From MENZ Magazine Menz com July 2003 I can't imagine there's many of us out there who have no interest in improving our sex lives It doesn't even matter if your sex life is currently pretty good we're always open to better However finding sex advice that is relevant makes sense and physically possible for the average Joe and Jane is well I just don't think it's been written Until now Sex Bytes sex tips advice and true e tales from a porn webmistress by TechChick is the true nitty gritty No crazy tantric levitation No psycho babble mumbo jumbo No hippie chakra yogic contortions No BS just straight in your face If this is what you want then this tip has been known to work type of advice It really cannot be overstated just how refreshing and inspiring it was to read through the chapters knowing that whatever I was reading from the seductive to the freaky was something I just might be able to pull off The book is a collection of questions and answers that have crossed the desk of TechChick one of the web's pre eminent porn mistresses over the past years While TechChick acknowledges that she has no special training or degrees that qualify her to be giving out advice the no nonsense tips from an average girl who just happens to look at porn for a living ring true Although the tips come from a female with a few exceptions the book is rather obviously targeted to men Makes sense chances are that it's mostly been men that have approached TechChick for advice Nevertheless my significant other had a look through and there was no misunderstanding the sly grin and cheeky sparkle in her eye after a few pages Sex Bytes sex tips advice and true e tales from a porn webmistress receives my overwhelming recommendation with one caveat it's not a volume you want to read where anyone can look over your shoulder TechChick is a porn mistress and she writes like one Be prepared for no end of porn industry terminology **Sexting** Tina Horn,2016
