Porcupines Politicians And Plato:

Porcupines, Politicans and Plato Dan Kishkan, 2016-03-01 *Schopenhauer's Porcupines* Deborah Anna Luepnitz, 2008-08-04 The classic compilation of psychological case studies from a master clinician and lyrical writer Each generation of therapists can boast of only a few writers like Deborah Luepnitz whose sympathy and wit shine in her fine luminous prose In Schopenhauer s *Porcupines* she recounts five true stories from her practice stories of patients who range from the super rich to the destitute who grapple with panic attacks psychosomatic illness marital despair and sexual recklessness Intimate original and triumphantly funny Schopenhauer s *Porcupines* goes further than any other book in illuminating how talking helps *Peter Porcupine's Works* William Cobbett, 1796 Canadian Book Review Annual , 1995

How to Think Politically James Bernard Murphy, Graeme Garrard, 2019-08-08 A wonderful introduction to history s most influential scribblers Steven Pinker What is truly at stake in politics Nothing less than how we should live as individuals and as communities This book goes beyond the surface headlines the fake news and the hysteria to explore the timeless questions posed and answers offered by a diverse group of the 30 greatest political thinkers who have ever lived Are we political economic or religious animals Should we live in small city states nations or multinational empires What values should politics promote Should wealth be owned privately or in common Do animals also have rights There is no idea too radical for this global assortment of thinkers which includes Confucius Plato Augustine Machiavelli Burke Wollstonecraft Marx Nietzsche Gandhi Qutb Arendt Nussbaum Naess and Rawls In each brief chapter the authors paint a vivid portrait of these often prescient always compelling political thinkers showing how their ideas grew out of their own dramatic lives and times and evolved beyond them Now more than ever we need to be reminded that politics can be a noble inspiring and civilising art And if we want to understand today s political world we need to understand the foundations of politics and its architects This is the perfect guide to both **Porcupine's Works** William Cobbett, 1801 **Porcupine's Works; Containing Various Writings and Selections, Exhibiting a Faithful Picture of the United States of America** William Cobbett, 1801

Platonic Political Art John R. Wallach, 2010-11-01 In this first comprehensive treatment of Plato s political thought in a long time John Wallach offers a critical historicist interpretation of Plato Wallach shows how Plato s theory while a radical critique of the conventional ethical and political practice of his own era can be seen as having the potential for contributing to democratic discourse about ethics and politics today The author argues that Plato articulates and solves his Socratic Problem in his various dialogues in different but potentially complementary ways The book effectively extracts Plato from the straightjacket of Platonism and from the interpretive perspectives of the past fifty years principally those of Karl Popper Leo Strauss Hannah Arendt M I Finley Jacques Derrida and Gregory Vlastos The author s distinctive approach for understanding Plato and he argues for the history of political theory in general can inform contemporary theorizing about democracy opening pathways for criticizing democracy on behalf of virtue justice and democracy itself Canadian Books in Print 2002

Edited by Butler Marian, Marian Butler, 2002-02 Containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced It offers a complete directory of Canadian publishers available listing the names and ISBN prefixes as well as the street e mail and web addresses **Plato and the Body** Coleen P. Zoller, 2018-08-01 Offers an innovative reading of Plato analyzing his metaphysical ethical and political commitments in connection with feminist critiques For centuries it has been the prevailing view that in prioritizing the soul Plato ignores or even abhors the body however in *Plato and the Body* Coleen P Zoller argues that Plato does value the body and the role it plays in philosophical life focusing on Plato's use of Socrates as an exemplar Zoller reveals a more refined conception of the ascetic lifestyle epitomized by Socrates in Plato's *Phaedo* *Symposium* *Phaedrus* *Gorgias* and *Republic* Her interpretation illuminates why those who want to be wise and good have reason to be curious about and love the natural world and the bodies in it and has implications for how we understand Plato's metaphysical and political commitments This book shows the relevance of this broader understanding of Plato for work on a variety of relevant contemporary issues including sexual morality poverty wealth inequality and peace Zoller gives us a new way of going forward in Plato studies Her reading of the Platonic conception of embodiment frees it from the negative associations of the past *Plato and the Body* will radically shift the scholarly conversation The book is truly an exhilarating read Anne Marie Schultz author of *Plato's Socrates as Narrator A Philosophical Muse*
