Cities of the Middle East and North Africa Michael Richard Thomas Dumper, Bruce Stanley, 2006-11-16 The first work to offer 5 000 years of authoritative historical coverage of ancient and modern cities in the Middle East and North Africa from their founding to the present highlighting each city's cultural social political and economic significance *Cities of the Middle East and North Africa A Historical Encyclopedia* is a comprehensive reference work on major ancient and modern cities in the Middle East and North Africa from their beginnings to today In an unprecedented work of historical research renowned experts Bruce Stanley and Michael Dumper provide 5 000 years of authoritative historical coverage as they trace the full trajectory of each city discuss ties to other cities and present a comparative analysis of the region through the lens of its cities The A Z entries feature extensive information about each city's location geography demographics climate and environmental issues ancient and classical history Islamic history post 1800 C E history architecture religious significance cultural issues society municipal features economic issues and contemporary trends Introductory essays explore urban general history and historiography urban planning and modernization poverty interaction between cities social welfare culture identity issues and the place of these cities within the world economy **A History of Social Justice and Political Power in the Middle East** Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism *People of Salé* Kenneth L. Brown, 1976 *The Annals Ninetieth Anniversary Index* American Academy of Political and Social Science, 1981 **The Folklore of World Holidays** Margaret Read MacDonald, 1992 The stories of some 340 holidays from over 150 countries are told wherever possible in quotations from books journals biographies and other firsthand accounts by people who actually celebrate the holidays in their own homes Additional information is furnished by folklorists and anthropologists Especially strong is the treatment of non European countries scantily represented heretofore in the reference literature Arrangement is according to the Gregorian Calendar January 1 to December 31 the introduction
