Peninsula Years Britains Redcoats In Spain And Portugal:

The Peninsula Years D. S. Richards, 2008-10-20 The Peninsular Campaign was conducted over terrain ranging from the sun scorched plains of Andalusia to the picturesque snow covered passes of the Pyrenees Drawing on the experiences and observations of fifty six officers and men who fought during the years 1808 to 1814 *The Peninsula Years* is a thrilling and fast moving narrative of the bloody campaigns in the Iberian Peninsula as well as showing insight into the everyday hardships common to the ordinary British redcoat The contrary nature of the infantryman of that time is effectively illustrated in the long and arduous retreat to Corunna with its accompanying scenes of drunken and licentious behavior yet when the occasion called for it he was capable of outstanding feats of suicidal bravery as demonstrated at Albuera or in the murderous assault against Badajoz Wellington may have referred to the men under his command as scum but without their fortitude bravery and endurance he knew that Spain would never have been swept clean of France s elite divisions thus paving the way for Napoleon s eventual downfall and defeat

The Very Thing Jonathan Crook, 2011-02-21 Drummer Richard Bentinck of the 23rd of Foot Royal Welch Fusiliers was a rarity he survived many sanguinary experiences and recorded his adventures His writings provide an evocative portrait of an ordinary soldier s perception of living with one of the most experienced Napoleonic infantry battalions He was discharged in 1823 for ill health but lived a full life dying in 1878 as an old man Jonathan Crook has meticulously researched his ancestor s life finding unpublished first hand accounts from Bentinck of desperate conflict across the globe from Copenhagen to Martinique throughout the Peninsular Campaign and culminating at the battle of Waterloo These accounts are drawn from interviews that Bentinck conducted with a journalist just before his death The title of the book is taken from the Battle of Aldea de Ponte Wellington identified a tactical vulnerability and called for infantry to conduct an immediate manoeuvre On being informed that the 23rd of Foot was best disposed he smiled and said Ah the very thing demonstrative of his hard earned confidence

[The Peninsular War](#) Andrew Rawson, 2009-06-30 A new battlefield guide to the Peninsular War is long overdue Modern development in Spain and Portugal has encroached on many of the battlefields new research has questioned established interpretations of events and there is a broader appreciation of the parts played by all the armies involved the French on one side and the Spanish Portuguese and British on the other Andrew Rawson in this highly illustrated and practical guide offers a wide ranging up to date and balanced account of this prolonged conflict and he guides the reader and the visitor across the terrain over which the armies marched and fought He reconstructs the major battles in graphic detail and provides practical tours of the major battlefields and campaigns Also included are sections examining the armies the military organization and tactics of the time and the role of the Spanish guerrillas This guide to the Peninsular War will be essential reading for anyone who wants a concise and accessible introduction to the conflict and it will serve as an invaluable reference guide for visitors who want to explore the sites of the fighting two centuries ago

Modele culturale și realități cotidiene în societatea românească (secolele XV-XIX)

Claudiu Neagoe,2009-01-01 Volumul cuprinde studii de istorie **Great Strategic Rivalries** James Lacey,2016-10-11 From the legendary antagonism between Athens and Sparta during the Peloponnesian War to the Napoleonic Wars and the two World Wars of the twentieth century the past is littered with long term strategic rivalries History tells us that such enduring rivalries can end in one of three ways a series of exhausting conflicts in which one side eventually prevails as in the case of the Punic Wars between ancient Rome and Carthage a peaceful and hopefully orderly transition like the rivalry between Great Britain and the United States at the turn of the twentieth century or a one sided collapse such as the conclusion of the Cold War with the fall of the Soviet Union However in spite of a wealth of historical examples the future of state rivalries remains a matter of conjecture Great Strategic Rivalries explores the causes and implications of past strategic rivalries revealing lessons for the current geopolitical landscape Each chapter offers an accessible narrative of a historically significant rivalry comprehensively covering the political diplomatic economic and military dimensions of its history Featuring original essays by world class historians including Barry Strauss Geoffrey Parker Williamson Murray and Geoffrey Wawro this collection provides an in depth look at how interstate relations develop into often violent rivalries and how these are ultimately resolved Much more than an engaging history Great Strategic Rivalries contains valuable insight into current conflicts around the globe for policymakers and policy watchers alike *Redcoats Against Napoleon* Carole

Divall,2009-04-19 Military histories of the struggle against the French armies of the Revolution and Napoleon often focus on the exploits of elite units and famous individuals ignoring the essential contribution made by the ordinary soldiers the bulk of the British army Carole Divall in this graphic and painstakingly researched account tells the story of one such hitherto ignored group of fighting men the 30th Regiment of the Line She takes their story from one of the opening clashes of the long war the Siege of Toulon in 1793 to the decisive Battle of Waterloo in 1815 She gives us a fresh perspective on key events the men took part in Massenas retreat from the Lines of Torres Vedras the bloody storming of Badajoz the retreat from Burgos the ordeal of the troops holding the centre of Wellingtons Waterloo position The regiments history which she describes using some hitherto unpublished and vivid memoirs left by the men themselves and those they fought alongside offers a fascinating insight into the life of British soldiers two centuries ago *The British National Bibliography* Arthur James Wells,2003

Redcoats' Revenge Col. David Fitz-Enz, USA (Ret.),2008-11-30 What if on September 11 1814 the United States had lost the close run battle that Winston Churchill called the most decisive of the War of 1812 With a victory at Plattsburgh would the British have eventually been able to regain control of their former colonies Only one fleeting moment on Lake Champlain might have been needed to forever alter the young country s history and return it to the grip of King George III *Redcoats Revenge* brings the most successful field commander in history the Duke of Wellington to North America in 1814 A coalition of eight European countries has recently defeated Napoleon With the emperor s threat to England eradicated Wellington releases the most powerful military juggernaut for service in the Western Hemisphere His audacious plan sends him and his

avenging veteran redcoats plunging straight south from Lake Champlain toward New York City In Washington the streets crackle with tension at the news of British ships on the Chesapeake The White House is promptly evacuated and the capital left undefended when a diversionary force approaches the city and chokes off Baltimore President James Madison must now decide which of his generals is capable of successfully facing off with the Iron Duke No friend of the tyrannical Maj Gen Andrew Jackson Madison finally agrees that he may be the only commander with any hope of matching Wellington Redcoats Revenge is a vivid montage of the personalities and battles real and quite possible of the War of 1812 With its clever and compelling premise this exciting alternate history will enthrall readers and reveal just how close the United States was to becoming a British colony once again **Ontario's Parliament Buildings** Frank Yeigh,1893 Our redcoats and

bluejackets: war pictures, forming a narrative of the naval and military history of England from 1793 Henry Stewart (M.A.),1879 **Childhood and War in Eighteenth-Century Britain** Jennine Hurl-Eamon,2025-01-12 The eighteenth century saw more years of war than of peace Though victimhood might jump most readily to mind when thinking about how this affected young people it is only a small part of the picture The Seven Years War and the Revolutionary and Napoleonic Wars influenced how children played learned worked and perceived the world around them regardless of whether they were in the heart of the battle or far from the action Childhood and War in Eighteenth Century Britain considers how British and foreign youngsters affected the waging of war not only as stalwart camp followers boy soldiers patriotic civilians and bereaved victims but also as evocative images of innocence inability and dependence Drawing on a wide variety of source material and reading it against the grain the book uses both children s lived experience of war and their representation in wartime imagery to reassess neglected aspects of the social and cultural histories of the long eighteenth century This includes the profound impact of military culture on eighteenth century childhood but also the surprising ways in which childhood itself was mobilized for military ends The same sentiments that set childhood apart as a distinct stage of innocence were used to marginalize youngsters war contributions or leveraged by the state to further military goals and where children s historians have concentrated on the way in which war made children grow up before their time the other side of this picture far less frequently voiced is that war might be seen to infantilize adults The result is a comprehensive and wide ranging account of childhood and war across the eighteenth century that makes novel contributions to and connects two distinct historiographical sub fields the history of childhood and military history Mélanges de la Casa de Velázquez Casa de Velázquez,2008 *The Redcoats of Wellington's Light Division in the Peninsular War* Gareth Glover,Robert

Burnham,2023-02-16 The Light Division is rightly regarded as the most famous force within Wellington s army in the Peninsular War Often the first into every battle and the last to withdraw the men of the Light Division were trained to act independently and think for themselves as well as operating in their battalion formations The regiments which comprised the Light Division were present at almost every battle large or small throughout the Peninsular War Many people however

associate the Light Division with the men of the 95th Rifles wearing in the distinctive green uniforms made famous in the Sharpe novels What is less understood is that the majority of the Light Division actually consisted of troops dressed in the traditional red uniforms These were men who although equally capable of skirmishing as light infantry actually spent the vast majority of their time formed as regular infantry fighting in line column or square The 95th Rifles has literally a dozen or more memorialists including many famous ones such as Kincaid Harry Smith Harris Costello Leach Simmons and others who have been published and republished countless times But the 52nd Foot the first of the regiments of the Light Division to be trained as light infantry has until now been largely unrepresented After decades of research Gareth Glover has unearthed a collection of short memoirs from soldiers of the 52nd Oxfordshire Regiment which have never been published before and one previously published but now virtually unobtainable This collection will undoubtedly add an essential element to our understanding of the role of the Light Division both in battle and on campaign **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 **The Oxford History of the British Army** David G. Chandler,Ian Frederick William Beckett,1996 From longbow pike and musket to Challenger tanks from the Napoleonic Wars to the Gulf Campaign from the Duke of Marlborough to Field Marshal Montgomery this stimulating and informative book recounts the history of the British army from its medieval antecedents to the present day Commanders campaigns battles organization and weaponry are all covered in detail within the wider context of the social economic and political environment in which armies exist and fight making this the definitive one volume history of the British army for specialists and non specialists alike Book jacket

Military Assistance William H. Mott IV,1999-10-30 This work provides a theoretical and historical examination of the relationship between provision of military assistance and success in achieving donor aims Eight case studies which include the American Revolution the Napoleonic Wars and the Vietnam War are examined to assess four prominent features of the donor recipient relationship the convergence of donor and recipient aims donor control commitment of donor military forces and coherence of donor policies and strategies As an essential part of the expanding body of multidisciplinary international scholarship this book links history and theory to policy and narrows the gap between economics political science and military strategy Each chapter refines the relevant features of the observed donor recipient relationships into a pattern for comparison with other episodes The final chapter collects the observations compares them and develops a set of uniformities that suggest a prototypical successful donor recipient relationship suitable for direct application as a policy paradigm or for theoretical investigation Mott suggests that both donor and recipient governments can use military assistance as a deliberate instrument of national policy and military strategy to achieve national aims **Spying for Wellington** Huw J. Davies,2018-11-08 Intelligence is often the critical factor in a successful military campaign This was certainly the case for Arthur Wellesley the Duke of Wellington in the Peninsular War In this book author Huw J Davies offers the first full account of the scope complexity and importance of Wellington s intelligence department describing a highly organized multifaceted

series of networks of agents and spies throughout Spain and Portugal an organization that was at once a microcosm of British intelligence at the time and a sophisticated forebear to intelligence developments in the twentieth century Spying for Wellington shows us an organization that was in effect two parallel networks one made up of Foreign Office agents run by British ambassadors in Spain and Portugal the other comprising military spies controlled by Wellington himself The network of agents supplied strategic intelligence giving the British army advance warning of the arrival destinations and likely intentions of French reinforcements The military network supplied operational intelligence which confirmed the accuracy of the strategic intelligence and provided greater detail on the strengths arms and morale of the French forces Davies reveals how by integrating these two forms of intelligence Wellington was able to develop an extremely accurate and reliable estimate of French movements and intentions not only in his own theater of operations but also in other theaters across the Iberian Peninsula The reliability and accuracy of this intelligence as Davies demonstrates was central to Wellington's decision making and ultimately to his overall success against the French Correcting past incomplete accounts this is the definitive book on Wellington's use of intelligence As such it contributes to a clearer more comprehensive understanding of Wellington at war and of his place in the history of British military intelligence [The British Soldier in the Peninsular War](#)

G. Daly, 2013-07-23 Combining military and cultural history the book explores British soldiers travels and cross cultural encounters in Spain and Portugal 1808 1814 It is the story of how soldiers interacted with the local environment and culture of their attitudes and behaviour towards the inhabitants and how they wrote about all this in letters and memoirs *An Act Of Courage* Allan Mallinson, 2010-04-27 THE SUNDAY TIMES BESTSELLING AUTHOR Allan Mallinson brings us another compelling and deeply atmospheric adventure featuring Matthew Hervey If you like Patrick O Brian Bernard Cornwell and CS Forester you will love this Most impressive Mallinson reinforces his position as a master of narrative military history THE TIMES As good on the details of the workings of a cavalry regiment in 1820 as ever Patrick O Brian was on the workings of an 1820 warship SPECTATOR What a pleasure concentrating on the battle of Talavera and the investment of Badajoz both sparkingly described he plays to his undoubted strengths OBSERVER The atmosphere and authenticity continues to work its spell all the way through Reader review Highly enjoyable novel Great story Thoroughly recommend for lovers of adventure novels Reader review A truly outstanding read Reader review Badajoz Christmas 1826 Matthew Hervey of the 6th Light Dragoons is a prisoner of the Spanish incarcerated in the infamous fortress of Badajoz As he plans his escape his thoughts return to the year 1812 when he was a cornet in Wellington's Peninsular Army He and the Sixth had survived Corunna to endure three more years of brutal fighting that would culminate in one of the most vital and vicious confrontations of the campaign the siege of Badajoz While Hervey paces his prison cell and re-lives the bloodshed of battles past friends from unexpected quarters rush to his aid *An Act of Courage* is the seventh book in Allan Mallinson's Matthew Hervey series His adventures continue in *Company of Spears* Have you read his previous adventures *A Close Run Thing* *The Nizam's Daughters*
