People Of The An Artistic Exploration Of The Bible:

People of the Book Jossi Stern, Teddy Kollek, 1979-01-01 *The Bible and Art* Janet Mellor, 2016-02-29 This book explores the revelation of God's love in the mystery of the covenant and shows how this potent theological concept has inspired artists through the ages to reflect on the nature of divine interaction with mankind. It traces the development of the covenantal relationship between God and the Jewish people as given in the Hebrew Scriptures and examines the Christian concept of the New Covenant portrayed by Gospel writers and those of the early Church in the New Testament. Alongside this the book matches a variety of artistic work in which these texts are made visible. The reference to over 300 works of art is a mere sample and will inspire readers to research this hugely rich resource both for their own interest and for use in teaching about the Christian faith and its important Jewish roots. Learning in the contemporary world often lifts the emphasis from mere words to illustration and this book shows clearly that throughout history the Christian world has sought to use art to aid understanding of biblical texts. Art continues to be used hand in hand with the Scriptures in present day classrooms as well as in group and individual study. This volume provides a basis for the exploration of God's love in his covenantal relationship with the People of God ancient and modern and will serve to inspire an investigation of the huge range of artistic interpretation which is available through twenty first century technology.

Topical Preaching in a Complex World Sam Chan, Malcolm Gill, 2021-12-07 Be Equipped to Prepare and Deliver Engaging Biblical and Effective Topical Sermons Sooner or later every preacher will come upon a situation where they need to preach a topical sermon Yet few are taught to preach topically Even preachers who are gifted in expositing the Scriptures may struggle to deliver a topical sermon that is engaging culturally relevant and true to the biblical text Worse many pastors worry these messages undermine confidence in the Bible or its authority leading to a human centered rather than a God focused sermon But that doesn't have to be the case In *Topical Preaching in a Complex World* Sam Chan and Malcolm Gill answer these objections and chart a path for how preachers can deliver faithful and effective topical messages First they address the biblical theological and cultural reasons pastors should add topical sermons to their preaching repertoire Then they introduce a straightforward four fold approach for preaching a topical message and answer important questions like these How do you approach a topic with the proper interpretative lens How can you speak to two or more audiences with the same sermon What should you consider theologically culturally and pastorally in your preparation How do you trace the topic back to Christ How can you better connect with your audience Best of all they help readers craft a message that says something people truly need and want to hear Filled with wit humor and wisdom from decades of preaching this book will equip preachers pastors ministry leaders and students to preach relevant biblical and engaging topical sermons Author Sam Chan says Just over a decade ago I was asked by an organization to speak at their end of year dinner They wanted me to address the topic of being a Christian single but I had no idea how to prepare and deliver a topical talk When the night arrived I preached an old three point expository sermon and merely changed the ending to include some application on singleness At best I got some polite comments afterwards At worst people's looks indicated that my biblical talk had little relevance for them They could not have been less fooled by my disingenuous workaround I went home vowing never to repeat that poor performance I felt like the unfaithful servant who had not adequately used what talents had been given to him As a result I have dedicated the last decade of my

preaching ministry to overcoming and mastering the art of topical preaching This book is a product of that journey
