Donoghue, 2008-08-05 Provides a clear and succinct introduction to teaching the language arts to elementary students Key Features Focuses on integrating the six language arts reading writing listening speaking viewing and visually representing with other subject areas Provides guidance on differentiating instruction to bring out the best in the rapidly growing number of students with special needs and English language learners in the regular classroom Includes a detailed lesson plan in each chapter along with instructional activities and techniques to integrate the language arts across all the subjects in the elementary curriculum Accompanied by High Quality Ancillaries Student Resource CD Bundled with the book this CD includes video clips and discussion questions that correlate with important chapter concepts Web based student study site This interactive study site provides practice tests flashcards chapter summaries links to NCTE IRA and state specific Language Arts standards and much more Instructor Resources on CD Available by contacting SAGE Customer Care at 1 800 818 SAGE 7243 this CD for instructors offers resources such as lecture outlines PowerPoint slides a test bank and sample syllabi for semester and quarter courses Intended Audience This book is intended for undergraduate and graduate courses in elementary language arts methods which teaches pre service teachers and licensure certification candidates specifically how to teach their students the basics of the six language arts reading writing listening speaking viewing and visually representing

**Doing History** Linda S. Levstik, Keith C. Barton, 2011-01-26 Now in its fourth edition this popular text offers a unique perspective on

teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The central assumption is that children can engage in valid forms of historical inquiry collecting and data analysis examining the perspectives of people in the past considering multiple interpretations and creating evidence based historical accounts In each chapter the authors explain how the teaching demonstrated in the vignettes reflects basic principles of contemporary learning theory thus providing specific examples of successful activities and placing them in a theoretical context that allows teachers to adapt and apply them in a wide variety of settings New in the Fourth Edition Expanded coverage of world history in two new chapters Integration of new technologies to support history instruction Updated classroom examples bibliographies and references

**Educational Research** Norman E. Wallen, Jack R. Fraenkel, 2013-03-07 Educational Research A Guide to the Process is a different kind of research text It emphasizes the process of research that is what researchers actually do as they go about designing and carrying out their research activities Rather than passively reading about research operations it promotes content mastery by using a three step pedagogical model that involves a manageable chunk of text a comprehension or application exercise and author feedback on the exercise The text contains approximately 150 of these exercise feedback units The second edition has been thoroughly updated expanded from 15 to 20 chapters and reorganized into two parts Part I covers basic aspects of the research process provides an example of a student research proposal and shows how to evaluate a research report Part II provides a separate chapter for each research methodology including two chapters on qualitative research Other noteworthy changes include more annotated studies and more visual illustrations of statistical and research methods

Literature Connections to American History K6 Lynda G. Adamson, 1997-09-15 Identifying thousands of historical fiction novels biographies history trade books CD ROMs and videotapes this book helps you locate resources on American history for students Each book presents information in two sections In the first part titles are listed according to grade levels within eras and further organized according to product type The books cover American history from North America Before 1600 and The American Colonies 1600 1774 to The Mid Twentieth Century 1946 1975 and Since 1975 The second section has annotated bibliographies that describe each title and includes publication information and awards won The focus is on books published since 1990 and all have received at least one favorable review Some books with more illustration than text will be valuable for enticing slow or reticent readers An index helps users find resources by author title or biographical subject

**MegaSkills(C)** Dorothy Rich, 2008-07-01 MegaSkills is a remarkable achievement what it means is that parents across the country are willing to stand shoulder to shoulder with teachers in ensuring that our children have the best possible education Don Cameron former Executive Director National Education Association The classic guide to childhood achievement taught in more than 4 000 schools Specially designed for school aged children this cornerstone guide provides
