Hoffman's Index to Poetry Herbert H. Hoffman, 1985 No descriptive material is available for this title International Anthologies of Literature in Translation Harald Kittel, 1995-01-01 **The Oxford Guide to Literature in English Translation** Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available **Scottish Modernism and its Contexts 1918-1959** Margery Palmer McCulloch, 2009-05-15 This innovative book proposes the expansion of the existing idea of an interwar Scottish Renaissance movement to include its international significance as a Scottish literary modernism interacting with the intellectual and artistic ideas of European modernism as well as responding to the challenges of the Scottish cultural and political context Topics range from the revitalisation of the Scots vernacular as an avant garde literary language in the 1920s and the interaction of literature and politics in the 1930s to the fictional reimagining of the Highlands the response of women writers to a changing modern world and the manifestations of a late modernism in the 1940s and 1950s Writers featured include Hugh MacDiarmid Lewis Grassie Gibbon Neil M Gunn Edwin and Willa Muir Catherine Carswell Sydney Goodsir Smith and Sorley MacLean *The Penguin Book of French Verse. 4. The 20th Century... with Plain Prose Translations of Each Poem* Anthony Hartley, 1959 **Where Theory and Practice Meet** Laurence Wong, 2016-08-17 Where Theory and Practice Meet is a collection of nineteen papers in translation studies Unlike many similar books published in recent decades which are mostly non translation oriented veering to issues with little or no relevance to translation this book focuses on the translation process on theory formulation with reference to actual translation on getting to grips with translation problems and on explaining translation in language which can be understood by the general reader Perceptive and wide ranging the book covers language pairs that include Chinese English French German Italian Spanish Latin and Classical Greek and discusses among other things translations of Dante's La Divina Commedia translations of Shakespeare's Hamlet Goethe's Prometheus as a case of untranslatability the challenge of translating Garcilaso de la Vega's Primera gloga into Chinese John Minford's translation of martial arts fiction and Lin Shu's translation of Alexandre Dumas's La Dame aux cam lias **Shakespeare's Artists** B. J. Sokol, 2018-01-25 This study of the many poets musicians and visual artists portrayed or described in Shakespeare's plays and poems reveals a fascination with art and its makers that continued to influence Shakespeare's work throughout his career It also uncovers unexpected aspects of an enthusiastic Elizabethan consumption of artworks an enthusiasm that had significant bearing on the quite new profession that Shakespeare himself

followed A high valuation placed on art and artists and at the same time certain fears of these and fears for these made for a very complex reception of the figure of the artist and Shakespeare's treatments were equal to that complexity

English Responses to French Poetry 1880-1940 Jennifer Higgins, 2017-12-02

Between 1880 and 1940 English responses to French poetry evolved from marginalised expressions of admiration associated with rebellion against the establishment to mainstream mutual exchange and appreciation The translation of poetry underwent a simultaneous evolution from attempts to produce definitive renderings to definitions of translation as an ongoing generative process at the centre of literary debate This study traces the impact of French poetry in England via a wide range of translations by major poets of the time as well as renderings by now forgotten writers It explores poetry and translations beyond the limits of the usual canon and identifies key moments of influence from late 19th century English homages to Victor Hugo as a liberal icon to Ezra Pound re interpreting Charles Baudelaire for the 20th century

Acceptable words Jeffrey Wainwright, 2013-07-19

Geoffrey Hill has said that some great

poetry recognises that words fail us These essays explore Hill's struggle over fifty years with the recalcitrance of language This book seeks to show how all his work is marked by the quest for the right pitch of utterance whether it is sorrowing angry satiric or erotic It shows how Hill's words are never lightly acceptable but an ethical act how he seeks out words he can stand by words that are getting it right This book is the most comprehensive and up to date critical work on Geoffrey Hill so far covering all his work up to *Scenes from Comus* 2005 as well as some poems yet to appear in book form It aims to contribute something to the understanding of his poetry among those who have followed it for many years and students and other readers encountering this major poet for the first time

A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on *Death's Jest Book* the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page

Robert Desnos, Surrealism, and the Marvelous in Everyday Life Katharine Conley, 2003-01-01 He stayed with the official surrealist movement in Paris for only six years but was pivotal during that time in shaping the surrealist notion of transforming the world through radical experiments with language and art After leaving the group Desnos continued his career of radio broadcasting and writing for commercials
