sources of supply and acquisition and of binding shelving circulation and cataloging mean that knowledge beyond the usual bookjournal orbits is required of librarians charged with building music collections This Guide to Developing a Library Music Collection is intended to assist librarians who are new to music collection development and who want some tips on how to get started

A Hole in the World Amanda Held Opelt, 2022-07-19 In a raw and inspiring reflection on grief selected by Publishers Weekly as one of the best books of the year a mourning sister processes her personal story of loss by exploring the history of bereavement customs When Amanda Held Opelt suffered a season of loss including three miscarriages and the unexpected death of her sister New York Times bestselling writer Rachel Held Evans she was confronted with sorrow she didn't know how to face Opelt struggled to process her grief and accept the reality of the pain in the world She also wrestled with some unexpectedly difficult questions What does it mean to truly grieve and to grieve well Why is it so hard to move on Why didn't my faith prepare me for this kind of pain And what am I supposed to do now Her search for answers led her to discover that generations past embraced rituals that served as vessels for pain and aided in the process of grieving and healing Today many of these traditions have been lost as religious practice declines cultures amalgamate death is sanitized and pain is averted In this raw and authentic memoir of bereavement Opelt explores the history of human grief practices and how previous generations have journeyed through periods of suffering She explores grief rituals and customs from various cultures including the Irish tradition of keening or wailing in grief which teaches her that healing can only begin when we

dive headfirst into our grief the Victorian tradition of post mortem photographs and how we struggle to recall a loved one as they were the Jewish tradition of sitting shiva which reminds her to rest in the strength of her community even when God feels absent the tradition of mourning clothing which set the bereaved apart in society for a time allowing them space to honor their grief As Opelt explores each bereavement practice it gives her a framework for processing her own pain She shares how in spite of her doubt and anger God met her in the midst of sorrow and grieved along with her and shows that when we carefully and honestly attend to our losses we are able to expand our capacity for love faith and healing
