The People's Liberation Army; Communist China's Armed Forces Angus M. Fraser,1973 **The People's Liberation Army: Communist China's Armed Forces [By] Angus M. Fraser** Angus M. Fraser,1973 **The People's Liberation Army and China in Transition** Stephen J. Flanagan,Michael E. Marti,2004-10-01 Essays examine leadership shifts under way in the People s Liberation Army and how the Chinese armed forces are coping with dramatic change in economic and social life the Chinese Communist Party s search for relevance developments in the global security environment and the revolution in military affairs **Revival: The People's Liberation Army and China's Nation-Building (1973)** Ying-Mao Kau,2017-09-29 This revised edition brings the problem of Third World conflict into the post Cold War era It asks when and how should the developed countries intervene in internal wars outside of their traditional geopolitical interest and what can such intervention realistically accomplish The Chinese Communist People's Liberation Army Jack Kermit Ringler,1980 *Shaping China's Security Environment* Andrew Scobell,Larry M. Wortzel,2006 The contributions contained herein address the role of the Chinese military in shaping its country s security environment Of course the PLA itself is shaped and molded by both domestic and foreign influences In the first decade of the 21st century the PLA is not a central actor in China s foreign policy the way it was just a few decades ago Nevertheless the significance of the PLA must be understood The military remains a player that seeks to play a role and influence China s policy towards such countries and regions as the United States Japan the Koreas Southeast Asia South Asia and of course Taiwan It is important not to overlook that in times of crisis or conflict the role and influence of the PLA rise significantly People's Republic of China People's Liberation Army Air Force Kenneth W. Allen,1991 *The Chinese Communist Armed Forces* Kenneth R. Whiting,1974 Although the history and present state of the Chinese Communist military forces are not as well covered as those of the Soviet Union nevertheless there is a relatively large number of books articles and source collections available in English Then why this study The answer is simply that this is an attempt to tell the story of the Chinese Red Army in as concise a form as possible without compressing the narrative to the point of distortion The study may seem overstuffed with facts or what pass for facts but the author can assure the reader that he did his best to eliminate all but those he considered essential The historical approach has been used for the simple reason that like any other organism the Chinese Red Army is a melange of strengths and weaknesses rooted in its evolution **Knowing the People's Liberation Army** Ya-Ming Lee,2021-10-01 CHAPTER 1 THE MILITARY HISTORY OF THE CHINESE COMMUNIST PARTY CHAPTER 2 ORGANIZATION REFORM IN DEEPENING DEFENSE CHAPTER 3 MILITARY ORGANIZATION OF THE COMMUNIST PARTY OF CHINA CHAPTER 4 THREE MAJOR ARMED FORCES OF THE PLA CHAPTER 5 PROFESSIONAL MILITARY EDUCATION OF CHINA CHAPTER 6 THE MILITARY SYSTEM OF THE CCP CHAPTER 7 PLA POLITICAL WORK DEPARTMENT CHAPTER 8 POLITICAL WORK EDUCATION IN THE PLA CHAPTER 9 PLA S HUMAN RESOURCES

MANAGEMENT REFERENCE *The Chinese People's Liberation Army* Samuel B. Griffith, 1968 Beskrivelse af Folkerepublikken Kina s h r herunder borgerkrigen og revolutionen der f rte Mao Tse Tung til magten **The Chinese Military System** Harvey W Nelsen, 2019-07-11 To understand the Chinese military and thereby the dynamics of China s peacetime army one must understand its organizational system To that end Harvey Nelsen has written a book that examines in detail the entire organization of the Chinese People s Liberation Army PLA Dr Nelsen studies the PLA from top to bottom Throughout he challenges the widely held theory that military politics in China are largely determined by personal relations among officers and that the PLA is more a civic action army than are most military organizations Important as a purely military study this book is valuable also for the light it sheds on the whole of Chinese bureaucratic politics This second edition has been revised to reflect changes that have occurred since the death of Chairman Mao as well as to incorporate new information about the Chinese military and political system during Mao s reign The Lessons of History Laurie Burkitt, Andrew Scobell, Larry M. Wortzel, 2003 *Shaping China's Security Environment* Andrew Scobell, Larry M. Wortzel, 2006 The contributions contained herein address the role of the Chinese military in shaping its country s security environment Of course the PLA itself is shaped and molded by both domestic and foreign influences In the first decade of the 21st century the PLA is not a central actor in China s foreign policy the way it was just a few decades ago Nevertheless the significance of the PLA must be understood The military remains a player that seeks to play a role and influence China s policy towards such countries and regions as the United States Japan the Koreas Southeast Asia South Asia and of course Taiwan It is important not to overlook that in times of crisis or conflict the role and influence of the PLA rise significantly

Revival: The People's Liberation Army and China's Nation-Building (1973) Ying-Mao Kau, 2017-09-29 This revised edition brings the problem of Third World conflict into the post Cold War era It asks when and how should the developed countries intervene in internal wars outside of their traditional geopolitical interest and what can such intervention realistically accomplish **China's Incomplete Military Transformation** Michael S. Berkowitz, 2015-02-13 This report examines many of the weaknesses in China s People s Liberation Army PLA human capital and organization realms its combat capabilities across various domains and China s defense research and industrial complex Furthermore the report analyzes how these weaknesses affect the PLA s performance of missions tasked by Beijing China s military isn t ready to win wars despite spending heavily to modernize The People s Liberation Army suffers from potentially serious weaknesses that could limit its ability to conduct the operations required to fight and win future conflicts Although the PLA s capabilities have increased dramatically its remaining weaknesses increase the risk of failure to successfully perform the missions the Chinese Communist Party leaders may task it to perform the report says It cited Taiwan contingencies maritime claim missions protecting sea lines of communications and some non war military operations The report looks at two critical shortcomings

Department of the Army,1960 **Chinese Civil-Military Relations** Nan Li,2010-04-05 This new book addresses three key issues What has changed in Chinese civil military relations What can account for changes And what are the implications for Chinese security policy and strategic behaviour It tackles these questions by sharply assessing civil military dynamics in elite politics such dynamics in national security and arms control policy relations between commanders and political commissars relations between the PLA and society civil military dynamics regarding defence economics and logistics and such dynamics regarding dual use technologies and defence industry These analyses build into the central theme that the emphasis of Chinese civil military relations is shifting from politics to military tasks This is an extremely important new development by a nation many predict to become a super power in the twenty first century This is therefore essential reading for all students and scholars of strategic and security studies Chinese studies and international relations *Handbook on the Chinese Armed Forces* United States.
