# Peoples President The Electoral College In American History And The Direct Vote Alternative

**David E. Kyvig**

## **Peoples President The Electoral College In American History And The Direct Vote Alternative:**

*The People's President* Neal R. Peirce, 1968 Detailed statement of the case for reform of the allegedly outmoded system of electing the President of the United States      *The People's President* Neal R. Peirce, Lawrence D. Longley, Professor Lawrence D Longley, 1981 Neal Peirce's *The People's President* first published in 1968 has been the standard guide to the history and performance of the electoral college The book describes in fascinating detail and highly readable prose how we elect our president      *The Electoral College and Direct Election of the President* United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, 1993      ***The Electoral College and Direct Election*** United States. Congress. Senate. Committee on the Judiciary, 1977      *The Electoral College and Direct Election* United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, 1977      *Direct Popular Election of the President and Vice President of the United States* United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, 1979      *Resilient America* Michael Nelson, 2017-06-26 To look at the partisan polarization that paralyzes Washington today is to see what first took shape with the presidential election of 1968 This book explains why Urban riots and the Tet Offensive the assassinations of Martin Luther King Jr and Robert F Kennedy the politics of outrage and race all pointed to a reordering of party coalitions of groups and regions a hardening and widening of an ideological divide and to the historical importance of the 1968 election as a watershed event *Resilient America* captures this extraordinary time in all its drama the personalities the politics the parties the events and the circumstances from the shadow of 1964 through the primaries to the general election that pitted Richard Nixon against Hubert Humphrey with George Wallace and Eugene McCarthy as the interlopers Where most accounts of this pivotal year and the decade that followed emphasize the coming apart of the nation this book focuses on the fact that because of measures taken after the election the country actually held together An esteemed scholar of the American presidency Michael Nelson turns our attention to how in spite of increasing and increasingly vehement differences the parties of the time managed to make divided government work Conventional political processes peaceful demonstrations congressional legislation executive initiatives Supreme Court decisions party reforms and presidential politics were flexible enough to absorb most of the dissent that tore America deeply in 1968 and might otherwise have torn it apart This fraught time as Nelson's work clearly demonstrates produced unity as well as results well worth noting in our current predicament      *Constitutional Reform and Effective Government* James Sundquist, 2011-01-01 For years the public has become increasingly disillusioned and cynical about its governmental institutions In the face of alarming problems most notably the 400 billion budget deficit the government seems deadlocked reduced to partisan posturing and bickering with the president and Congress blaming each other for failure And neither party can be held accountable The public tendency is to blame individual leaders or politicians as a class but an insistent and growing number of experienced statesmen and political scientists believe that much of the

difficulty can be traced to the governmental structure itself designed in the eighteenth century and essentially unchanged since then Is that inherited constitutional system adequate to meet the challenges of the twenty first century or has the time come for fundamental change Should we adopt an electoral system that encourages unified control of the presidency the Senate and the House Lengthen terms of office Limit congressional terms Abolish or modify the electoral college Introduce a mechanism for calling special elections Permit legislators to hold executive offices Redistribute the balance of powers within the governmental system In this revised edition of his highly acclaimed 1986 volume James Sundquist reviews the origins and rationale of the constitutional structure and the current debate about whether reform is needed then raises practical questions about what changes might work best if a consensus should emerge that the national government is too prone to stalemate to meet its responsibilities Analyzing the main proposals advanced to adapt the Constitution to current conditions he attempts to separate the workable ideas from the unworkable the effective from the ineffective the possibly feasible from the wholly infeasible and finally arrives at a set of recommendations of his own

**A Companion to the United States Constitution and Its Amendments** John R. Vile, 2015-03-03 Now in its sixth edition with coverage of major Supreme Court decisions through the end of the 2013 2014 term this book remains a key source for students professors and citizens seeking balanced up to date information on the Constitution its amendments and how they have been interpreted A document that is well past two centuries old the U S Constitution remains as relevant and important today as during the time of our country s founding Now in its sixth edition this single volume work offers a fair non partisan treatment of one of the most important documents in American history The book begins with introductory background information on the U S Constitution and the Declaration of Independence and then presents a clause by clause explanation of the Constitution from the preamble through all of its amendments addressing how each has been interpreted by the U S Supreme Court and other institutions throughout U S history This fully updated edition of A Companion to the United States Constitution and Its Amendments incorporates numerous new developments in the four years since the previous edition including the appointments of new Supreme Court justices impactful cases involving First Amendment rights for students the Affordable Care Act National Security Agency NSA data gathering voting rights campaign finance law DNA sampling and the ongoing battle over gay rights As with the previous editions John R Vile provides a balanced and thorough treatment that identifies key Supreme Court decisions and other interpretations of the document while abstaining from unnecessarily complex and confusing explanations

*The Voice of the People* James S. Fishkin, 1997-01-01 Philosopher and political scientist James Fishkin evaluates modern democratic practices explains how the voice of the people has struggled to make itself heard in the past and combines a review of ideas and experiments including his own idea for a National Issues Convention that was adapted by PBS in January 1996 to legitimately rediscover the people s voice

Breaking the Deadlock Richard A. Posner, 2001-07-05 The 2000 Presidential election ended in a collision of history law and the courts It produced a deadlock that dragged out the result for over a month

and consequences real and imagined that promise to drag on for years In the first in depth study of the election and its litigious aftermath Judge Posner surveys the history and theory of American electoral law and practice analyzes which Presidential candidate really won the popular vote in Florida surveys the litigation that ensued evaluates the courts the lawyers and the commentators and ends with a blueprint for reforming our Presidential electoral practices The book starts with an overview of the electoral process including its history and guiding theories It looks next at the Florida election itself exploring which candidate really won and whether this is even a meaningful question The focus then shifts to the complex litigation both state and federal provoked by the photo finish On the basis of the pragmatic jurisprudence that Judge Posner has articulated and defended in his previous writings this book offers an alternative justification for the Supreme Court s decision in *Bush v Gore* while praising the Court for averting the chaotic consequences of an unresolved deadlock Posner also evaluates the performance of the lawyers who conducted the post election litigation and of the academics who commented on the unfolding drama He argues that neither Gore s nor Bush s lawyers blundered seriously but that the reaction of the legal professoriat to the litigation exposed serious flaws in the academic practice of constitutional law While rejecting such radical moves as abolishing the Electoral College or creating a national ballot Posner concludes with a detailed plan of feasible reforms designed to avoid a repetition of the 2000 election fiasco Lawyers political scientists pundits and politicians are waiting to hear what Judge Posner has to say But this book is written for and will be welcomed by all who were riveted by the recent crisis of presidential succession

*Explicit and Authentic Acts* David E. Kyvig, 2016-03-14 In time for the 225th anniversary of the Bill of Rights David Kyvig completed an Afterword to his landmark study of the process of amending the US Constitution The Afterword discusses the many amendments such those requiring a balanced federal budget or limiting the terms of members of Congress that have been proposed since the book was originally published and why they failed of passage At a time when prominent scholars and other public figures have called for a constitutional convention to write a new constitution arguing that our current system of governance is unsustainable Kyvig reminds us of the high hurdles the founders created to amending the constitution and how they have served the country well preventing the amendment process from being used by one faction to serve the passions of the moment In his farewell address President Washington reminded his audience that the Constitution till changed by an explicit and authentic act of the whole people is sacredly obligatory upon all He regarded the Constitution as a binding document worthy of devout allegiance but also believed that it contains a clear and appropriate procedure for its own reform David Kyvig s illuminating study provides the most complete and insightful history of that amendment process and its fundamental importance for American political life Over the course of the past two centuries more than 10 000 amendments have been proposed by the method stipulated in Article V of the Constitution Amazingly only 33 have garnered the required two thirds approval from both houses of Congress and only 27 were ultimately ratified into law by the states Despite their small number those amendments have revolutionized

American government while simultaneously legitimizing and preserving its continued existence. Indeed they have dramatically altered the relationship between state and federal authority as well as between government and private citizens. Kyvig reexamines the creation and operation of Article V illuminating the process and substance of each major successful and failed effort to change the formal structure, duties and limits of the federal government. He analyzes in detail the Founders' intentions, the periods of great amendment activity during the 1790s, 1860s, 1910s and 1960s, and the considerable consequences of amendment failure involving slavery, alcohol prohibition, child labor, New Deal programs, school prayer, equal rights for women, abortion, balanced budgets, term limits, and flag desecration. Journal of Election Administration, 1988

**FEC Journal of Election Administration**, 1988      **The Cycles of American History** Arthur M.

Schlesinger, 1999-06-16 A Pulitzer Prize winning historian discusses the Cold War, political parties, the presidency and many broader philosophical issues with incisive wit. Library Journal. A celebrated historian, speechwriter and adviser to President Kennedy, Arthur M. Schlesinger Jr. draws on decades of astute observation to construct a dialectic of American politics or, as Time magazine called it, a recurring struggle between pragmatism and idealism in the American soul. The Cycles of American History traces two conflicting visions of America: Experiment vs. Destiny through two centuries of political evolution, conflict and progress. In this updated edition, Schlesinger reflects on the dawn of a new millennium and how new social and technological revolutions could lead to a revolution in American political cycles. Whatever the nation's political future, it can benefit from the intelligence and regard for our country's best traditions evident in these informed and humane essays. The New York Times displays the author at his best: trenchant, erudite, crisp. Foreign Affairs: An excellent and provocative primer on the challenges surrounding the contemporary American political setting. First rate history mixed with a strong sense of public service. The Christian Science Monitor.

**Choosing Presidents** Michael Novak, 2017-07-28 In Choosing Presidents, Novak uses the election of an American president as a means to dissect the symbols of our national life and politics, exposing many as distorted perceptions of American realities. This work is a guide to the complexities of electoral politics and a lasting contribution to our understanding of the presidency. The author is Michael Novak. Critical

Perspectives on the Electoral College Bridey Heing, 2019-07-15 In the ongoing debates surrounding the United States voting process, few topics are as heatedly discussed as the electoral college. It was established as a safeguard for democracy, but today many fear the electoral college does just the opposite. Twice in recent elections, the president who won the election did not win the popular vote, and many are concerned that the electoral college has outlasted its relevance. This collection of essays explores the impact, significance and history of the electoral college, providing students with a wide-ranging look at what this institution means and key ideas about its future. **Democracy at Risk** Stephen Macedo, 2006-05-25 Voter turnout was unusually high in the 2004 U.S. presidential election. At first glance, that level of participation, largely spurred by war in Iraq and a burgeoning culture war at home, might look like vindication of democracy. If the recent past is any

indication however too many Americans will soon return to apathy and inactivity Clearly all is not well in our civic life Citizens are participating in public affairs too infrequently too unequally and in too few venues to develop and sustain a robust democracy This important new book explores the problem of America's decreasing involvement in its own affairs *Democracy at Risk* reveals the dangers of civic disengagement for the future of representative democracy The authors all eminent scholars undertake three main tasks documenting recent trends in civic engagement exploring the influence that the design of political institutions and public policies have had on those trends and recommending steps that will increase the amount and quality of civic engagement in America The authors focus their attention on three key areas the electoral process including elections and the way people get involved the impact of location including demographic shifts and changing development patterns and the critical role of nonprofit organizations and voluntary associations including the philanthropy that help keep them going This important project initially sponsored by the American Political Science Association tests the proposition that social science has useful insights on the state of our democratic life Most importantly it charts a course for reinvigorating civic participation in the world's oldest democracy The authors Stephen Macedo Princeton University Yvette Alex Assensoh Indiana University Jeffrey M Berry Tufts Michael Brintnall American Political Science Association David E Campbell Notre Dame Luis Ricardo Fraga Stanford Archon Fung Harvard William

**Understanding the Fundamentals of the U.S. Presidential Election System** Alexander S. Belenky, 2012-04-25 This is the first book on the U S presidential election system to analyze the basic principles underlying the design of the existing system and those at the heart of competing proposals for improving the system The book discusses how the use of some election rules embedded in the U S Constitution and in the Presidential Succession Act may cause skewed or weird election outcomes and election stalemates The book argues that the act may not cover some rare though possible situations which the Twentieth Amendment authorizes Congress to address Also the book questions the constitutionality of the National Popular Vote Plan to introduce a direct popular presidential election de facto without amending the Constitution and addresses the plan's Achilles Heel In particular the book shows that the plan may violate the Equal Protection Clause from the Fourteenth Amendment of the Constitution Numerical examples are provided to show that the counterintuitive claims of the NPV originators and proponents that the plan will encourage presidential candidates to chase every vote in every state do not have any grounds Finally the book proposes a plan for improving the election system by combining at the national level the one state one vote principle embedded in the Constitution and the one person one vote principle Under this plan no state loses its current Electoral College benefits while all the states gain more attention of presidential candidates

**Two Into One** Lawrence D Longley, 2019-03-22 Recent scholarship points to a new institutionalism just as recent political developments point to a trend toward democratization If institutions matter and if legislatures are the democratic institutions in which the voice of the people speaks then the organization of legislatures bi or unicameral has important consequences for democracy

### **Peoples President The Electoral College In American History And The Direct Vote Alternative Introduction**

In todays digital age, the availability of Peoples President The Electoral College In American History And The Direct Vote Alternative books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Peoples President The Electoral College In American History And The Direct Vote Alternative books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Peoples President The Electoral

College In American History And The Direct Vote Alternative books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Peoples President The Electoral College In American History And The Direct Vote Alternative versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Peoples President The Electoral College In American History And The Direct Vote Alternative books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Peoples President The Electoral College In American History And The Direct Vote Alternative books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Peoples President The Electoral College In American History And The Direct Vote Alternative books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Peoples President The Electoral College In American History And The Direct Vote Alternative books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have

access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Peoples President The Electoral College In American History And The Direct Vote Alternative books and manuals for download and embark on your journey of knowledge?

### **FAQs About Peoples President The Electoral College In American History And The Direct Vote Alternative Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Peoples President The Electoral College In American History And The Direct Vote Alternative is one of the best book in our library for free trial. We provide copy of Peoples President The Electoral College In American History And The Direct Vote Alternative in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Peoples President The Electoral College In American History And The Direct Vote Alternative. Where to download Peoples President The Electoral College In American History And The Direct Vote Alternative online for free? Are you looking for Peoples President The Electoral College In American History And The Direct Vote Alternative PDF? This is definitely going to save you time and cash in something you should think about.
