Twentieth-Century Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of

Russian poetry has been reshaped since the fall of the Soviet Union. A multi-authored study of changing cultural memory and identity, this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval. Literary canon and national identity are inextricably tied together, the composition of a canon being the attempt to single out those literary works that best express a nation's culture. This process is of course fluid and subject to significant shifts, particularly at times of epochal change. This volume explores changes in the canon of twentieth-century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008. In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy, the way was open for wholesale reinterpretation of twentieth-century poets such as Iosif Brodskii, Anna Akhmatova, and Osip Mandelstam, their works and their lives. In the last twenty years, many critics have discussed the possibility of various coexisting canons rooted in official and non-official literature and suggested replacing the term Soviet literature with a new definition: Russian literature of the Soviet period. Contributions to this volume explore the multiple factors involved in reshaping the canon, understood as a body of literary texts given exemplary or representative status as classics. Among factors which may influence the composition of the canon are educational institutions, competing views of scholars and critics, including figures outside Russia, and the self-canonising activity of poets themselves. Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre-revolutionary cultural traditions through a narrative of the past which foregrounds continuity. Despite persistent nostalgic yearnings in some quarters for a single canon, the current situation is defiantly diverse, balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground. Required reading for students, teachers, and lovers of Russian literature.

Twentieth Century Russian Poetry brings our understanding of post-Soviet Russia up to date. **Literary Journalism in British and American Prose** Doug Underwood, 2019-05-10. The debate surrounding fake news versus real news is nothing new. From Jonathan Swift's work as an acerbic anonymous journal editor turned novelist to reporter Mark Twain's hoax stories to Mary Ann Evans' literary reviews written under her pseudonym George Eliot, famous journalists and literary figures have always mixed fact, imagination, and critical commentary to produce memorable works. Contrasting the rival yet complementary traditions of literary or new journalism in Britain and the U.S., this study explores the credibility of some of the great works of English literature. Reassessing the Theatre of the Absurd M. Bennett, 2011-04-25. Fifty years after the publication of Martin Esslin's *The Theatre of the Absurd*, which suggests that absurd plays purport the meaninglessness of life, this book uses the works of five major playwrights of the 1950s to provide a timely reassessment of one of the most important theatre movements of the 20th century. *The Dramatic Works of Samuel Beckett* Charles A. Carpenter, 2011-10-13. Critical Perspectives on Abdulrazak Gurnah Tina Steiner, Maria Olausson, 2022-07-28. This edited volume provides a wide-ranging introduction to the novelistic oeuvre of the prize-winning author Abdulrazak Gurnah. It addresses a gap in Gurnah scholarship.
