Popular Legacy Studies In Cultural Practices And Poetics:

A Feminist Legacy Suzanne Bordelon, 2009-03-10 The first book length investigation of a pioneering English professor and theorist at Vassar College A Feminist Legacy The Rhetoric and Pedagogy of Gertrude Buck explores Buck s contribution to the fields of education and rhetoric during the Progressive Era By contextualizing Buck s academic and theoretical work within the rise of women s educational institutions like Vassar College the social and political movement toward suffrage and Buck s own egalitarian political and social ideals Suzanne Bordelon offers a scholarly and well informed treatment of Buck s achievements that elucidates the historical and contemporary impact of her work and life Bordelon argues that while Buck did not call herself a feminist she embodied feminist ideals by demanding the full participation of her female students and by challenging power imbalances at every academic social and political level A Feminist Legacy reveals that Vassar College is an undervalued but significant site in the history of women s argumentation and pedagogy Drawing on a rich variety of archival sources including previously unexamined primary material A Feminist Legacy traces the beginnings of feminist theories of argumentation and pedagogy and their lasting legacy within the fields of education and rhetoric **Subject**

Ecopoetics and the Global Landscape Isabel Sobral Campos, 2018-12-27 Ecopoetics and the Global Landscape Critical Essays surveys ecopoetry from a global perspective across different historical epochs Its comparative approach foregrounds the importance of ecopoetics within the context of distinct national literatures and cultures to reveal the ubiquitous intersection of poetry with ecocriticism The collection analyzes environmental problems resulting from the legacies of colonialism and focuses on issues of environmental justice and indigenous issues as well as on the intersection of genocide studies and environmentalism It also examines ecologically informed modes of relating to the world In particular it engages with interactions between the human and nonhuman as well as mind and matter Finally it broadens the scope of place to include both the absent land of exiled peoples and the urban

built environment **Sensibility and Female Poetic Tradition, 1780-1860** Dr Claire Knowles, 2013-04-28 Arguing that the end of the eighteenth century witnessed the emergence of an important female poetic tradition Claire Knowles analyzes the poetry of several key women writing between 1780 and 1860 Knowles provides important context by demonstrating the influence of the Della Cruscan in exposing the constructed and performative nature of the trope of sensibility a revelation that was met with critical hostility by a literary culture that valorised sincerity This sets the stage for Charlotte Smith who pioneers an autobiographical approach to poetic production that places increased emphasis on the connection between the poet's physical body and her body of work Knowles shows the poets Susan Evance Letitia Elizabeth Landon and Elizabeth Barrett Browning advancing Smith's poetic strategy as they seek to elicit a powerful sympathetic response from readers by highlighting a connection between their actual suffering and the production of poetry From this environment a specific tradition in female poetry arises that is identifiable in the work of twentieth century writers like Sylvia Plath and continues to pertain today Alongside this new understanding of poetic tradition Knowles provides an innovative account of the central role of women writers to an emergent late eighteenth century mass literary culture and traces a crucial discursive shift that takes place in poetic production during this period She argues that the movement away from the passionate discourse of sensibility in the late eighteenth century to the more contained rhetoric of sentimentality in the early nineteenth had an enormous effect not only on female poets but also on British literary culture as a whole **Cultural Politics in Latin America** NA
