Theokas, 2004-01-01 In recent decades suburban growth and the decline of industry have left cities throughout Europe and America searching for creative and effective ways to revitalize blighted areas and reclaim underused land In *Grounds for Review* Andrew Theokas examines one particularly exciting tool for reinvigorating urban areas the garden festival These festivals which began in post war Europe have been popular throughout the Continent for decades but are just beginning to gain currency in the United States A garden festival temporarily transforms a previously derelict area such as an abandoned factory lot into a festival of horticulture combining luxurious landscapes with exhibits and carnival rides Most garden festivals last about six months during which time they draw millions of visitors but the success of the fair itself is only the initial step in a detailed plan for urban improvement At the conclusion of the festival funds from its operation are used to transform the grounds once again this time with an eye toward the long term use of the land The enduring result of a successful garden festival is thus the transformation of derelict land into a community asset such as a new urban park or an affordable housing project Theokas considers here fifteen garden festivals

in Europe England and the United States in all their dimensions He examines the role they play in stimulating urban redevelopment their effects on the practice of landscape architecture and the contentious debates over their financing purposes and future prospects This highly illustrated volume will serve as a useful introduction to garden festivals for all those interested in urban planning horticulture and the future of cities **Paperbound Books in Print** ,1992 *Dickens and Landscape Discourse* Jane Helen Berard,2007 Dickens and Landscape Discourse is a contextual study offering valuable insights into the significance of geographical and social placement in nineteenth century literature Jane H Berard considers landscape contexts available to Dickens such as topographical poetry antiquarianism tourism John Britton s Beauties of Wiltshire and the landscape discourse in Dickens other works to open up a reading of Martin Chuzzlewit 1843 44 set in Wiltshire Though Dickens can be seen reflecting or resisting the value laden discourses embedded in his landscapes he communicates to his readers of Martin Chuzzlewit through an interactive oppositional and subversive social discourse to expose a landscape of death and the Victorians struggle for control over their situation Ancient Britain Mr James Dyer,James Dyer,2002-11 This book is for anyone starting out to understand the prehistoric life of Britain from the first human occupation 450 000 years ago until the Roman conquest in AD 43 James Dyer here succeeds in bringing to life a thriving picture of the people and customs of the Stone Bronze and Iron Ages based on the sometimes sparse clues presented by prehistoric archaeological sites across Britain For many readers Ancient Britain will provide the first chance to get to grips with the present state of our knowledge of prehistoric agriculture settlement trade and ritual The rise of power with the development of a class system at the hands of the first metal users is charted through to the growth of wealth and the emergence of a warlike and advanced Iron Age society a society that was nonetheless unable to withstand the might of Rome With over 130 illustrations and photographs including a number of specially drawn reconstructions this highly visual book is an ideal primer for all students of prehistory and all those who are simply interested in the subject *Ulrich's International Periodicals Directory* Carolyn Farquhar Ulrich,2001 **Murder at the Inn** James Moore,2015-02-02 In which pub did the Krays murder George Cornell and so achieve notoriety as Britain s most feared gangsters Where is the hostelry in which Jack the Ripper s victims drank How did Burke and Hare befriend their victims in a Scottish watering hole before luring them to their deaths What is the name of the pub where the Lord Lucan mystery first came to light And how did a pub become the scene of the murder that led to Ruth Ellis going to the gallows For centuries the history of beer and pubs has gone hand in hand with some of the nation s most despicable and fascinating crimes Packed with grizzly murders including fascinating little known cases as well as sinister stories of smuggling robbery and sexual intrigue Murder at the Inn is a treasure trove of dark tales linked to the best drinking haunts and historic hotels across the land Investigating English Discourse Ronald Carter,2012-12-06 In this challenging and at times controversial book Ronald Carter addresses the discourse of English as a subject of teaching and learning Among the key topics investigated are grammar correctness and standard English critical

Landscape in Children's Literature Jane Carroll, 2012-08-06 This book provides a new critical methodology for the study of landscapes in children s literature Treating landscape as the integration of unchanging and irreducible physical elements or topoi Carroll identifies and analyses four kinds of space sacred spaces green spaces roadways and lapsed spaces that are the component elements of the physical environments of canonical British children s fantasy Using Susan Cooper s The Dark Is Rising Sequence as the test case for this methodology the book traces the development of the physical features and symbolic functions of landscape topoi from their earliest inception in medieval vernacular texts through to contemporary children s literature The identification and analysis of landscape topoi synthesizes recent theories about interstitial space together with earlier morphological and topoanalytical studies enabling the study of fictional landscapes in terms of their physical characteristics as well as in terms of their relationship with contemporary texts and historical precedents Ultimately by providing topoanalytical studies of other children s texts Carroll proposes topoanalysis as a rich critical method for the study and understanding of children s literature and indicates how the findings of this approach may be expanded upon In offering both transferable methodologies and detailed case studies this book outlines a new approach to literary landscapes as geographical places within socio historical contexts
