Raising Consumers Lisa Jacobson, 2004-11-17 In the present electronic torrent of MTV and teen flicks Nintendo and Air Jordan advertisements consumer culture is an unmistakably important and controversial dimension of modern childhood Historians and social commentators have typically assumed that the child consumer became significant during the postwar television age But the child consumer was already an important phenomenon in the early twentieth century The family traditionally the primary institution of child socialization began to face an array of new competitors who sought to put their own imprint on children's acculturation to consumer capitalism Advertisers children's magazine publishers public schools

child experts and children's peer groups alternately collaborated with and competed against the family in their quest to define children's identities. At stake in these conflicts and collaborations was no less than the direction of American consumer society: would children's consumer training rein in hedonistic excesses or contribute to the spread of hollow commercial values? Not simply a new player in the economy, the child consumer became a lightning rod for broader concerns about the sanctity of the family and the authority of the market in modern capitalist culture. Lisa Jacobson reveals how changing conceptions of masculinity and femininity shaped the ways Americans understood the virtues and vices of boy and girl consumers and why boys in particular emerged as the heroes of the new consumer age. She also analyzes how children's own behavior, peer culture, and emotional investment in goods influenced the dynamics of the new consumer culture.

**Raising Consumers** is a provocative examination of the social, economic, and cultural forces that produced and ultimately legitimized a distinctive children's consumer culture in the early twentieth century. Near to Me Joseph Geringer, 2002 *Mama Said, What?* Julia Buchanan, 2022-08-01 Welcome to reality. Reality, you say? Yes. That time when it hits you that you're getting older and not younger. That time hasn't stood still for you or for anyone, for that matter. That moment you look into the mirror and see that gray hair, wrinkle, or stretch mark and ask yourself, "Now when did that happen?" Life is ever moving, never standing still. That realization that father time doesn't wait for anyone. In fact, your "Wait Hold still, I still have some more living to do" falls on its deaf ears. But what if we could just stop for a moment? Stop. And remember those good ole days. When you were young, full of life, and your whole life was ahead of you. Fun times. Innocent times. Fulfilling times. Joyful times. Your best times. Ah, the laughter as we threw caution to the wind. We can't go back in time, but what if we could try and relive even a few of those moments? What if we could recapture moments of times past, just a peek of what our lives looked like back in the day? Through *Mama Said*, What quotes and showing you pictures of what we all enjoyed while growing up are my intentions to do just that. I hope you're able to sit back, enjoy, reflect, reminisce, and remember our yesteryears, our life growing up. **The Oxford Encyclopedia of Food and Drink in America** Andrew Smith, 2013-01-31 Home cooks and gourmets, chefs and restaurateurs, epicures and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink.
