Steve Roud

Penguin Guide To Superstitions Of The British Isles:

The Penguin Guide to the Superstitions of Britain and Ireland Steve Roud, 2006-04-06 Are black cats lucky or unlucky What should you do when you hear the first cuckoo Since when have people believed that it's unlucky to shoot an albatross Why does breaking a mirror lead to misfortune This fascinating collection answers these and many other questions about the world of superstitions and forms an endlessly browsable guide to a subject that continues to obsess and intrigue **A Pocket Guide to Superstitions of the British Isles** Stephen Roud, 2004 The first major new book on British superstitions and their history in over a generation this survey not only explains what people have believed and why but when superstitions arose which parts of the country adopted them how they evolved and what people believe today Drawing extensively on literary sources from medieval times to the present the book settles many arguments debunks many myths and provides in the process a fascinating sideways view of social customs and beliefs over the centuries *The Mammoth Book of Superstition* Roy Bainton, 2016-11-10 Rather than providing a dictionary of superstitions of which there are already numerous excellent exhaustive and in many cases academic works which list superstitions from A to Z Bainton gives us an entertaining flight over the terrain landing from time to time in more thought provoking areas He offers an overview of humanity's often illogical and irrational persistence in seeking good luck and avoiding misfortune While Steve Roud's two excellent books *The Penguin Dictionary of Superstitions* and his *Pocket Guide* and Philippa Waring's 1970 *Dictionary* concentrate on the British Isles Bainton casts his net much wider There are many origins which warrant the full back story such as Friday the thirteenth and the Knights Templar or the demonisation of the domestic cat resulting in cat holocausts throughout Europe led by the Popes and the Inquisition The whole is presented as a comprehensive entertaining narrative flow though it is of course a book that could be dipped into and includes a thorough bibliography Schoenberg who developed the twelve tone technique in music was a notorious triskaidekaphobe When the title of his opera *Moses und Aaron* resulted in a title with thirteen letters he renamed it *Moses und Aron* He believed he would die in his seventy sixth year 7613 and he was correct he also died on Friday the thirteenth at thirteen minutes before midnight As Sigmund Freud wrote Superstition is in large part the expectation of trouble and a person who has harboured frequent evil wishes against others but has been brought up to be good and has therefore repressed such wishes into the unconscious will be especially ready to expect punishment for his unconscious wickedness in the form of trouble threatening him from without *Flying against Fate* S. P. MacKenzie, 2017-08-04 During World War II Allied casualty rates in the air were high Of the roughly 125 000 who served as aircrew with Bomber Command 59 423 were killed or missing and presumed killed a fatality rate of 45.5% With odds like that it would be no surprise if there were as few atheists in cockpits as there were in foxholes and indeed many airmen faced their dangerous missions with beliefs and rituals ranging from the traditional to the outlandish Military historian S P MacKenzie considers this phenomenon in *Flying against Fate* a pioneering study of the important role that superstition

played in combat flier morale among the Allies in World War II Mining a wealth of documents as well as a trove of published and unpublished memoirs and diaries MacKenzie examines the myriad forms combat fliers superstitions assumed from jinxes to premonitions Most commonly airmen carried amulets or talismans lucky boots or a stuffed toy a coin whose year numbers added up to thirteen counterintuitively a boomerang Some performed rituals or avoided other acts e g having a photo taken before a flight Whatever seemed to work was worth sticking with and a heightened risk often meant an upsurge in superstitious thought and behavior MacKenzie delves into behavior analysis studies to help explain the psychology behind much of the behavior he documents not slighting the large cohort of crew members and commanders who demurred He also looks into the ways in which superstitious behavior was tolerated or even encouraged by those in command who saw it as a means of buttressing morale The first in depth exploration of just how varied and deeply felt superstitious beliefs were to tens of thousands of combat fliers Flying against Fate expands our understanding of a major aspect of the psychology of war in the air and of World War II

Black Cats and Evil Eyes Chloe Rhodes,2012-09-13 This book illuminates the customs beliefs and practices that link us to an ancient and often darker human past

A Supernatural War Owen Davies,2018-10-18 A Supernatural War reveals the surprising stories of extraordinary people in a world caught up with the promise of occult powers It was a commonly expressed view during the First World War that the conflict had seen a major revival of superstitious beliefs and practices Churches expressed concerns about the wearing of talismans and amulets the international press paid considerable interest to the pronouncements of astrologers and prophets and the authorities in several countries periodically clamped down on fortune tellers and mediums due to concerns over their effect on public morale Out on the battlefields soldiers of all nations sought to protect themselves through magical and religious rituals and on the home front people sought out psychics and occult practitioners for news of the fate of their distant loved ones or communication with their spirits Even away from concerns about the war suspected witches continued to be abused and people continued to resort to magic and magical practitioners for personal protection love and success Uncovering and examining beliefs practices and contemporary opinions regarding the role of the supernatural in the war years Owen Davies explores the broader issues regarding early twentieth century society in the West the psychology of the supernatural during wartime and the extent to which the war cast a spotlight on the widespread continuation of popular belief in magic

The Museum of Witchcraft Diane Purkiss,2024-09-26 Every sense is tingling Strange symbols loom out of the darkness and incantations whisper through the air It s cold and quiet so why don t you feel completely alone Welcome to The Museum of Witchcraft a collection of 100 artefacts where a history of secret wisdom female power and occult objects comes to life Wander through its pages to discover why cooking is magic which trees are most enchanted how to create an amulet where to find a witch mark and why bad weather could have you burned at the stake With each page a beautiful display cabinet containing esoteric illustration and authoritative text it s time to discover the shadowy world of witches

[Celebrating Life](#)

Customs around the World Victoria R. Williams, 2016-11-21 This book documents hundreds of customs and traditions practiced in countries outside of the United States showcasing the diversity of birth coming of age and death celebrations worldwide From the beginning of our lives to the end all of humanity celebrates life's milestones through traditions and unique customs In the United States we have specific events like baby showers rites of passage such as Bat and Bar Mitzvahs and sweet 16 birthday parties and sober end of life traditions like obituaries and funeral services that honor those who have died But what kinds of customs and traditions are practiced in other countries How do people in other cultures welcome babies prepare to enter into adulthood and commemorate the end of the lives of loved ones This three volume encyclopedia covers more than 300 birth life and death customs with the books content organized chronologically by life stage Volume 1 focuses on birth and childhood customs Volume 2 documents adolescent and early adulthood customs and Volume 3 looks at aging and death customs The entries in the first volume examine pre birth traditions such as baby showers and other gift giving events and post birth customs such as naming ceremonies child rearing practices and traditions performed to ward off evil or promote good health The second volume contains information about rites of passage as children become adults including indigenous initiations marriage customs and religious ceremonies The final volume concludes with coverage on customs associated with aging and death such as retirement celebrations elaborate funeral processions and the creation of fantasy coffins The set features beautiful color inserts that illustrate examples of celebrations and ceremonies and includes an appendix of excerpts from primary documents that include legislation on government accepted names wedding vows and maternity paternity leave regulations

The Magic of Coin-Trees from Religion to Recreation Ceri

Houlbrook, 2018-04-23 This book traces the history of ritual landscapes in the British Isles and the transition from religious practice to recreation by focusing on a highly understudied exemplar the coin tree These are trees imbued with magical properties into which coins have been ritually embedded This is a contemporary custom which can be traced back in the literature to the 1700s when it was practiced for folk medical and dedicatory purposes Today the custom is widespread with over 200 coin trees distributed across the British Isles but is more akin to the casual deposition of coins in a wishing well coins are deposited in the tree in exchange for wishes good luck or future fortune Ceri Houlbrook contributes to the debate on the historic relationships between religion ritual and popular magic in British contexts from 1700 to the present

Secularization Steve Bruce, 2013-01-11 The decline in power popularity and prestige of religion across the modern world is not a short term or localized trend nor is it an accident It is a consequence of subtle but powerful features of modernization Renowned sociologist Steve Bruce elaborates the secularization paradigm and defends it against a wide variety of recent attempts at rebuttal and refutation Using the best available statistical and qualitative evidence Bruce considers the implications for the

Christmas and the British: A Modern History Martin Johnes, 2016-10-06 The modern Christmas was made by the Victorians and rooted in their belief in commerce family and religion Their rituals and traditions persist to the

present day but the festival has also been changed by growing affluence shifting family structures greater expectations of happiness and material comfort technological developments and falling religious belief Christmas became a battleground for arguments over consumerism holiday entitlements social obligations communal behaviour and the influence of church state and media Even in private it encouraged reflection on social change and the march of time Amongst those unhappy at the state of the world or their own lives Christmas could induce much cynicism and even loathing but for a quieter majority it was a happy time a moment of a joy in a sometimes difficult world that made the festival more than just an integral feature of the calendar Christmas was one of British culture's emotional high points Moreover it was also a testimony to the enduring importance of family shared values and a common culture in the UK Martin Johnes shows how Christmas and its traditions have been lived adapted and thought about in Britain since 1914 Christmas and the British is about the festival's social cultural and economic functions and its often forgotten status as both the most unusual and important day of the year

Deviant Burial in the Archaeological Record Eileen M. Murphy, 2008-08-19 This edited volume contains twelve papers that present evidence on non normative burial practices from the Neolithic through to Post Medieval periods and includes case studies from some ten countries It has long been recognised by archaeologists that certain individuals in a variety of archaeological cultures from diverse periods and locations have been accorded differential treatment in burial relative to other members of their society These individuals can include criminals women who died during childbirth unbaptised infants people with disabilities and supposed revenants to name but a few Such burials can be identifiable in the archaeological record from an examination of the location and external characteristics of the grave site Furthermore the position of the body in addition to its association with unusual grave goods can be a further feature of atypical burials The motivation behind such non normative burial practices is also diverse and can be related to a wide variety of social and religious beliefs It is envisaged that the volume will make a significant contribution towards our understanding of the complexities involved when dealing with non normative burials in the archaeological record

Custodians of Wonder Eliot Stein, 2024-12-10 A vivid look at 10 astonishing people who are maintaining some of the world's oldest and rarest cultural traditions Eliot Stein has traveled the globe in search of remarkable people who are preserving some of our most extraordinary cultural rites In *Custodians of Wonder* Ancient Customs Profound Traditions and the Last People Keeping Them Alive Stein introduces readers to a man saving the secret ingredient in Japan's 700 year old original soy sauce recipe In Italy he learns how to make the world's rarest pasta from one of the only women alive who knows how to make it And in India he discovers a family rumored to make a mysterious metal mirror believed to reveal your truest self From shadowing Scandinavia's last night watchman to meeting a 27th generation West African griot to tracking down Cuba's last official cigar factory readers more than a century after they spearheaded the fight for Cuban independence Stein uncovers an almost lost world Climbing through Peru's southern highlands he encounters the last Inca bridge master who rebuilds a grass woven

bridge every year from the fabled Inca Road System He befriends a British beekeeper who maintains a touching custom of telling the bees important news of the day And he crunches through a German forest to find the official mailman of the only tree in the world with its own address to which countless people from across the world have written in hopes of finding love These are just some of the last custodians preserving age old rites on the brink of disappearance against all odds Let Eliot Stein introduce you to all of them

Traditional Witchcraft for the Seashore Melusine Draco,2012-01-27 Although we are an island race few are fortunate to live near enough to the sea to use the shoreline as a regular magical working area And yet for the natural witch born and bred by the sea the beach and rocky shore are equally as magical as the inland woods and hills of more traditional approaches to witchcraft The author takes us on a magical journey along the seashore and reveals how to work with the natural oceanic tides and energies Learn how to harness the powers of the deep and collect flotsam and jetsam for use as ritual tools A book like no other

Bombing, States and Peoples in Western Europe 1940-1945 Claudia Baldoli,Andrew Knapp,Richard Overy,2011-06-30 This is the first book to treat bombing during WWII as a European phenomenon and not just the Blitz on Britain and Germany With Western Europe now at the heart of a united continent it is even more difficult to explain how only 70 years ago European states destroyed much of the urban landscape from the air There were many blitzes between 1940 and 1945 with an estimated 700 000 people killed The purpose of this book is to provide the basis for a comparison of the experience of western states under the impact of bombing In particular it considers the political cultural and social responses to bombing rather than the military strategic and social dimensions which have formed the core of the discussion hitherto This book will correct the popular perception of the British Blitz as the key bombing experience by exposing the reality of life under the bombs for communities as far apart as Brest Palermo and Rostock An international panel of historians consider the issues raised amidst the bombing of human rights and protection of civilians in this seminal event in C20th history

The Spiritual Power of Masks Nigel Pennick,2022-04-19 Reveals how mask rituals are akin to shamanic journeying and allow the mask wearer to personify an ancestral presence spirit deity or power Examines animal guising and shows how mask customs are tied to creation myths and the ancestral founders of a people tribe city or nation Looks at morris dancers and mummers in the UK Krampuslauf and Perchtenlauf in Germanic areas the Gorgon myths of Greece Norse Berserker rituals and the annual Black Forest rite to awaken ensouled masks every spring There is a spiritual power in masks that transports one into realms unseen and gives voice to things unspoken Within the context of ritual putting on a mask places the wearer at the intersection between the present and the past the living and the dead this world and the Otherworld Masks make it possible to activate ancient archetypes with the mask wearer reanimating or personifying an ancestral presence or spirit a deity or power an animal or a being of the eldritch world In this illustrated study Nigel Pennick explores the magical and spiritual aspects of mask wearing from ancient times to the present He examines the many mask traditions around Europe and shows how mask rituals are similar to shamanic journeying and near

death experiences and can induce ecstatic states that allow the power signified by the mask to take possession of the individual wearing it. He also looks at the practice of dressing up as sacred animals and mask wearing as it relates to ostentatious events that occur suddenly and without warning that are considered a token or sign from the Otherworld. Unveiling the sacred power of masks, the author shows how masks allow us to transport into realms unseen, embody ancestors and otherworldly entities and connect with traditions that stretch back to time immemorial. **Bog Witch** Mab Jones, 2024-06-28

Encompassing nature writing, life writing, poetry and magical memoir from a working class woman's perspective whilst drawing from history, science, mythology and folklore, *Bog Witch* is a lyrical, semi-mystical immersion into wild wetland areas. From fens to peatlands, mires to marshes, swamps to lagoons, these diverse habitats are more than just mud, offering a richness of flora and fauna, herbs and healing plants, as well as an unusual opportunity for our own inner healing and spiritual growth. With a structure inspired by the chant of the three witches in *Macbeth*, which features a host of native wetland flora and fauna, *Bog Witch* will lead its readers into the gloam of these seemingly gloomy spots, enlightening them, endeavouring to entertain, explore, explain and enrich. Join poet Mab Jones on her journey into the wilds and learn how brightness and beauty, birdsong and brilliance exist even in the darkest, most misunderstood places. *The Fabled Coast* Sophia Kingshill, The Estate of Jennifer Westwood, 2012-06-28

Pirates and smugglers, ghost ships and sea serpents, fishermen's prayers and sailors' rituals: the coastline of the British Isles plays host to an astonishingly rich variety of local legends, customs and superstitions. In *The Fabled Coast*, renowned folklorists Sophia Kingshill and Jennifer Westwood gather together the most enthralling tales and traditions, tracing their origins and examining the facts behind the legends. Was there ever such a beast as the monstrous Kraken? Did a Welsh prince discover America centuries before Columbus? What happened to the missing crew of the *Mary Celeste*? Along the way, they recount the stories that are an integral part of our coastal heritage, such as the tale of Drake's Drum, said to be heard when England was in peril, and the mythical island of Hy Brazil, which for centuries appeared on sea charts and maps to the west of Ireland. The result is an endlessly fascinating, often surprising journey through our island history. **Coal** Ralph Crane, 2021-04-15

While concerns about climate change have focused negative attention on the coal industry in recent years, as descendants of the industrial revolution, we have all benefitted from the mining of the black seam. Coal has significantly influenced the course of human history and our social and natural environments. This book takes readers on a journey through the extraordinary artistic responses to coal, from its role in the works of writers such as Zola, D.H. Lawrence and George Orwell, to the way it inspired the work of painters including J.M.W. Turner, Claude Monet and Vincent van Gogh, to the place of coal in film, song and folklore, as well as the surprising allure of coal tourism. Strikingly illustrated, *Coal* provides engaging and informative insight into the myriad ways coal has affected our lives. Good Neighbours Beth Hersant, 2015-04-28

A tribe on the verge of starvation. A threat from man's oldest nightmares. It's time to pick a side. Exploring the forgotten tales of our ancestors, *Good Neighbours* combines folklore, myth and theology to add a new

dimension to the famous historical tales of Great Britain Touching upon legend as well as facts this is a comprehensive fictionalised story that sheds light on how things came to be An epic journey through the ages Good Neighbours is a fantasy novel woven with the fascinating past of the British population beginning at the Neolithic era in 7000 BC and spanning more than nine thousand years to the modern day The Iron Age Saxon Invasion and the Normans are just a few of the wide array of topics covered in this unique novel Delving into the violent periods of British history Good Neighbours has a depth of plot and character that will prove a compelling read for fans of both history and fantasy fiction Inspired by authors such as Milan Kundera Harper Lee and C S Lewis it provides an action packed account of both the famous and forgotten aspects of British history including those that are often omitted from museum displays and conventional accounts In doing so it crafts a history of Britain unlike any other

Getting the books **Penguin Guide To Superstitions Of The British Isles** now is not type of challenging means. Penguin Guide To Superstitions Of The British Isles Introduction

In today's digital age, the availability of Penguin Guide To Superstitions Of The British Isles books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Penguin Guide To Superstitions Of The British Isles books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Penguin Guide To Superstitions Of The British Isles books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Penguin Guide To Superstitions Of The British Isles versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Penguin Guide To Superstitions Of The British Isles books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Penguin Guide To Superstitions Of The British Isles books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Penguin Guide To Superstitions Of The British Isles books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them

accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Penguin Guide To Superstitions Of The British Isles books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Penguin Guide To Superstitions Of The British Isles books and manuals for download and embark on your journey of knowledge?

FAQs About Penguin Guide To Superstitions Of The British Isles Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Penguin Guide To Superstitions Of The British Isles is one of the best book in our library for free trial. We provide copy of Penguin Guide To Superstitions Of The British Isles in digital format, so the resources that you find are reliable.
