerinas icy ocean bathers and sideshow performers Masochism is sexy human reviled worshipped and can be delightfully bizarre Deliberate and consensual pain has been with us for millennia encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry Masochism is a part of us It lives inside workaholics tattoo enthusiasts and all manner of garden variety pain seekers At its core masochism is about feeling bad then better a phenomenon that is long overdue for a heartfelt and hilarious investigation And Leigh Cowart would know they are not just a researcher and science writer they're an inveterate high sensation seeking masochist And they have a few questions Why do people engage in masochism What are the benefits and the costs And what

does masochism have to say about the human experience By participating in many of these activities themselves and through conversations with psychologists fellow scientists and people who seek pain for pleasure Cowart unveils how our minds and bodies find meaning and relief in pain a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole
