Popular Culture And High Culture An Analysis And Evaluation Of Taste

Herbert Gans

Popular Culture And High Culture An Analysis And Evaluation Of Taste:

Popular Culture And High Culture Herbert J. Gans, 1974 This book is a sociological study of popular culture and high culture and of their place in American society It is also a critical study defending popular culture against some of its attackers particularly those claiming that only high culture is a culture and that popular culture is a dangerous mass phenomenon I believe both to be cultures and my analysis therefore looks at both with the same conceptual apparatus The apparatus itself is sociological but it rests on two value judgments 1 that popular culture reflects and expresses the aesthetic and other wants of many people thus making it culture and not just commercial menace and 2 that all people have a right to the culture they prefer regardless of whether it is high or popular In its conclusions the book is thus an argument for cultural democracy and an argument against the idea that only the cultural expert knows what is good for people and for society Finally the book is a study in cultural policy for it ends by translating its values and findings into some policy proposals for more cultural pluralism Preface page vii

Popular Culture and High Culture Herbert Gans, 2010-11-05 Is NYPD Blue a less valid form of artistic expression than a Shakespearean drama Who is to judge and by what standards In this new edition of Herbert Gans's brilliantly conceived and clearly argued landmark work he builds on his critique of the universality of high cultural standards While conceding that popular and high culture have converged to some extent over the twenty five years since he wrote the book Gans holds that the choices of typical Ivy League graduates not to mention Ph D's in literature are still very different from those of high school graduates as are the movie houses television channels museums and other cultural institutions they frequent This new edition benefits greatly from Gans's discussion of the politicization of culture over the last quarter century *Popular Culture and High Culture* is a must read for anyone interested in the vicissitudes of taste in American society

A Companion to Popular Culture Gary Burns, 2016-03-09 A Companion to Popular Culture is a landmark survey of contemporary research in popular culture studies that offers a comprehensive and engaging introduction to the field Includes over two dozen essays covering the spectrum of popular culture studies from food to folklore and from TV to technology Features contributions from established and up and coming scholars from a range of disciplines Offers a detailed history of the study of popular culture Balances new perspectives on the politics of culture with in depth analysis of topics at the forefront of popular culture studies

Self-Help Books Sandra K. Dolby, 2005-04-06 Understanding instead of lamenting the popularity of self help books Based on a reading of more than three hundred self help books Sandra K Dolby examines this remarkably popular genre to define self help in a way that's compelling to academics and lay readers alike Self Help Books also offers an interpretation of why these books are so popular arguing that they continue the well established American penchant for self education they articulate problems of daily life and their supposed solutions and that they present their content in a form and style that is accessible rather than arcane Using tools associated with folklore studies Dolby then examines how the genre makes use of stories aphorisms and a worldview that is at once traditional and contemporary The

overarching premise of the study is that self help books much like fairy tales take traditional materials especially stories and ideas and recast them into extended essays that people happily read think about try to apply and then set aside when a new embodiment of the genre comes along *Taste: Media and Interior Design* Karin Tehve,2023-06-26 This book traces and explores the evolution of taste from a design perspective what it is how it works and what it does Karin Tehve examines taste primarily through its recursive relationship to media This ongoing process changes the relationship between designers and the public and our understanding of the relationship of individuals to their social contexts Through an analysis of taste design is understood to be an active constituent of social life not as autonomous from it This book reclaims a term long dismissed from interior design and unveils taste s role as a powerful social and political agent within systems of aesthetics affecting both its producers and consumers Each chapter discusses a taste concept or definition analyzes its reciprocal relationship with media and explores its implications for interior design Illustrated with 70 images taste s relationship to media is viewed through a variety of different lenses including books photography magazines internet social media and algorithms Written primarily for students and scholars of interior design and related design fields this book will be a helpful resource for all those interested in the question of taste and is an invitation to produce and consume all media critically **Las Vegas in**

the Rearview Mirror Martino Stierli,2013 An illustrated reevaluation of the seminal architectural manifesto Learning from Las Vegas It explores the significance of this controversial publication by situating it in the artistic architectural and urbanist discourse of the 1960s and 70s and by evaluating the book s enduring influence of visual studies and architectural research

The Poetics of the American Suburbs Jo Gill,2013-10-16 The first scholarly study of the rich body of poetry that emerged from the post war American suburbs Gill evaluates the work of forty poets including Anne Sexton Langston Hughes and John Updike Combining textual analysis and archival research this book offers a new perspective on the field of twentieth century American literature

Culture in the Communication Age James Lull,2002-01-04 What does it mean to live in the Communication Age What has happened to culture in the Communication Age What is the nature of culture today Culture in the Communication Age brings together some of the world s leading thinkers from a range of academic disciplines to discuss what culture means in the modern era They describe key features of cultural life in the communication age and consider the cultural implications of the rise of global communication mass media information technology and popular culture Individual chapters consider Cultures of the mind Rethinking culture in a global context Re thinking Culture from ways of life to lifestyle Gender and Culture Popular Culture and Media Spectacles Visual Culture Star Culture Computers the Internet and Virtual Cultures Superculture in the Communication Age **The Wiley Blackwell Encyclopedia of**

Consumption and Consumer Studies Daniel Thomas Cook,J. Michael Ryan,2015-03-02 With entries detailing key concepts persons and approaches The Wiley Blackwell Encyclopedia of Consumption and Consumer Studies provides definitive coverage of a field that has grown dramatically in scope and popularity around the world over the last two decades Includes

over 200 A Z entries varying in length from 500 to 5 000 words with a list of suggested readings for each entry and cross references as well as a lexicon by category and a timeline Brings together the latest research and theories in the field from international contributors across a range of disciplines from sociology cultural studies and advertising to anthropology business and consumer behavior Available online with interactive cross referencing links and powerful searching capabilities within the work and across Wiley s comprehensive online reference collection or as a single volume in print www.consumptionandconsumerstudies.com Time, Leisure and Well-Being Jiri Zuzanek, 2020-08-02 The significance of work and leisure as elements of our social fabric have puzzled philosophers and social scientists for generations This ambitious new study considers historical views of work and leisure alongside contemporary survey evidence about time use and well being Combining sophisticated theoretical analysis with empirical research the book presents a contrarian argument that defines leisure as a serious and stimulating challenge rather than an unqualified benefit or good This is vital reading for anyone with an interest in the concept of time in the social sciences work life balance organisational studies or the history philosophy or sociology of work and leisure
