

# Popular Culture In American History

**E. Taylor Atkins**

## **Popular Culture In American History:**

**Popular Culture in American History** Jim Cullen, 2013-04-01 The second edition of Popular Culture in American History updates the text for a contemporary readership and explores academic developments in this area of study over the last decade Fully revised second edition with over 50 percent new material Compact and classroom friendly format Includes the best writing on popular culture from the 1970s onwards Essays examine pivotal moments issues and genres in American popular culture from the penny press to the Internet

**With Amusement for All** LeRoy Ashby, 2006-05-12 Popular culture is a central part of everyday life to many Americans Personalities such as Elvis Presley Oprah Winfrey and Michael Jordan are more recognizable to many people than are most elected officials With Amusement for All is the first comprehensive history of two centuries of mass entertainment in the United States covering everything from the penny press to Playboy the NBA to NASCAR big band to hip hop and other topics including film comics television sports dance and music Paying careful attention to matters of race gender class technology economics and politics LeRoy Ashby emphasizes the complex ways in which popular culture simultaneously reflects and transforms American culture revealing that the world of entertainment constantly evolves as it tries to meet the demands of a diverse audience Trends in popular entertainment often reveal the tensions between competing ideologies appetites and values in American society For example in the late nineteenth century Americans embraced self made men such as John D Rockefeller and Andrew Carnegie the celebrities of the day were circus tycoons P T Barnum and James A Bailey Wild West star Buffalo Bill Cody professional baseball organizer Albert Spalding and prizefighter John L Sullivan At the same time however several female performers challenged traditional notions of weak frail Victorian women Adah Isaacs Menken astonished crowds by wearing tights that made her appear nude while performing dangerous stunts on horseback and the shows of the voluptuous burlesque group British Blondes often centered on provocative images of female sexual power and dominance Ashby describes how history and politics frequently influence mainstream entertainment When Native Americans blacks and other non whites appeared in the nineteenth century circuses and Wild West shows it was often to perpetuate demeaning racial stereotypes crowds jeered Sitting Bull at Cody's shows By the early twentieth century however black minstrel acts reveled in racial tensions reinforcing stereotypes while at the same time satirizing them and mocking racist attitudes before a predominantly white audience Decades later Red Foxx and Richard Pryor's profane comedy routines changed American entertainment The raw ethnic material of Pryor's short lived television show led to a series of African American sitcoms in the 1980s that presented common American experiences from family life to college life with black casts Mainstream entertainment has often co opted and sanitized fringe amusements in an ongoing process of redefining the cultural center and its boundaries Social control and respectability vied with the bold erotic sensational and surprising as entrepreneurs sought to manipulate the vagaries of the market control shifting public appetites and capitalize on campaigns to protect public morals Rock n Roll was one such fringe culture in the 1950s Elvis

blurred gender norms with his androgynous style and challenged conventions of public decency with his sexually charged performances By the end of the 1960s Bob Dylan introduced the social consciousness of folk music into the rock scene and The Beatles embraced hippie counter culture Don McLean s 1971 anthem American Pie served as an epitaph for rock s political core which had been replaced by the spectacle of hard rock acts such as Kiss and Alice Cooper While Rock n Roll did not lose its ability to shock in less than three decades it became part of the established order that it had originally sought to challenge With Amusement for All provides the context to what Americans have done for fun since 1830 showing the reciprocal nature of the relationships between social political economic and cultural forces and the way in which the entertainment world has reflected refracted or reinforced the values those forces represent in America **The Art of**

**Democracy** Jim Cullen,1996 From the proliferation of novels written by white women in the late eighteenth century to the rise of rap music composed by black men in the late twentieth century popular culture has been a powerful force in the United States resonating within the society as a whole and at the same time connecting disparate and even hostile constituencies In this fascinating history written for the general reader Jim Cullen traces the development of this culture over two centuries The novels of the late eighteenth and early nineteenth centuries the theater and minstrel shows of the mid nineteenth century the movies and television of the twentieth century are the building blocks that Cullen uses to demonstrate the boundaries of form embracing novels theater films music and television and geography from the Mississippi Delta to the Great Plains to the streets of New York s Lower East Side Synthesizing a huge amount of scholarship much of it published within the last ten years Cullen shows how unique and vibrant popular cultural forms have overcome initial resistance from the elites and enabled historically marginalized groups to gain access to the fruits of society and recognition from mainstream Back cover

American Culture, American Tastes Michael Kammen,2012-10-03 Americans have a long history of public arguments about taste the uses of leisure and what is culturally appropriate in a democracy that has a strong work ethic Michael Kammen surveys these debates as well as our changing taste preferences especially in the past century and the shifting perceptions that have accompanied them Professor Kammen shows how the post traditional popular culture that flourished after the 1880s became full blown mass culture after World War II in an era of unprecedented affluence and travel He charts the influence of advertising and opinion polling the development of standardized products shopping centers and mass marketing the separation of youth and adult culture the gradual repudiation of the genteel tradition and the commercialization of organized entertainment He stresses the significance of television in the shaping of mass culture and of consumerism in its reconfiguration over the past two decades Focusing on our own time Kammen discusses the use of the fluid nature of cultural taste to enlarge audiences and increase revenues and reveals how the public role of intellectuals and cultural critics has declined as the power of corporate sponsors and promoters has risen As a result of this diminution of cultural authority he says definitive pronouncements have been replaced by divergent points of view and there is as well a

tendency to blur fact and fiction reality and illusion An important commentary on the often conflicting ways Americans have understood defined and talked about their changing culture in the twentieth century An Introduction to Popular Culture in the US Jenn Brandt, Callie Clare, 2018-01-25 Winner of the Popular Culture Association's 2018 John G Cawelti Award for the Best Textbook Primer What is popular culture Why study popular culture in an academic context An Introduction to Popular Culture in the US People Politics and Power introduces and explores the history and contemporary analysis of popular culture in the United States In situating popular culture as lived experience through the activities objects and distractions of everyday life the authors work to broaden the understanding of culture beyond a focus solely on media texts taking an interdisciplinary approach to analyze American culture its rituals beliefs and the objects that shape its existence After building a foundation of the history of popular culture as an academic discipline the book looks broadly at cultural myths and the institutional structures genres industries and people that shape the mindset of popular culture in the United States It then becomes more focused with an examination of identity exploring the ways in which these myths and mindset are internalized practiced and shaped by individuals The book concludes by connecting the broad understanding of popular culture and the unique individual experience with chapters dedicated to the objects communities and celebrations of everyday life This approach to the field of study explores all matters of culture in a way that is accessible and relevant to individuals in and outside of the classroom **Crossroads** Mitchell K. Hall, 2005-09-21 American popular culture changed dramatically during the Vietnam era This book explores the popular culture that shaped the baby boomers and the transformation that generation wrought in movies television sports and music It looks at the ways in which these cultural elements reflected the upheaval and unrest in Vietnam era America The History of Popular Culture Norman F. Cantor, Michael S. Werthman, 1968 A collection of more than 150 studies in social and cultural history written by respected scholars and incisive commentators whose primary concern is human behavior and the nature of human society

**American Popular Culture in the Era of Terror** Jesse Kavadlo, 2015-09-15 Bringing together the most popular genres of the 21st century this book argues that Americans have entered a new era of narrative dominated by the fear and wish fulfillment of the breakdown of authority and terror itself Bringing together disparate and popular genres of the 21st century American Popular Culture in the Era of Terror Falling Skies Dark Knights Rising and Collapsing Cultures argues that popular culture has been preoccupied by fantasies and narratives dominated by the anxiety and strangely the wish fulfillment that comes from the breakdowns of morality family law and order and storytelling itself From aging superheroes to young adult dystopias heroic killers to lustrous vampires the figures of our fiction film and television again and again reveal and revel in the imagery of terror Kavadlo's single author thesis driven book makes the case that many of the novels and films about September 11 2001 have been about much more than terrorism alone while popular stories that may not seem related to September 11 are deeply connected to it The book examines New York novels written in response to September 11 along

with the anti heroes of television and the resurgence of zombies and vampires in film and fiction to draw a correlation between Kavadlo's Era of Terror and the events of September 11 2001 Geared toward college students graduate students and academics interested in popular culture the book connects multiple topics to appeal to a wide audience

**A History of Popular Culture in Japan** E. Taylor Atkins, 2022-09-08 The phenomenon of Cool Japan is one of the distinctive features of global popular culture of the millennial age A History of Popular Culture in Japan provides the first historical and analytical overview of popular culture in Japan from its origins in the 17th century to the present day using it to explore broader themes of conflict power and meaning in Japanese history E Taylor Atkins shows how Japan was one of the earliest sites for the development of mass produced market oriented cultural products consumed by urban middle and working classes From traditional monochrome ink painting court literature and poetry to anime manga and J Pop popular culture was pivotal in the rise of Japanese nationalism imperialism militarism and economic development and to the present day plays a central role in Japanese identity With updated historiography throughout this fully revised second edition features A new chapter on popular culture in the Edo period An expanded section on pre Tokugawa culture More discussion on recent pop culture phenomena such as TV game shows cuteness and J Pop 10 new images A new glossary of terms including kanji This improved edition is a vital resource for students of Japanese cultural history wishing to gain a deeper understanding of Japan's contributions to global cultural heritage

**The Vietnam War in Popular Culture** Ron Milam, 2016-11-07 Covering many aspects of the Vietnam War that have not been addressed before this book supplies new perspectives from academics as well as Vietnam veterans that explore how this key conflict of the 20th century has influenced everyday life and popular culture during the war as well as for the past 50 years How did the experience of the Vietnam War change the United States not just in the 1950s through the 1970s but through to today What role do popular music and movies play in how we think of the Vietnam War How similar are the recent wars in Iraq and Afghanistan and now Syria to the Vietnam War in terms of duration cost success and failure rates and veteran issues This two volume set addresses these questions and many more examining how the Vietnam War has been represented in media music and film and how American popular culture changed because of the war Accessibly written and appropriate for students and general readers this work documents how the war that occurred on the other side of the globe in the jungles of Vietnam impacted everyday life in the United States and influenced various entertainment modes It not only covers the impact of the counterculture revolution popular music about Vietnam recorded while the war was being fought and after and films made immediately following the end of the war in the 1970s but also draws connections to more modern events and popular culture expressions such as films made in the aftermath of September 11 2001 Attention is paid to the impact of social movements like the environmental movement and the civil rights movement and their relationships to the Vietnam War The set will also highlight how the experiences and events of the Vietnam War are still impacting current generations through television shows such as Mad Men
