Population And Peace In The Pacific:

Population and Peace in the Pacific Warren Simpson Thompson, 1972 *Population and Peace in the Pacific* [extract]. Warren Simpson Thompson, 1946 **Peace and Security in the Asia-Pacific** Sorpong Peou, 2010-04-15 Demonstrating that none of the various perspectives under review has emerged as the clear winner in the struggle for theoretical hegemony in security studies this book shows that eclectic perspectives like democratic realist institutionalism can better explain peace and security in the Asian Pacific The Asian Pacific has emerged as one of the most important regions in the world causing scholars to pay increased attention to the various challenges old and new to peace and security there Peace and Security in the Asia Pacific Theory and Practice is a comprehensive critical review of the established theoretical perspectives relevant to contemporary peace and security studies in the light of recent experiences Illuminating ongoing debates in the field the book covers some 20 theoretical perspectives on peace and security in the Asian Pacific including realist liberal socialist peace and human security constructivist feminist and nontraditional security studies The first section of the book discusses perspectives in realist security studies the second part covers perspectives critical of realism The author's goal is to assess whether any of the perspectives found in nonrealist security studies are capable of undermining realism His conclusion is that each theoretical perspective has its strengths and weaknesses leaving eclecticism as the best way to understand the region's dynamics **War and Peace in the Pacific** Mont Tremblant Institute of Pacific relations. 8th conference (Quebec, 1942), 1943 **War and Peace in the Pacific** Institute of Pacific Relations, 1943 **Peace and Security in Indo-Pacific Asia** Sorpong Peou, 2021-11-21 Peace and Security in Indo Pacific Asia is for the informed the interested and the engaged Sorpong Peou brings together the skills of the pedagogue with the knowledge of the scholar Dr David Dewitt University Professor Emeritus Senior Scholar York University Toronto Canada Peou's excellent book provides both the lay reader and the specialist with six important theoretical frameworks which should provide the basis for better appreciation of what a security community in Indo Pacific Asia means in our world today There are very few scholars who understand the region like Peou Dr W Andy Knight Professor of Political Science the University of Alberta Canada Sorpong Peou's extraordinary breadth of knowledge of both International Relations theory and the key trends in Indo Pacific Asia shines through in this authoritative analysis Dr Richard Stubbs Professor of Political Science McMaster University Canada A pedagogical approach of the textbook that is appreciated is how the author respectfully engages with the theories of IR and is not pushing an agenda of denouncing some theories and trying to persuade the reader of others We live in such polarizing times that it is truly refreshing to read scholarly work that avoids sensationalistic attacks on theories that have been debated for decades Each theory in this manuscript is explored on its own terms and the reader is encouraged to figure out where they stand on these enduring debates in the context of Indo Pacific security The approach will lead to compelling classroom discussions of the theories and the politics of the region This book is a must read for any student or observer of security trends in the region

Dr Mark Williams Chair and Professor of Political Studies Vancouver Island University B C Canada *War and Peace in the Pacific* Institute of Pacific Relations. Conference,1943 **By Warren S. Thompson,... Population and Peace in the Pacific** Warren Simpson Thompson,1946 **Peace in the Pacific** Stephen Leong (Ass. Dir. Gen.),2007 Protecting the Sacred, Creating Peace in Asia-Pacific Chaiwat Satha-Anand,2017-07-05 Using case studies from the Middle East South Asia Southeast Asia and the Pacific Basin this book examines the global trend of violence against religious places and figures The contributors believe attacks on sacred places to be particularly damaging to peace and harmony because of the centrality of religion in many Asian and Pacific countries A diverse range of topics are covered including an empirical exploration of the global trends of violence against sacred spaces attacks against and policies toward holy sites in Israel and the Palestinian Territories the fate of Indian Islamic monuments after India gained independence in 1947 the Christian community s response to the increasing Islamization of Malaysia and the future of communalism in Malaysia Africa and Australia are also referenced in the work Taken together this volume explores the importance of protecting sacred spaces holy symbols and religious people as a crucial element in fostering peace in the world and especially the Asia Pacific region The contributors argue that much of the violence in the world is rooted in politics of religious identity
