Library Systems Branch, 1975 *EPA-600/5*, 1974-02 **Scarcity and Survival in Central America** William Durham, 1979-06-01 Looking at both population and land tenure dynamics in their historical context this study challenges the view that the 1969 conflict between El Salvador and Honduras was primarily a response to population pressure The author demonstrates that land scarcity a principal cause of the war was largely a product of the concentration of landholdings The analysis focuses on the emigration of 300 000 Salvadoreans to Honduras in the years before the war inquiring into the reasons for the emigration its impact on local agricultural economies and its relation to the conflict Answers to these questions are based on a new interpretation of national statistics and on original survey research in peasant communities The author has used an interdisciplinary approach drawing on the perspectives of anthropology ecology history demography and geography In addition to its value as a case study in human ecology this book gives a clear account of the nature and origins of ecological pressures in rural Central America The book is illustrated with 21 photographs and 7 maps *U.S. Environmental Protection Agency Library System Book Catalog Holdings as of July 1973* United States. Environmental Protection Agency. Library Systems Branch, 1974 *Environment, Capitalism & Socialism*, 1999 Our planet is gripped by twin crises of the most fundamental nature social mass poverty austerity militarism etc and environmental In this document the Democratic Socialist Party argues that they spring from the same cause the capitalist system which places the ruthless pursuit of profit by the few before the needs of the vast majority of humanity *Environment Capitalism and Socialism* provides a comprehensive overview of the environmental crisis the various explanations advanced for it and the responses to it The document argues strongly for the need to build a mass popular movement to fight corporate planet wreckers and create a socialist order in which human beings will be in harmony with their environment Included here as an appendix is editor Dick Nichols thorough critique of so called green taxation often put forward as the answer to the crisis Provided by publisher
