**Official Report of the Debates of the House of Commons of the Dominion of Canada** Canada. Parliament. House of Commons, 1902.

The Acadians James Laxer, 2010-05-14. An evocative and beautifully written history of some of Canada's earliest settlers and their search for a definitive home. In 1604, a small group of migrants fled political turmoil and famine in France to start a new colony on Canada's east coast. Their roughly demarcated territory included what are now Canada's Maritime provinces, land that was fought over by the British and French empires until the Acadians were finally expelled in 1755. Their diaspora persists to this day. The Acadians is the definitive history of a little-known part of the North American past and the quintessential story of a people in search of their identity. In the absence of a state, what defines an Acadian is elusive, and while today's Acadian community centred in New Brunswick is more confident than ever, it is entering a contentious debate about its future. James Laxer's compelling book brilliantly explores one of Canada's oldest and most distinct cultural groups and shows how their complex, often tragic history reflects the larger problems facing Canada and the world today.

**Something of a Peasant Paradise?** Gregory M.W. Kennedy, 2014-03-01. Were Acadians better off than their rural counterparts in old regime France? Did they enjoy a Golden Age? To what degree did a distinct Acadian identity emerge before the wars and deportations of the mid-eighteenth century? In *Something of a Peasant Paradise*, Gregory Kennedy compares Acadie in North America with a region of western France, the Loudunais, from which a number of the colonists originated. Kennedy considers the natural environment, the role of the state, the economy, the seigneurie, and local governance in each place to show that similarities between the two societies have been greatly underestimated or ignored. The Acadian colonists and the people of the Loudunais were frontier peoples with dispersed

settlement patterns based on kin groups who sought to make the best use of the land and to profit from trade opportunities Both societies were hierarchical demonstrated a high degree of political agency and employed the same institutions of local governance to organize their affairs and negotiate state demands Neither group was inherently more prosperous egalitarian or independent minded than the other Rather the emergence of a distinct Acadian identity can be traced to the gradual adaptation of traditional methods institutions and ideas to their new environmental and political situations A compelling comparative analysis based on archival evidence on both sides of the Atlantic Something of a Peasant Paradise Challenges the traditional historiography and demonstrates that Acadian society shared many of its characteristics with other French rural societies of the period *Canada's Diverse Peoples* John M. Bumsted,2003-11-17 From Canada s profound racism in the 19th and early 20th centuries to its radical shift in immigration policy in the 1960s this one of a kind reference explores the past 1 000 years of ethnicity in Canada In 1867 Canada was established as a political nation with two general ethnic cultures yet more than 191 ethnic groups currently reside there Canada s Diverse Peoples gives students of Canadian history sociology anthropology and history a unique opportunity to understand the tensions conflicts and cooperation between Canada s indigenous and immigrant populations In this comprehensive reference Historian J M Bumsted takes readers on a chronological tour of Canada s ethnic history from aboriginal society and the French and English founding cultures to the Alien Menace of World War I and the influx of refugees after World War II From the botched storming of the ship Komagata Maru and its forced return to India to Quebec s separatism Bumsted explores one of the most important themes in Canadian historical development **American Folklore** Jan Harold Brunvand,2006-05-24 Contains over 500 articles Ranging over foodways and folksongs quilting and computer lore Pecos Bill Butch Cassidy and Elvis sightings more than 500 articles spotlight folk literature music and crafts sports and holidays tall tales and legendary figures genres and forms scholarly approaches and theories regions and ethnic groups performers and collectors writers and scholars religious beliefs and practices The alphabetically arranged entries vary from concise definitions to detailed surveys each accompanied by a brief up to date bibliography Special features More than 2000 contributors Over 500 articles spotlight folk literature music crafts and more Alphabetically arranged Entries accompanied by up to date bibliographies Edited by America s best known folklore authority **The Maritime Provinces** Moses Foster Sweetser,1892 [The Earth and Its Inhabitants ...](#) Elisée Reclus,1895 [The Earth and Its Inhabitants ...: British North America](#) Elisée Reclus,1893 **The Maritime Provinces** Moses Forster SWEETSER,1875
