Hall, 1996-07-01 Is bisexuality coming out in America Bisexual characters are surfacing on popular television shows and in film Newsweek proclaims that a new sexual identity is emerging But amidst this burgeoning acknowledgment of bisexuality is there an understanding of what it means to be bisexual in a monosexual culture *RePresenting Bisexualities* seeks to answer these questions integrating a recognition of bisexual desire with new theories of gender and sexuality Despite the breakthroughs in gender studies and queer studies of recent years bisexuality has remained largely unexamined Problematic sexual images are usually attributed either to homosexual or heterosexual desire while bisexual readings remain unexplored The essays found in *RePresenting Bisexualities* discuss fluid sexualities through a variety of readings from the fence covering texts from Emily Dickinson to *Nine Inch Nails* Each author contributes to the collection a unique view of sexual fluidity and transgressive desire Taken together these essays provide the most comprehensive bisexual theory reader to date

unique in the way films books television shows colleges and universities and practices of everyday life were enlisted to create American political consensus This coercion fostered a seemingly hegemonic nationally unified perspective devoted to spreading a capitalist socially conservative notion of freedom throughout the world to fight Communism In Turncoats Traitors and Fellow Travelers Culture and Politics of the Early Cold War Arthur Redding traces the historical contours of this manufactured consent by considering the ways in which authors playwrights and directors participated in responded to and resisted the construction of Cold War discourses The book argues that a fugitive resistance to the status quo emerged as writers and activists variously fled into exile went underground or grudgingly accommodated themselves to the new spirit of the times To this end Redding examines work by a wide swath of creators including essayists W E B Du Bois and F O Matthiessen novelists Ralph Ellison Patricia Highsmith Jane Bowles and Paul Bowles playwrights Arthur Miller poets Sylvia Plath and filmmakers Elia Kazan and John Ford The book explores how writers and artists created works that went against mainstream notions of liberty and offered alternatives to the false dichotomy between capitalist freedom and totalitarian tyranny These complex responses and the era they reflect had and continue to have profound effects on American and international cultural and intellectual life as can be seen in the connections Redding makes between past and present
