Bringing together leading experts, it is up to date with cutting edge research in a constantly evolving field. Multi-Ethnicity Isaac Canales, 1990 **Big American Problems** Sam Wittke, 2022-01-27 In Big American Problems Sam Wittke examines the link between various types of politics and the spiritual realities of God and human sinfulness as laid out in the scriptures. In an increasing atmosphere of division, enmity, confusion, and authoritarianism in our American cultural moment, it is critical for Christians to think through these things through a realistic biblical framework. Big American Problems hopes to tell the truth about our unprecedented American moment comprehensively and in a simplified manner. The conclusions herein are only meant to be weighed in proportion to the more immense matter of the Gospel, but they do provide a startling glimpse into what happens when the Gospel is rejected by a society. Resources in Education, 2001-04 **Human Rights and the Third World** Subrata Sankar Bagchi, Arnab Das, 2012-12-06 Human Rights and the Third World: Issues and Discourses deals with the controversial questions on the universalistic notions of human rights. It finds Third World perspectives on human rights and seeks to open up a discursive space in the human rights discourse to address unresolved questions, citing issues and problems from different countries in the Third World. 1. Whether alternative perspectives should be taken as the standard for human rights in the Third World countries. 2. Should there be a universalistic notion of rights for Homo sapiens or are we talking about two diametrically opposite trends and standards of human rights for the same species? 3. How far these Third World perspectives of human rights can ensure the protection of the minorities and the vulnerable sections of population, particularly the women and children within the Third World? 4. Can these alternative perspectives help in fighting the Third World problems like poverty, hunger, corruption, despotism, social exclusion like the caste system in India, communalism, and the like? 5. Can there be reconciliation between the Third World perspectives and the Western perspective of human rights?
