

The Populist Revolt

Populist Revolt

Glenn Feldman

Populist Revolt:

The Populist Revolt John Donald Hicks, 1931 Populist Revolt was first published in 1931 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions When The Populist Revolt was originally published the New York Times critic called it far and away the best account of populism that we have and one not likely to be replaced That prophecy proved right the book has not been replaced and historians and critics agree that it is the definitive work on its subject Now it is made available once more after being out of print for some time This is a history of the Farmers Alliance and the People's Party under whose banners a great crusade for farm relief was waged in the 1880s and 1890s As important as the chronicle of the political movement itself is the detailed picture which Professor Hicks gives of the conditions which set the stage for this agrarian revolt He describes the inequities and malpractices which beset both the new settlers of the West and the poverty ridden whites and Negroes of the South following the Civil War The story of Populism itself is a lively one people with such picturesque leaders as Pitchfork Ben Tillman of South Carolina Sockless Jerry Simpson and Mary Elizabeth Lease the Patrick Henry in petticoats of Kansas Bloody Bridles Waite of Colorado Thomas E Watson of Georgia Dr C W Macune of Texas James B Weaver of Iowa and Ignatius Donnelly of Minnesota In these pages Professor Hicks has as Frederic L Paxson pointed out presented the case for Populism better than the Populists themselves could do it Henry Steele Commager calls the book a thorough scholarly sympathetic and spirited history of the entire Populist movement *The People's Revolt* Gregg Cantrell, 2020-01-01 An engaging and meticulously researched history of Texas Populism and its contributions to modern American liberalism In the years after the Civil War the banks railroads and industrial corporations of Gilded Age America abetted by a corrupt political system concentrated vast wealth in the hands of the few and made poverty the fate of many In response a group of hard pressed farmers and laborers from Texas organized a movement for economic justice called the Texas People's Party the original Populists Arguing that these Texas Populists were among the first to elaborate the set of ideas that would eventually become known as modern liberalism Gregg Cantrell shows how the group broke new ground in reaching out to African Americans and Mexican Americans rethinking traditional gender roles and demanding creative solutions and forceful government intervention to solve economic inequality Although their political movement ultimately failed this volume reveals how the ideas of the Texas People's Party have shaped American political history *Solidarity Blues* Richard Iton, 2003-06-19 A number of arguments have been made to explain the relative weakness of the American Left A preference for individualism the effects of prosperity and the miscalculations of different components of the Left including the labor movement have been cited among other factors as possible explanations for this puzzling aspect of American exceptionalism But these arguments says Richard Iton overlook a crucial factor the powerful influence of race upon American life Iton argues that the failure of the American Left lies in its inability to come to grips with the centrality of race in the

American experience Placing the history of the American Left in an illuminating comparative context he also broadens our definition of the Left to include not just political parties and labor unions but also public policy and popular culture an important source for the kind of cultural consensus needed to sustain broad social and collectivist efforts Iton says In short by exposing the impact of race on the development of the American Left Iton offers a provocative new way of understanding the unique orientation of American politics Bygone Utopias and Farm Protest in the Rural Midwest Daniel

Jaster,2021-04-09 This book explores those who long for bygone utopias times before rapid culturally destructive social change stripped individuals of their perceived agency The case of the wave of foreclosure protests that swept through the rural American Midwest during the 1930s illustrates these themes These actions embodied a utopian understanding of agrarian society that had largely disappeared by the late 19th century hundreds to thousands of people fixed public auctions of foreclosed farms returning owners property and giving them a second chance to save their farm Comparisons to later movements including the National Farmers Organization and the protests surrounding the 1980s Farm Crisis highlight the importance of culturally catastrophic social change occurring at a breakneck pace in fomenting these types of bygone utopian actions These activists and movements should cause scholars to re think what it means to be conservative and how we view conservatism helping us better understand why we re seeing a contemporary resurgence in nationalist and reactionary movements across the globe **Man and Mission** Paul M. Gaston,2012-10-10 In Man and Mission E B Gaston

and the Origins of the Fairhope Single Tax Colony historian Paul Gaston relates his grandfather s 1864 founding of the utopian community of Fairhope Alabama The twenty eight Fairhoppers hoped to realize an equality of opportunity the full reward of individual efforts and the benefits of co operation in matters of general concern at a time when the economic system of the United State was ravaged by monopoly capitalism Using family and public records Man and Mission gives an intimate view of a vibrant moment in the history of Gilded Age America *Roots of Reform* Elizabeth Sanders,1999-08 Offering a revision of the understanding of the rise of the American regulatory state in the late 19th century this book argues that politically mobilised farmers were the driving force behind most of the legislation that increased national control

Resurgent Politics and Educational Progressivism in the New South, North Carolina, 1890-1913 H. Leon Prather,1979 The two major purposes of this study are to describe how a unique mixture of politics and racial attitudes coalesced to involve education and to identify and analyze the major forces associated with and propelling the public school movement between 1902 and 1913 in the South **Populism's Power** Laura Grattan,2016-01-06 Uprisings such as the Tea Party and Occupy Wall Street signal a resurgence of populist politics in America pitting the people against the establishment in a struggle over control of democracy In the wake of its conservative capture during the Nixon and Reagan eras and given its increasing ubiquity as a mainstream buzzword of politicians and pundits democratic theorists and activists have been eager to abandon populism to right wing demagogues and mega media spin doctors Decades of liberal scholarship have

reinforced this shift turning the term populism into a pejorative in academic and public discourse At best they conclude that populism encourages an empty wish to express a unified popular will beyond the mediating institutions of government at worst it has been described as an antidemocratic temperament prone to fomenting backlash against elites and marginalized groups Populism s Power argues that such routine dismissals of populism reinforce liberalism as the end of democracy Yet as long as democracy remains true to its meaning that is rule by the people democratic theorists and activists must be able to give an account of the people as collective actors Without such an account of the people s power democracy s future seems fixed by the institutions of today s neoliberal managerial states and not by the always changing demographics of those who live within and across their borders Laura Grattan looks at how populism cultivates the aspirations of ordinary people to exercise power over their everyday lives and their collective fate In evaluating competing theories of populism she looks at a range of populist moments from cultural phenomena such as the Chevrolet ad campaign for Our Country Our Truck to the music of Leonard Cohen and historical and contemporary populist movements including nineteenth century Populism the Tea Party broad based community organizing and Occupy Wall Street While she ultimately expresses ambivalence about both populism and democracy she reopens the idea that grassroots movements like the insurgent farmers and laborers New Deal agitators and Civil Rights and New Left actors of US history can play a key role in democratizing power and politics in America

The Disfranchisement Myth Glenn Feldman, 2004 This study challenges decades of scholarship on an ever topical but misunderstood impulse behind disfranchisement in America racism Drawing on court documents voting statistics civil rights and labor records and many other sources Feldman shows that the racist appeals of Alabama s white planters industrialists and other conservatives motivated poor whites in far greater numbers and for more complex reasons than received knowledge concedes The seemingly natural allies of blacks poor whites constituted most of the white opposition to disfranchisement says Feldman Yet the number of poor whites who backed the new constitution was greater Ultimately many would be disfranchised by the very measures they had believed were aimed only at blacks In that sense says Feldman poor whites were more parties to their own demise than the mere victims of circumstance

**Authoritarian Power And State Formation In Ba`thist Syria** Raymond A Hinnebusch, 2021-11-28 The social and economic forces that worked together to bring the Ba`thist party to power in 1963 the failure of traditional and liberal leadership an agrarian crisis the development of party ideology the politicization of the army and rural mobilization are examined in this study Dr Hinnebusch aims to show how the Ba`th s road to power shaped its ideology and the character of its rule Attention is then given to the pillars of state power the army political organizations and the peasantry The author concludes that the regime has pursued a dual strategy for maintaining power placing kin and clientelist networks at the levers of coercive power and building structures based on the mass incorporation of the rural population

Decoding **Populist Revolt**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Populist Revolt**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
