Pelo Bueno A Day In The Life Of A Nuyor:

In Visible Movement Urayoan Noel, 2014-06-01 Since the 1960s Nuyorican poets have explored and performed Puerto Rican identity both on and off the page Emerging within and alongside the civil rights movements of the 1960s the foundational Nuyorican writers sought to counter the ethnic racial and institutional invisibility of New York City Puerto Ricans by documenting the reality of their communities in innovative and sometimes challenging ways Since then Nuyorican poetry has entered the U S Latino literary canon and has gained prominence in light of the spoken word revival of the past two decades a movement spearheaded by the Nuyorican Poetry Slams of the 1990s Today Nuyorican poetry engages with contemporary social issues such as the commodification of the body the institutionalization of poetry the gentrification of the barrio and the national and global marketing of identity What has not changed is a continued shared investment in a poetics that links the written word and the performing body The first book length study specifically devoted to Nuyorican poetry In Visible Movement is unique in its historical and formal breadth ranging from the foundational poets of the 1960s and 1970s to a variety of contemporary poets emerging in and around the Nuyorican Poets Cafe slam scene of the 1990s and early 2000s It also unearths a largely unknown corpus of poetry performances reading over forty years of Nuyorican poetry at the intersection of the printed and performed word underscoring the poetry's links to vernacular and Afro Puerto Rican performance cultures from the island's oral poets to the New York sounds and rhythms of Latin boogaloo salsa and hip hop With depth and insight Urayoan Noel analyzes various canonical Nuyorican poems by poets such as Pedro Pietri Victor Hernandez Cruz Miguel Algarín Miguel Piñero Sandra Marín Esteves and Tato Laviera He discusses historically overlooked poets such as Lorraine Sutton innovative poets typically read outside the Nuyorican tradition such as Frank Lima and Edwin Torres and a younger generation of Nuyorican identified poets including Willie Perdomo Marín Teresa Mariposa Fernández and Emanuel Xavier whose work has received only limited critical consideration The result is a stunning reflection of how New York Puerto Rican poets have addressed the complexity of identity amid diaspora for over forty years **Smoking Lovely**

Willie Perdomo, 2021-04-06 Smoking Lovely's explorations of poetry and the neoliberal city at the intersection of community and commodity In this radically revised new edition Perdomo shifts the poem into mostly second person thereby further accentuating its self reflexive and complex exploration of self and as other and of the simultaneous othering commodification and spectacularization of Afro diasporic bodies and cultural forms **Legitimizing Empire** Faye Caronan, 2015-05-30 When the United States acquired the Philippines and Puerto Rico it reconciled its status as an empire with its anticolonial roots by claiming that it would altruistically establish democratic institutions in its new colonies Ever since Filipino and Puerto Rican artists have challenged promises of benevolent assimilation and portray U S imperialism as both self interested and unexceptional among empires Faye Caronan's examination interprets the pivotal engagement of novels films performance poetry and other cultural productions as both symptoms of and resistance against American military social economic and

political incursions Though the Philippines became an independent nation and Puerto Rico a U S commonwealth both remain subordinate to the United States Caronan s juxtaposition reveals two different yet simultaneous models of U S neocolonial power and contradicts American exceptionalism as a reluctant empire that only accepts colonies for the benefit of the colonized and global welfare Her analysis meanwhile demonstrates how popular culture allows for alternative narratives of U S imperialism but also functions to contain those alternatives
