El pensamiento económico de Ernesto Che Guevara Carlos Tablada Pérez,1992 **Acerca del pensamiento económico de Ernesto Che Guevara** ,1987 **El Pensamiento Economico de Ernesto Che Guevara** Carlo Tablada Pérez,1987 **EL PENSAMIENTO ECONOMICO DEL CHE** Carlos Tablada Pérez,2017 *ERNESTO CHE GUEVARA* Marcos A. Alvarez,2013-02-12 This book is a compilation of facts and ideas expressed by Guevara in his own speeches essays interviews working papers diary and others from conversations of family members friends subordinates and Castro including information from his best known biographers and supporters persuasive works published in Cuba and out after Che s death in Bolivia This was when he was not a threat to Fidel Castro s megalomania when Guevara did not constitute anymore a danger to Fidel s dream of becoming a hero and he would be the most important politician in America even perhaps in the whole world At that moment it was very important for Castro to use his limitless power in the Cuban government to develop the instrumentality necessary to transform Che s figure in what he is today an icon *Acerca del pensamiento económico de Ernesto Che Guevara* Carlos Tablada,1987 **Conferencia Teórica sobre el Pensamiento Económico del Comandante Ernesto Che Guevara** ,1990 **The Political Theory of Che Guevara** Renzo Llorente,2018-02-09 Nearly half a century after his death Ernesto Che Guevara remains a compelling and controversial figure He was an original social theorist and many of his writings attest to an innovative interpretation of various concepts and commitments central to Marxist thought This is one of the first works to comprehensively consider his contribution to social and political theory for a student audience Firstly the book provides thorough and reliable accounts of the key theses concepts and commitments that give Che Guevara s theoretical and political orientation its distinctive character It addresses Guevara s views on topics such as work morality in socialism egalitarianism prefigurative politics internationalism and the process of disembourgeoisement Secondly the study situates Guevara s ideas within the context of the Marxist theoretical tradition and on the other hand twentieth century Latin American social thought To this end it will explore both the affinities and dissimilarities between Guevara s views on certain fundamental questions and the views represented by such figures as Marx Lenin Herbert Marcuse and Jos Carlos Mari tegui Finally The Political Thought of Che Guevara will provide critical assessments of Che s key ideas many of which remain relevant to contemporary debates in socialist theory *El pensamiento del Che Guevara* Michael Löwy,1985 Tras la apariencia m tica y novelesca se oculta algo m s profundo que ilumina y da su sentido verdadero a la vida del Che la coherencia rigurosa total y monol tica entre la teor a y la pr ctica entre la palabra y la acci n El pensamiento del Che est construido sobre las premisas fundamentales del marxismo leninismo y aporta una contribuci n te rica original para el marxismo **Che Guevara** H. Yaffe,2009-02-25 Che Guevara remains an iconic figure four decades after his death Yet his most significant contribution his work as a member of the Cuban government is rarely discussed This book explores his impact on Cuba s economy through fascinating new archival material and interviews **Guevara, Also Known as Che** Paco

Ignacio Taibo (II), Paco Ignacio Taibo, 1999-08-19 Mexican novelist and historian Paco Ignacio Taibo II here captures the life and character of Che Guevara the preeminent Latin American revolutionary of the late twentieth century The symbol of radical egalitarianism and the war against social injustice Guevara was gunned down in the jungles of southeastern Bolivia in 1967 his death surrounded by questions that remain unanswered In the years since he died fascination with Che and his independent and pragmatic brand of Guerilla Marxism have become increasingly focused Taibo whose extensive contacts in Latin American political activism gives him unprecedented access to hitherto untapped sources probes Che s life with a storyteller s pen and an historian s judgment Delving into vast archives to which few researchers have entry Taibo investigates the mystery and myth surrounding Che s life careers and ideals *Pensamiento Económico Internacional. En: Selección de Guías de Estudio: Contabilidad y Finanzas* Juan Marcof Álvarez, Agustín Fernández Arner, 2020-08-05 Selección de Guías de Estudio **El pensamiento filosófico latinoamericano, del Caribe y "latino" [1300-2000]** Enrique Dussel, Eduardo Mendieta, Carmen Bohórquez, 2018-07-11 Esta obra fue proyectada más que como un libro como el inicio de un movimiento filosófico continental Es decir los autores de las contribuciones toman conciencia de que la tarea que han asumido es de tal envergadura que no pueden sino cumplirla parcialmente Los trabajos a lo largo y ancho de toda la región latinoamericana sobrepasan a los especialistas de la historia o de temas expuestos en el orden nacional Cuando debe abordarse la temática tal como lo exige una obra sobre la filosofía latinoamericana se encuentran dificultades tales como la falta de bibliotecas especializadas en esta problemática regional de especialistas que hayan tratado los temas y estudiado suficientemente los asuntos para proponer diversas hipótesis que permitan fecundos debates Todo comienza entonces por obtener materiales bibliográficos y temáticos necesarios Esto no se logra en corto tiempo exige a los de perseverancia en la que los autores adquieren conciencia de los límites de la presente empresa Por ello mucho más que el lector son los mismos editores y autores de esta obra los que tienen conciencia de que sólo se ha iniciado la extracción de un precioso metal de una rica mina casi inexplorada en su conjunto **Cuba Was Different** Even Sandvik Underlid, 2021-03-01 In Cuba Was Different Even Sandvik Underlid explores the views of Cuban authorities official press and Party members as they reflect back on the collapse of Soviet and Eastern European socialism In so doing he contributes to a better understanding as to why the Cuban system often associated with Fidel Castro s leadership did not itself collapse Despite the loss of its most important allies key ideological referents and even most of its foreign trade Cuba did not embrace capitalism The author critically examines and analyzes the collapse of the USSR and Eastern Europe as reported in the Cuban Communist Party newspaper Granma both as they unfolded and subsequently through the lens of additional interviews with individual Party members This focus on Cuba s Communist Party provides new perspectives on how these events were seen from Cuba and on the notable resilience of many party members **El pensamiento económico de Ernesto Che Guevara** Carlos Tablada Pérez, 1989 The Routledge Dictionary of Twentieth-Century Political Thinkers Robert Benewick, Philip Green, 2002-09-11 This edition

has been revised and extended to include eleven new entries on Berlin Chomsky Derrida Rorty and many others Comprising 169 entries it also includes non Western political thinkers

La cuestión del estado en el pensamiento social crítico latinoamericano Juan Camilo Arias,Leonardo Granato,2021-05-01 En conjunto los autores de este libro destacan acertadamente que la especificidad histórica del Estado en América Latina está dada por la heterogeneidad estructural y el carácter subordinado y dependiente de su inserción en la economía mundial mientras que las múltiples especificidades nacionales devendrán de los procesos de conformación particular de sus clases fundamentales sus intereses antagónicos sus conflictos sus luchas y sus articulaciones en tensión permanente con su forma de inserción en los ciclos históricos de acumulación a escala global

Setbacks and Advances in the Modern Latin American Economy Pablo A. Baisotti,2021-12-30 This volume explores several notable themes related to the economy in Latin America and offers insightful historical perspectives to understand national regional and global issues in the continent since the beginning of the 20th century to the present day The collected essays focus on economic crises the relationship of growth models to society and politics the fluctuations of local economies and regional protests Other aspects of consideration in this area include the evolution of integrated regional trading blocs the informal economy and the destruction of the productive potential that has had a serious social cultural and environmental impact The volume refuses to impose a traditional and uncritical linear historical narrative onto the reader and instead proposes an alternative interpretation of the past and its relation to the present
