Populism Vs Plutocracy The Universal Struggle:

Populism Vs Plutocracy Willis A. Carto,1996 **Right-Wing Populism in America** Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America Confronting Right Wing Extremism and Terrorism in the USA George Michael,2003-09-02 This study draws upon declassified government documents NGO reports and extremist literature to provide a thought provoking account of the extreme right challenge in America It will provide an invaluable resource to students of terrorism political violence and right wing extremism as well as appealing to the general reader with an interest in contemporary American politics Jacket The Socialist Party of America Jack Ross (Historian),2015 At a time when the word socialist is but one of numerous political epithets that are generally divorced from the historical context of America s political history The Socialist Party of America presents a new mature understanding of America s most important minor political party of the twentieth century From the party s origins in the labor and populist movements at the end of the nineteenth century to its heyday with the charismatic Eugene V Debs and to its persistence through the Depression and the Second World War under the steady leadership of America s conscience Norman Thomas The Socialist Party of America guides readers through the party s twilight ultimate demise and the successor groups that arose following its collapse Based on archival research Jack Ross s study challenges the orthodoxies of both sides of the historiographical debate as well as assumptions about the Socialist Party in historical memory Ross similarly covers the related emergence of neoconservatism and other facets of contemporary American politics and assesses some of the more sensational charges from the right about contemporary liberalism and the radicalism of Barack Obama The White Separatist Movement in the United States Betty A. Dobratz,Stephanie L. Shanks-Meile,2000 The result is a compelling book that chronicles the history ideology and strategies of the white separatist movement **The Barnes Review** ,2005 **The Ruling Elite** Deanna Spingola,2012 The

U S government complicit with the well connected corporations since the so called Civil War continues to wage war and destruction Lincoln s revolutionary war supported by Marx and Engels caused at least 618 222 and perhaps as many as 700 000 deaths including about 50 000 Confederate civilians Soldiers who were fighting dying and killing during that war were in training for future wars If Americans could kill fellow citizens then they would use force against foreign citizens in behalf of the government That war foreshadowed the devastating global warfare that followed with the Spanish American War two World Wars Korea Vietnam the First Gulf War and the current wars in the Middle East They do not include the bombings in the Baltic and elsewhere or the CIA s covert warfare wherein millions of people died In the First World War soldiers killed 9 911 000 people in action and wounded 21 219 500 people while 7 750 000 people were missing in action for a total of 38 880 500 In the Second World War there were over 24 000 000 military deaths and 49 000 000 civilian deaths totaling 73 000 000 deaths not including the number of wounded or missing That is 82 911 000 deaths in two world wars The real question is WHY

Voodoo Histories David Aaronovitch,2010-02-04 Meticulous in its research forensic in its reasoning robust in its argument and often hilarious in its debunking a highly entertaining rumble with the century s major conspiracy theorists and their theories John Lahr National Book Critics Circle Award winning author of Tennessee Williams From an award winning journalist a history so funny so true so scary it s bound to be called a conspiracy Our age is obsessed by the idea of conspiracy We see it everywhere from Pearl Harbor to 9 11 from the assassination of Kennedy to the death of Diana In this age of terrorism we live in the role of conspiracy is a serious one one that can fuel radical or fringe elements to violence For David Aaronovitch there came a time when he started to see a pattern among these inflammatory theories these theories used similarly murky methods with which to insinuate their claims they linked themselves to the supposed conspiracies of the past it happened then so it can happen now they carefully manipulated their evidence to hide its holes they relied on the authority of dubious academic sources Most important they elevated their believers to membership of an elite a group of people able to see beyond lies to a higher reality But why believe something that entails stretching the bounds of probability so far In this entertaining and enlightening book he examines why people believe conspiracy theories and makes an argument for a true skepticism one based on a thorough knowledge of history and a strong dose of common sense

Willis Carto and the American Far Right George Michael,2008 In addition to his role in Youth for Wallace Carto has made other forays into electoral politics including his involvement with the Populist Party in the mid 1980s and his support for the political career of David Duke After the Liberty Lobby was forced to disband in 2001 in the wake of a damaging civil suit he quickly reconstituted the organization as the publisher of the American Free Press

BOOK JACKET

Conspiracies and Conspiracy Theories in American History Christopher R. Fee,Jeffrey B. Webb,2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for

catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society s disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach
