**The Portable MBA in Management** Allan R. Cohen, 2002-08-12. Insights on management leadership and effective organizations from the experts at the best business schools. Skills and strategies for leading any organization to success, comprehensive, up to date and better than ever. When the speculative bubble burst in 2000, it exposed a weakness in many firms: too much financial engineering and too little leadership and management. I strongly recommend this book to those managers who want to learn how to run well-managed organizations capable of weathering the inevitable turbulence brought about by intensive competition and rapid changes in markets and technology. In one book, highly regarded experts in the field of management provide you with the essential lessons you will need to succeed as a leader and manager.

Michael Beer, Cahners Rabb Professor of Business Administration, Emeritus, Harvard Business School, and author of *The Critical Path to Corporate Renewal*. For managers to be effective in today's complex world, they need to be learners as well as leaders. In this remarkable volume, a world-class collection of professors provides a curriculum for continuous management learning that combines leading-edge theory with practical advice. Every manager, from supervisor to CEO, should keep this book close at hand.

Ron Ashkenas, Managing Partner, Robert H. Schaffer Associates, and coauthor of *The Boundaryless Organization* and *The GE Work Out*. This latest edition of *The Portable MBA in Management* continues a tradition of some of our greatest thinkers and teachers making their work highly accessible. The book will be treasured as a valuable reference as well as a great read.
