Old Mortality Walter Scott, Sir, 2013-12-20 Christmas Summary Classics This series contains summary of Classic books such as Emma Arne Arabian Nights Pride and Prejudice Tower of London Wealth of Nations etc Each book is specially crafted after reading complete book in less than 30 pages One who wants to get joy of book reading especially in very less time can go for it About The Book Old Mortality and the Black Dwarf were published together as the first series of the Tales of My Landlord on December 1 1816 The first is certainly one of the best of Scott's historical romances It was the fourth of the Waverley Novels and the authorship was still unavowed though Mr Murray the publisher at once declared it must be written either by Walter Scott or the Devil On the other hand there were critics who did not believe the book was Sir Walter's because it lacked his tedious descriptions Some said openly it was the work of several hands The study of the fierce fanatical Covenanters in Old Mortality is done not only with all the author's literary genius but a wonderful fidelity to historical truth and while the accuracy of the portrait of Claverhouse Bonny Dundee will always be disputed no lover of romance will question its brilliant charm The immediate popularity of Old Mortality was less than many of the Waverley Novels only two editions amounting to 4 000 copies being sold in six weeks For more eBooks visit www.kartindocom

Old Mortality, Complete Walter Scott, 2016-01-27 INTRODUCTION TO THE TALES OF MY LANDLORD As I may without vanity presume that the name and official description prefixed to this Proem will secure it from the sedate and reflecting part of mankind to whom only I would be understood to address myself such attention as is due to the sedulous instructor of youth and the careful performer of my Sabbath duties I will forbear to hold up a candle to the daylight or to point out to the judicious those recommendations of my labours which they must necessarily anticipate from the perusal of the title page Nevertheless I am not unaware that as Envy always dogs Merit at the heels there may be those who will whisper that albeit my learning and good principles cannot lauded be the heavens be denied by any one yet that my situation at Gandercleugh hath been more favourable to my acquisitions in learning than to the enlargement of my views of the ways and works of the present generation To the which objection if peradventure any such shall be started my answer shall be threefold First Gandercleugh is as it were the central part the navel si fas sit dicere of this our native realm of Scotland so

that men from every corner thereof when travelling on their concernments of business either towards our metropolis of law by which I mean Edinburgh or towards our metropolis and mart of gain whereby I insinuate Glasgow are frequently led to make Gandercleugh their abiding stage and place of rest for the night And it must be acknowledged by the most sceptical that I who have sat in the leathern armchair on the left hand side of the fire in the common room of the Wallace Inn winter and summer for every evening in my life during forty years bypast the Christian Sabbaths only excepted must have seen more of the manners and customs of various tribes and people than if I had sought them out by my own painful travel and bodily labour Even so doth the tollman at the well frequented turnpike on the Wellbrae head sitting at his ease in his own dwelling gather more receipt of custom than if moving forth upon the road he were to require a contribution from each person whom he chanced to meet in his journey when according to the vulgar adage he might possibly be greeted with more kicks than halfpence But secondly supposing it again urged that Ithacus the most wise of the Greeks acquired his renown as the Roman poet hath assured us by visiting states and men I reply to the Zoilus who shall adhere to this objection that de facto I have seen states and men also for I have visited the famous cities of Edinburgh and Glasgow the former twice and the latter three times in the course of my earthly pilgrimage And moreover I had the honour to sit in the General Assembly meaning as an auditor in the galleries thereof and have heard as much goodly speaking on the law of patronage as with the fructification thereof in mine own understanding hath made me be considered as an oracle upon that doctrine ever since my safe and happy return to Gandercleugh

skill he is a seminal figure in the establishment of the historical novel genre and a pillar of European literary Romanticism He wrote numerous well known historical novels including Waverley Rob Roy and Ivanhoe which have inspired countless authors and adaptations ever since
