**Cecil Beaton's Bright Young Things** , 2020-04-21 The stylish and extravagant world of the Bright Young Things of 1920s and 30s London seen through the eye of renowned British photographer Cecil Beaton In 1920s and 30s Britain Cecil Beaton used his camera and his larger than life personality to mingle with that flamboyant and rebellious group of artists writers socialites and partygoers who became known as the Bright Young Things Famously fictionalized by the likes of Evelyn Waugh in *Vile Bodies* Anthony Powell and Henry Green these men and women cut a dramatic swathe through the epoch and embodied its roaring spirit In a series of themed chapters covering Beaton's first self portraits and earliest sitters to his time at Cambridge and as principle society photographer for Vogue and Vanity Fair over 50 leading figures who sat for Beaton are profiled and the dazzling parties pageants and balls of the period are brought to life Among this glittering cast are Beaton's socialite sisters Baba and Nancy Beaton Stephen Tennant Siegfried Sassoon Evelyn Waugh and Daphne du Maurier Beaton's photographs are complemented

by a wide range of letters drawings book jackets and ephemera and contextualised by artworks created by those in his circle including Christopher Wood Rex Whistler and Henry Lamb Cecil Beaton 1904-80 is one of the most celebrated British portrait photographers of the 20th century and is renowned for his images of elegance glamour and style Beaton quickly developed a reputation for his striking and fantastic photographs which culminated in his portraits of Queen Elizabeth in 1939 Also well known as a diarist Beaton became a society fixture in his own right His influence on portrait photography was profound and lives on today in the work of many contemporary photographers

**Encyclopedia of Nineteenth-Century Photography** John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide

**The Concise Focal Encyclopedia of Photography** Michael Peres, 2014-06-20 Defining photography is impossible Revealing it is another matter and that's what The Concise Focal Encyclopedia of Photography does with each turn of the page History The technical origins and evolution of photography are half of the story The other half consists of the ways that cultural forces have transformed photography into a constellation of practices more diverse than any other mode of representation Photographers can tell a more in depth story through a photo like Dorothea Lange's Migrant Mother than a journalist ever could with the written word alone Major themes and practitioners Over 25 entries many with supporting illustrations examine the figures trends and ideas that have contributed most heavily to the history and current state of photography Contemporary issues The issues influencing photography today are more complex than at any other time in its history Questions of ethics desire perception digitization and commercialization all vie for attention Hear what the experts have to say about crucial issues such as whether or not the images we take today will last the test of time and if so how When material is covered this skillfully concise is no compromise The Concise Focal Encyclopedia of Photography is packed with useful information compelling ideas and best of all pure pleasure
