Population in South Asia Navin Mishra,2001 **Migration in South Asia** S. Irudaya Rajan,2023-06-28 This open access Regional Reader provides a contemporary look at the emerging challenges and issues facing South Asian migration amidst covid 19 and discusses a framework for a sustainable and cooperative migration from and within the region which will impact both the economic and regional development of South Asia The book draws a focus on this area through an interdisciplinary and holistic lens and follows the three broad areas of migration studies in South Asia Governance and mobility Family health and demography and Forced migration It thereby covers a number of issues from South Asian countries such as Afghanistan Bangladesh Bhutan India Nepal Pakistan and the Maldives This book is a valuable resource for those who want to understand the dynamics of migration from the largest migrant sending region in the world and one which will determine the shape of global migration patterns in the future *Routledge Handbook of South Asian Migrations* Ajaya K. Sahoo,2023-12-07

Routledge Handbook of South Asian Migrations presents cutting edge research on South Asian migrants written from a diverse theoretical and methodological perspective by leading scholars from around the world This book provides a comprehensive understanding of how South Asians negotiate and promote South Asian culture both within and outside the region while undergoing several challenges during the process of migration The Handbook covers many dimensions of South Asian migrations written by leading scholars from across the world including but not limited to sociology history anthropology economics political science geography education psychology literature and cultural studies Divided thematically into five broad sections the chapters critically analyse some of the pertinent issues of South Asian migrations Contextualizing South Asian Migrations Migration Language and Identity Politics of Migration and Development Gender Culture and Migration Migration Diaspora and Transnationalism Addressing these issues from a multidisciplinary multigenerational multiracial and multi ethnic perspective the Routledge Handbook of South Asian Migrations fills a gap in the literature and is an invaluable resource for students and scholars throughout the social sciences and humanities

International Handbook of Migration and Population Distribution Michael J. White,2015-12-11 This Handbook offers a comprehensive collection of essays that cover essential features of geographical mobility from internal migration to international migration to urbanization to the adaptation of migrants in their destinations Part I of the collection introduces the range of theoretical perspectives offered by several social science disciplines while also examining the crucial relationship between internal and international migration Part II takes up methods ranging from how migration data are best collected to contemporary techniques for analyzing such data Part III of the handbook contains summaries of present trends across all world regions Part IV rounds out the volume with several contributions assessing pressing issues in contemporary policy areas The volume s editor Michael J White has spent a career studying the pattern and process of internal and international migration urbanization and population distribution in a wide variety of settings from developing societies to

advanced economies In this Handbook he brings together contributors from all parts of the world gathering in this one volume both geographical and substantive expertise of the first rank The Handbook will be a key reference source for established scholars as well as an invaluable high level introduction to the most relevant topics in the field for emerging scholars Environment, Climate Change and Migration in South Asia Amit Ranjan, Rajesh Kharat, Pallavi Deka, 2023-03-31

Climate change has been fueling migration and according to some policy reports there could more than one billion climate migrants refugees across the world by 2050 In South Asia disasters environmental degradation and climate change are increasing the number of migrants every year In South Asia like other parts of the world migrants and displaced people mainly move within their respective countries but some cross the porous border At most places the migrants and displaced people face hostile situation as they are not welcome by their local host population The chapters in the book highlight the challenges and inadequacies of governments and communities in protecting the environment as well as the disproportionate effect that climate change has on the poor and marginalized groups The book also discusses the gendered experiences of climate related migrations and policy measures which need to be implemented to counter forced displacements and environment degradation along with the legal and institutional resources which could help mitigate climate change and protect climate refugees This book will be of interest to students and researchers of development studies ecology and environment migration sociology law and governance human ecology climate change and economics **Migration,**

Population Structure, And Redistribution Policies Calvin Goldscheider, 2019-03-08 This book analyses the links between migration and the composition structure and geographic distribution of populations It discusses the evolution of population redistribution policies in Brazil and examines internal migration between the 1930s and the 1980s **Migration and**

Development in the South Pacific John Connell, 1990 **Migration, Women and Social Development** Lourdes Arizpe, 2014-08-04 This book presents a selection of major research texts by Prof Dr Lourdes Arizpe Schlosser a Mexican Pioneer in Anthropology A global intellectual leader on culture social development sustainability women s studies and indigenous groups her texts provide both an outlook on the evolution of specific social scientific concepts and historical debates and a long term and meta analytical perspective integrating academic and policy discussions By linking debates from different fields the book helps readers to understand why people and groups make the choices they make and how the principles of social life must change to meet the challenges that new generations face in building social sustainability and effective environmental management in the twenty first century *Migration and Development* Ronald Skeldon, 2014-09-19

The first text that specifically links both international and internal migration with development at a global level The world is divided into a series of functionally integrated development zones which are identified not simply on the basis of their level of development but also through their spatial patterns and historical experience of migration Migration and Development stresses the importance of migration in discussing regional rather than simply country differences These variations in

mobility are placed within the context of a global hierarchy although regional national and local cultural and social conditions are certainly not ignored in this wide ranging work

Rural-Urban Interaction in the Developing World Kenny

Lynch,2004-11-10 Sustaining the rural and urban populations of the developing world has been identified as a key global challenge for the twenty first century Rural Urban Interaction in the Developing World is an introduction to the relationships between rural and urban places in the developing world and shows that not all their aspects are as obvious as migration from country to city There is now a growing realization that rural urban relations are far more complex Using a wealth of student friendly features including boxed case studies discussion questions and annotated guides to further reading this innovative book places rural urban interactions within a broader context thus promoting a clearer understanding of the opportunities as well as the challenges that rural urban interactions represent
